NO. 197—SEVENTY-SECOND YEAR | VICTORIA, BRITISH COLUMBIA, TUESDAY, JULY 29, 1930 | TWENTY-FOUR PAGES

MACKENZIE KING GOVERNMENT DEFEATED

FIVE MINISTERS GO DOWN TO DEFEAT AS GOVERNMENT FALLS

Hon. Charles Dunning, Father of the Election Budget, Is Beaten in Regina—Hon. Thomas Crerar, Former Progressive Leader, Also Loses—Hon. Lucien Cannon Beaten

Conservatives Invaded Stronghold Of Liberals in Quebec Districts

New Zealand Butter Imports Had Big Influence in Rural Constituencies and Unemployment in Urban Ridings—New Premier Will Form Ministry After Mr. King Resigns

TORONTO, July 28.—The Government of Premier King today went down to defeat. A Conservative administration will reign in its stead. The tide of Conservative victories began early. Nova Scotia constituencies, where the King Government had expected to make gains, failed to respond. New Brunswick began the story of Liberal defeat. When Parliament was dissolved, New Brunswick stood five Liberals and six Conservatives. When today's story was told, the count stood—ten Conservatives and one Liberal, Hon. Peter Veniot, Postmaster-General, had secured a bare victory.

MACMILLAN DEFEATED

In Prince Edward Island, the stand of three Liberals to one Conservative was changed to three Conservatives and one Liberal, and Hon. Cyrus Macmillan, who had deserted the professorship of English at McGill to become Minister of Fisheries, was defeated.

But it was in the Liberal strongbold, Quebec, that Conservatives made the most serious inroads. Here two ministers were defeated and a net gain of nineteen seats was registered for the Conservatives. They stood twenty-four against the Liberal thirty-eight. Among their conquests was the old seat of Hon. J. A. Robb, Mr. Bunning's predecessor as Minister of Finance in the last Parliament. Conservatives held only four Quebec seats out of sixty-five.

Re-elected

C. H. DICKIE

Conservative candidate in Nanaimo, who returned to the Canadian Parliament by an increased majority in yesterday's election.

RELIEF WORK CONTINUES IN SOUTH ITALY

Search for Victims Is Carried on Unceasingly Under Blistering Sun

KING VICTOR AIDS IN STRICKEN AREAS

Official Figures of Earthquake's Toll Now Nearly 2,000

By WILLIAM P. STONEMAN
(Copyright, 1930, by The Chicago Daily News Foreign Service)

VILLANOVA, Italy, July 28.—Ill in fifth stricken bed of the frightful heat, of poverty, and of suffering in past disasters the people of Southern Italy today are fighting the aftermath of the worst earthquake in their memory. The hysteria which gripped them during the first few days is gone and in its place there is grim fortitude and determination to start life anew. Most of them plan to continue living in those same towns which crumbled over their heads last Wednesday morning.

Deaths here, Melfi — near the centre of the "ruins," earthquake—and in most other towns in the stricken district, cannot be reckoned with any accuracy, and the task of removing bodies from unmarked graves has really not been more than begun, which leads many to observe

THE WEATHER

Victoria and Vicinity—Light to moderate winds, generally fair and not much change in temperature.

Sun Rises, 4:44 o'clock.
Sun Sets, 7:53 o'clock.

Low Tide: 11:36 a.m., 1.1 ft.
High Tide: 7:11 p.m., 8.0 ft.

Convict Tells of Plight in Message Written on Logs

BANGOR, Maine, July 28.—Russian writing on pulpwood logs, translated by a member of the Danish steamer Dannberg, bound from Archangel, Russia, says convicts loaded the ship and that conditions there are "fearful."

A sailor, Paul Alwood, said yesterday the translation had been made by him. Part of the message read that the writer was "one of many convicts engaged in loading the ship. Conditions undefined and miserable conditions." It continued.

DOMINION HAS TAKEN COURAGE SAYS PREMIER

Congratulates D. B. Plunkett on Splendid Victory in Victoria Riding

BRITISH COLUMBIA TO PROFIT BY TURNOVER

Speaking in appreciation of D. B. Plunkett's success, Premier Tolmie received a great ovation at the rally of the Victoria Conservative Association yesterday evening.

"I am sure we are all very delighted. We have buried Mr. Dunning and his famous budget," said the Premier. "I must pay a tribute to Mr. Turnbull for eliminating his opponent. At one time it was impossible for more than two or three Conservatives to get a seat in Saskatchewan, and Mr. Turnbull did remarkably well in defeating Mr. Dunning," said Hon. Dr. Tolmie.

"We also notice that Mr. Crerar has gone by the board, and many others. We have not done so well in British Columbia, particularly in Vancouver. However, I suppose, these are parts of life ups and downs that go with public life. We have no need to feel discouraged so long as we have Mr. Bennett, and in doing that we have achieved the very best thing that could have been done for this country," continued the Premier to warm applause.

TRIBUTE TO MEMBER-ELECT

"I want to congratulate Mr. Plunkett from the bottom of my heart for the wonderful victory he has won here. He has rejected a personal experience of mine. In

Fatalities In Ontario New Record

TORONTO, July 28.—With a fatality list of twenty-three reported late last night, a new high record for week-end deaths throughout Ontario has been established. Motor crashes, drownings, boating and other mishaps combined to set the mark.

A scorching sun aided by unusually high humidity drove city people from their homes, and in all parts of the province highways were continually jammed with pleasure-bound folks seeking relief.

Lake and river resorts were crowded Saturday and Sunday with those choosing the water as a means of escape from Old Sol, who blazed down with such intensity thermometers recorded new high temperatures for the Summer in many parts.

Men, women and children, ranging in age from two years to eighty-one, were among the victims. Ten were drowned, three of them losing their lives when an automobile in which they were riding plunged off a dock. Motor car accidents claimed four lives, while the heat accounted for two.

THREE CHILDREN DIE

Three children in different parts of the province were victims of peculiar accidents. A two-year-old London girl died as the result of being attacked by a dog, while another young girl fell into a river and was drowned. A Toronto boy was fatally burned when, after pouring a large container of gasoline, he struck a match to see how much of the can was empty. It wasn't.

A large barn collapsed at Port Arthur on top of two workmen, both were killed. Another victim apparently lay down on the railway tracks to sleep and was killed when run over by a train.

In addition to the high fatality list scores of people were severely injured in auto crashes and it is expected the death record will mount higher.

FIRE AT OIL WELL IN TEXAS THREATENS TOWN

REFUGIO, Texas, July 28.—A roaring jet of flame leaping into the sky from the Houston Oil Company's wild gusser No. 1 Stewart today had driven 200 residents from threatened homes and was defying efforts of workmen to extinguish it. The parched oil field settlement of frame buildings, handicapped by drought, was in imminent peril of destruction

Conservative Chief Leads Party to Victory

HON. R. B. BENNETT, P.C., K.C.

Liberals Win Three Seats In Vancouver City Area; And Lose East Kootenay

VANCOUVER, July 28.—With results indicating the outcome in twelve of British Columbia's fourteen ridings, the Liberals have elected four members, all gains from the Conservatives. The Conservatives have won five seats formerly held by them and gained East Kootenay. Comox-Alberni has again elected A. W. Neill, Independent, and Labor gained one seat, Vancouver South, from the Conservatives.

The ridings in which results are known are:

Liberal—Vancouver Centre, Hon. Ian Mackenzie; Vancouver Burrard, W. F. Hanbury; Westminster, Hon. Thomas Reid; Vancouver North, A. E. Munn.

Conservative — Victoria, D. B. Plunkett; Nanaimo, C. H. Dickie; Yale, Orote Starling; Kootenay West, W. K. Esling; Kootenay East, W. D. McLean; Fraser Valley, H. J. Bacher.

Independent—A. W. Neill, Comox-Alberni, and Labor, Angus MacInnes, Vancouver South.

The ridings which are still doubtful are Cariboo and Kootenay.

SECTARIAN RIOT IN LIVERPOOL RENEWED

Quarrel Between Protestants and Roman Catholics Again Breaks Out

LIVERPOOL, England, July 28.—A new outbreak in the sectarian quarrel between Protestants and Catholics here occurred tonight after police had quelled fighting at the law courts this morning.

A crowd in the Netherfield Road section broke many windows. The police dispersed the crowd, arresting three persons. Three women had been taken before the magistrate this morning, charged with disorderly conduct, and will be heard tomorrow.

The trouble at the courts arose over the arrest of several other persons in connection with the fighting last night between rival adherents of the two faiths, after it had been decreed that Dr. Richard Downey, Roman Catholic, Archbishop of Liverpool, would visit a new Presbyery near Netherfield Road.

MEETING WITH MAHATMA SAID TO BE FAILURE

Indian Congress Volunteers Increase Intensity of Picketing Campaign

DIPLOMATIC EFFORTS ARE BEING CONTINUED

BOMBAY, India, July 28.—While diplomatic efforts continued among Nationalist leaders today to end the campaign of civil disobedience, more than 700 men and women began the severest campaign of picketing yet undertaken here.

Seven hundred Congress volunteers alternated all day long in four-hour shifts before all shops dealing in foreign cloth, frightening away most of the customers and seriously crippling business.

At the same time the Peace Mission of Sir Tej Bahadur Sapru and Mr. Jayakar, which last week visited Mahatma Gandhi in his prison quarters at Poona, finished up a week-end of conference in the Naini jail with Pandit Motalil Nehru and Jawaharlal Nehru, and returned to the Yeroda Jail with a letter from the Nehrus to Gandhi.

Political observers of the Gandhi campaign and its more recent

Defeated

HON. H. H. STEVENS

Member of Parliament for Vancouver years, who was beaten by Hon. Ian Mackenzie.

COMPULSORY EDUCATION IS STARTED IN RUSSIA

MOSCOW, July 28.—Beginning of compulsory education of all children between the ages of eight and fifteen will be enforced throughout the Soviet Union, it was learned. This means, the government hopes by 1933 to exterminate illiteracy among the Soviet's 150,000,000 population.

Sixty thousand additional teachers will be required, to which end the government has announced that new pedagogical training schools will be established. A large number of new education institutions will be built and churches, monasteries and houses confiscated from the kulaks or rich peasants will be converted into schools

Standing of Parties Shows Conservative Lead Over All

At 2 a.m. today the standing of the parties was:

	Lib.	Con.	U.F.	L.-Prog.	Lab.	Ind.	D'ful.	Seats.

D.B. Plunkett and C.H. Dickie Have Large Majorities

Victoria Gives Conservative Candidate Majority of 2,210, While Nanaimo Defeats O'Halloran by Over 3,000—Tom Graham Fails to Win Comox-Alberni From A. W. Neill

Official Recount of City Ballots Today

D. B. PLUNKETT won a magnificent victory over his Liberal opponent, Stuart Henderson, with a margin of approximately 2,200. In Nanaimo constituency, with a few polls still to hear from, C. H. Dickie rolled up a majority of over three thousand. In Comox-Alberni A. W. Neill, Independent, retained his seat with a handsome majority over Tom Graham, Conservative.

From the time that the first box reported in Victoria city it was evident that Mr. Plunkett would win. He obtained a lead in all but sixteen boxes out of eighty-five. Mr. Henderson also obtained a slight lead in the advanced poll.

Early today the standing of the Nanaimo riding, with twenty polls to hear from, was C. H. Dickie (Conservative, Union); C. H. O'Halloran, Liberal, 7,429.

STRONG IN SOUTH

The Nanaimo candidate's strength lay in the polls from Duncan south, including Saanich, Oak Bay, Esquimalt and the Islands, while Mr. O'Halloran obtained a lead at Nanaimo City of several hundred and a further margin of 222 in Ladysmith and vicinity. These leads, however, were insufficient to overcome the tremendous lead that the Conservative candidate rolled up in the other parts of the riding.

With twelve polls remaining to report, the figures for Comox-Alberni early this morning were: Thomas Graham, Conservative, 2,500; A. W. Neill, Independent, 3,460.

BIG VOTE CAST

In the neighborhood of fourteen thousand votes were cast in the Victoria riding, late reports to Returning Officer H. E. A. Courtney showed. D. B. Plunkett polled 7,604 votes, Stuart Henderson, 5,814 votes, and an indeterminate balance believed to be in the neighborhood of a hundred ballots were reported spoiled. The official count will start Tuesday morning at 10 o'clock at Room 224, Provincial Public Building.

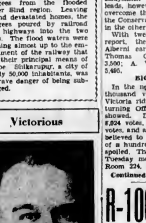
Thousands Forced To Abandon Homes When Indus Floods

KARACHI, India, July 28.—The swollen waters of the great Indus River and its tributaries tonight drove to safety here and Rukkis, 75,000 refugees from the flooded Upper Sind region. Leaving behind devastated homes, the refugees poured by railroads and highways into the two cities. The flood waters were washing almost up to the embankment of the railway that was their principal means of escape. Sukkur, a city of nearly 50,000 inhabitants, was in grave danger of being submerged.

Victorious



D. B. PLUNKETT

Who was re-elected yesterday in the Victoria riding by a handsome majority, defeating Stuart Henderson, Liberal candidate, by more than 1,800 votes.

Backbone of Italy Broke With Quake

POMPEII, Italy, July 28.—Father O. E. Alfano, director of the Pompeii Observatory, today said in an interview, that last Wednesday's earthquake "broke the backbone of Italy."

The Apennine Mountains were cracked open, he said, adding that guides would soon find a fissure in the mountain chain perhaps 100 kilometers long and more than a metre wide.

The earthquake was of cryptonical nature," said Father Alfano. He cause he indicated, was directly linked with the formation of the mountains. "It can be described as the cause which has produced the spring of Apennine Chain, beginning in the tertiary age and continuing today."

"The raising is slow, but there is enormous pressure on the rocks below itself. When this passed beyond the limit of the elasticity of the masses of earth and rock it produces a fracture. Then the rapid diminution of pressure produces the earthquake vibrations."

END EIGHT DAYS IN AIR

ST. LOUIS, July 28.—On the last day in which they will be able to fly out of sight of official observers, Forest O'Brine and Dale Jackson spent most of their time over Lambert-St. Louis Field today in their endurance monoplane, Greatly St. Louis.

The autograph installed in the plane was made to last only eight days. The flyers, if all goes well, will end their eighth day in the air at 7:11 a.m. tomorrow and thereafter must fly over the field, always within sight of an observer.

Jackson and O'Brine had been aloft 181 hours at 4:11 o'clock tonight.

MEMBER-ELECT GIVES THANKS FOR VICTORY

Is Grateful for Renewal of Confidence in His Services

CANADA IS ASSURED SOUND GOVERNMENT

Cheered until the walls of the Chamber of Commerce auditorium reverberated to the sound, D. B. Plunkett, Conservative member-elect in the new government, to be sworn in at Ottawa by Hon. R. B. Bennett, gave thanks to a crowded meeting held by the Victoria Conservative Association last evening.

"I have tried to do my best for the city of Victoria," said Mr. Plunkett, when the cheering had subsided. "I am delighted tonight to know that what I consider the better principle of government, the Conservative principle, is going to guide the destinies of Canada.

"There is no doubt that Hon. R. B. Bennett will be our next Prime Minister," continued Mr. Plunkett to prolonged applause. "His policy

THREE BANDITS SHOT AFTER BANK HOLDUP

GLEN CROSS, S.D., July 28.—Two men were shot and instantly killed and another fatally wounded as they attempted to escape after robbing the Glen Cross State Bank here of approximately $13,000 about noon today.

R-100 STARTS OCEAN FLIGHT TO MONTREAL

Giant British Dirigible Soars Westward on Journey Over Atlantic

IS EXPECTED TO LAND NEXT FRIDAY MORNING

Will Follow Great Circle Route in Effort for Air Supremacy

CARDINGTON, England, July 29—The British dirigible R-100, en route from Cardington to Montreal, soared over this base here this morning that at 2 a.m., Greenwich time, she was passing over Chester. At Chester the R-100 was sixteen miles southeast of Liverpool and barely miles from the Irish Sea.

CARDINGTON, England, July 29—Britain's great rival of the air, the R-100 making the first transatlantic flight by a British dirigible in seven years, soared away from her mooring mast here at 2:45 a.m. (8.45 p.m. Monday E.S.T.) today bound for Canada.

A crowd that had eagerly watched the preparations for hours gave loud cheers to the departing giant, Britain's hope for flying supremacy.

The start was uneventful. The engines were set running soon after 3 a.m. and twenty minutes later the starting time approached.

HEADED WESTWARD

As the big ship cut loose from her mooring mast, a gentle strong wind was blowing. Everything went smoothly and it soared rapidly and headed off for Liverpool and the Irish Sea.

According to schedule, the R-100 should reach Mr. Hubert Pilot, Montreal, some time early Friday morning.

Her course was left to the discretion of her commander, Beaudron Leader B. Booth. He will probably take the Northern Great Circle course passing north of Ireland to

Five Ministers Go Down To Defeat as Gov't Falls

Continued from Page 1

Other Liberal leaders defeated included

Hon. Charles Dunning, Minister of Finance and author of the May Day budget, so central a feature in the election; Hon. T. A. Crerar, Minister of Railways and former Progressive leader; Hon. Lucien Cannon, Solicitor-General; Hon. Cyrus Macmillan, Minister of Publicities, and Hon. W. F. Kay, minister without portfolio.

RETURNS NOT COMPLETE

Returns from Western constituencies are still incomplete but Conservatives already record four gains in Manitoba, three in Saskatchewan and three in Alberta.

Among Conservatives elected in Quebec are Arthur Sauve, formerly Conservative leader in the Quebec Assembly, and Armand Lavergne.

Hon. H. H. Stevens, who made the charges which led to the Customs investigation of 1926, was defeated in Vancouver Centre.

ONLY WOMAN MEMBER

Miss Agnes Macphail was again elected. She seems likely, for a fourth time, to be Canada's only woman member of the House of Commons.

The Government of Premier King goes down (except for a short interruption in 1926) after nine years of power. Mr. Mackenzie King first became Prime Minister in 1921 on the defeat of the Meighen Government.

After four years he appealed to the country, which resulted in the famous stalemate Parliament of 1925, the resignation of Mr. King following his difficulties with Lord Byng over dissolution; the formation of the Meighen "Shadow Government" and the subsequent defeat of Mr. Meighen in the general election of 1926.

LIBERAL PLATFORM

In the present campaign Mr. King submitted as his three principal issues:

1. The Dunning budget, with its British preference provisions.
2. The Government's record.
3. Representation at the Imperial Conference.

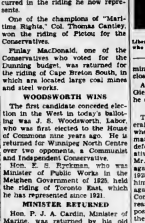
Conservatives stressed unemployment, with more adequate tariff protection. Representation and unemployment Mr. Bennett promised a special session of Parliament. He took the ground that Empire tariff preferences should be reciprocal.

QUEBEC CAMPAIGN

In the rural districts especially in Quebec, attack was directed against

GROTE STIRLING
Conservative Member in Yale Constituency.

SUSTAINED



C. H. O'BALLORAN
Liberal standard-bearer in Hamilton constituency.

DEFEATED

to find a prevention for "trench feet" and mustard gas.

CARRICK DEFEATED

J. J. Carrick, who contested Port Arthur and Thunder Bay as a Liberal, defeated Lieut.-Colonel D. J. Cowan, Conservative, the sitting member. Mr. Carrick is a former Conservative member of Parliament, having been elected for the riding of Thunder Bay-Rainy River in 1911. He switched his political colors this election to support the British preference policy of the Liberals. His son, Don Carrick, is a former amateur golf champion of Canada and a well-known athlete.

The city of Hamilton returned two Conservatives in Col. G. Rennie and C. W. Bell, both of whom represented the city in the last Parliament.

Hon. W. F. Euler, Minister of National Revenue, retained his seat in North Waterloo. He was the first Liberal to be declared elected in Ontario and defeated K. Hossuth, former member of the Ontario Legislature. Mr. Euler has represented North Waterloo since 1917.

CRERAR DEFEATED

Defeat of Hon. T. A. Crerar, Minister of Railways and Canals, was conceded in Brandon constituency. Victory went to D. W. Kennedy, Conservative. In a three-cornered fight with Miss Beatrice Brigden, Labor, the third candidate, Mr. Crerar was elected by acclamation in Brandon last year when he was named to his cabinet portfolio.

Hon. Robert Rogers, prominent Conservative veteran, marked up the seventh Conservative gain in Manitoba tonight, when his election was conceded in Winnipeg South. He defeated J. S. McDiarmid, who represented the constituency in the last assembly.

Mr. Rogers was Minister of the Interior in the Cabinet of Sir Robert Borden in 1911. Previously he had been Minister of Public Works in the Manitoba Government of Hon R P Roblin, which ruled from 1900 to 1915.

STEWART ELECTED

Hon. Charles Stewart, Minister of the Interior in the King Cabinet, was returned to the House of Commons in his constituency of Edmonton West, after a bitter struggle with the Conservative opponent, Col F. C. Jamieson. A close race right up to the last poll finally brought victory to Mr Stewart when his opponent conceded the election at a late hour tonight. One hundred and forty-three polls out of 146 give Stewart, Liberal, 8,355; Jamieson, Conservative, 8,184.

Hon. Peter Veniot, Postmaster-General and former Premier of New Brunswick, was elected from Gloucester.

The first member of the King ministry to be reported defeated was Hon. W. F. Kay, from Bromemissaquoi. He was taken in as minister without portfolio after the close of the last Parliament.

A McGillite, Conservative, wrested Chicoutimi from the Liberals when he defeated J. C. Hunt, Liberal.

LIBERAL GAIN

The first seat gained by the Liberals in Ontario was Cobalt-Cochrane, where W. H. Moore, former chairman of the Tariff Advisory Board, defeated Dr. Kaiser, the Conservative member of the last Parliament. Mr. Moore contested the riding against Dr. Kaiser unsuccessfully in 1928. He will now be able to defend himself in the House of Commons against attacks leveled at him by Conservative speakers. This was the reason he gave for resigning his post on the Tariff Board to contest the seat.

In South Temiskaming the election of W. A. Gordon, Conservative is conceded. Conservative gain from Liberal.

J. S. Thorson, former dean of the Manitoba Law School, failed to gain re-election in Winnipeg South Centre. He lost to W. W. Kennedy, barrister and former news writer.

DUNNING DEFEATED

Frank W. Turnbull, prominent Regina barrister and Conservative standard bearer, defeated Finance Minister C. A. Dunning by a substantial majority.

TOMMY CHURCH BEATEN

Tom Church has at last elected a Liberal to the House of Commons. Samuel Factor won Toronto West Centre by a narrow margin over the veteran political warrior, Tommy Church. The seat was held in the last House by H. C. Hocken, who made way for Mr. Church this time, after "Tommy" had lost the nomination in his old constituency of Toronto Northeast to John R. MacNicol.

Mr. Church was one of the best-known members of the House of Commons and was considered almost unbeatable in Toronto. He was seven times Mayor of the city, and in the last two elections won the Northwest riding by majorities running up to 5,000. His entry into the contest in Toronto West Centre followed a sharp dispute in local Conservative ranks.

DEFEATED

LEON J. LADNER
Candidate for Vancouver South.

competition from New Zealand butter imports under "the trade treaty." In rural Quebec, New Zealand butter was probably a deciding factor in the contest.

The first duty of Mr. Bennett on accepting office will be to form his Government.

The first gain registered by any party was that of R. F. Smith, Conservative, who captured Victoria-Carleton in New Brunswick, from A. R. Foster, Liberal.

The first member of the King Government to be returned to Parliament was Hon. J. H. Ralston, Minister of National Defence. He was elected in the Nova Scotia riding of Shelburne-Yarmouth, the same constituency he represented in the last Parliament, having been elected by acclamation at the by-election in November, 1929.

"SHADOW GOVT" MEMBER

Hon. W. A. Buck, Conservative, Halifax, whose election was conceded early in the evening, is a former member of the "Shadow Government of Mr. Hon. Arthur Meighen. In the Maritimes he long has been known as the champion of Maritime rights. He was elected first for one of the Halifax seats at a by-election in 1921, and has held his seat in the Commons since. He was Minister of Railways and Canals in the 1925 Conservative cabinet.

Another of the "Shadow Government" to be elected in the Maritimes is Hon. C. H. Dickie, who held the riding of Royal. He was elected to Parliament first in 1921 and has held the seat ever since. He was appointed Minister of Labor in the 1926 ministry of Rt. Hon. Arthur Meighen.

DUFF RE-ELECTED

One of the stormy petrels of Parliament, William Duff, Liberal, successfully contested the riding of Antigonish-Guysboro in Nova Scotia. He formerly represented the riding of Queens-Lunenburg, and was elected from there first in 1917. He was re-elected again in 1921 and in 1925, but was defeated 1926. At the close of the 1926 session he was chosen Deputy Speaker of the House of Commons. Mr. Duff made a comeback in 1926 when a vacancy occurred in the riding he now represents.

One of the champions of "Maritime Rights," Col. Thomas Cantley, won the riding of Pictou for the Conservatives.

Finlay MacDonald, one of the Conservatives who voted for the Dunning budget, was returned for the riding of Cape Breton South, in which are located large coal mines and steel works.

WOODSWORTH WINS

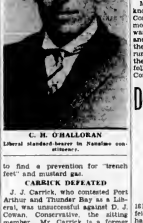
The first candidate conceded election in the West in today's balloting was J. S. Woodsworth, Labor, who was first elected to the House of Commons nine years ago. He is returned for Winnipeg North Centre over two opponents, a Communist and Independent Conservative.

Hon. E. J. Fyshe, who was Minister of Public Works in the Meighen Government of 1926, held the riding of Toronto East, which he has represented since 1921.

MINISTER RETURNED

Hon. P. J. A. Cardin, Minister of Marine, was returned by his old riding of Richelieu, which he has represented since 1912. His was the first election recorded from the Province of Quebec.

Brigadier-General A. E. Ross, Conservative, was re-elected in Kingston City. He was elected first in 1911, and eight years afterwards was sworn in as Minister of Militia. He had a brilliant record overseas in the Medical Corps and was the first



C. H. O'BALLORAN
Liberal standard-bearer in Hamilton constituency.

ELECTED

A. E. MUNN
Liberal candidate in North Vancouver, who defeated General A. D. McRae, Conservative.

MEETING WITH MAHATMA SAID TO BE FAILURE

Continued from Page 1

peaceful turn today were of the opinion that the Sapru-Jayakar negotiations would come to naught. These observers insisted that Jayakar himself was the stumbling block. that Mahatma Gandhi neither likes nor trusts politically the man whom Sapru chose as his fellow statesman in the present negotiations.

Acquaintances here of Mahatma Gandhi declared that Gandhi considered he had been "double crossed" some years ago when Jayakar was leader of the Swaraj (Independents) party in the Bombay council. Jayakar later returned from the Congress in a huff. The politically wise furthermore insisted today that the Nehrus had not enough regard for Jayakar to give him their full confidence. the definition which they made being that Sapru, head of the Peace Mission, would eliminate his colleagues and start all over again alone to bring about a settlement of the disturbed Congress situation in time for the best results to be had in the forthcoming round-table conference.

R-100 STARTS OCEAN FLIGHT TO MONTREAL

Continued from Page 1

a point south of Cape Farewell, Newfound, emerging Labrador and following the St. Lawrence River to St. Hubert Field.

As the R-100 disappeared into the late western sky, a small red tail light, the only one visible, indicated her course was northward.

HAS THIRTY-SIX ABOARD

Her four officers and thirty-two men, who had remained aboard ship most of the evening, got out between 2 a.m and 3 a.m. for the last smokes they will enjoy until they land in the Western World.

Close guard was maintained against sideways. A stowaway succeeded in making the voyage on board the R-34 in 1919, last previous British dirigible to cross the Atlantic.

Everyone connected with the flight was confident of the fine airship's powers. Officers and crew were in the highest spirits.

MEMBER-ELECT GIVES THANKS FOR VICTORY

Continued from Page 1

of government has been accepted by almost every province in the Dominion of his policies, and what he will do for Canada is but the slightest doubt.

RETURNS THANKS

"While I am delighted to receive the continued confidence of this people of Victoria, I would rather have gone down to a personal defeat than to have seen Mr. Bennett rejected, but it is certain that he has been returned, and I can only feel grateful to those who supported Mr. Bennett so loyally through him myself. I do not think any candidate could have better evidence of support, and I am deeply grateful.

"It is with a feeling of regret that I learned that we lost some seats in the West, particularly that of H. H. Stevens. The defeat of Mr. Stevens is a sad loss to the public life of Canada, but I do not think he is lost to us, for I think that some way will be found to make use of his services.

"Trouble, when victory for the Conservative principles is assured, we are going to start with a new government, a Canadian government. It will be a government without a backbone, and one that believes in the future of this country, and does not propose to be dictated to by any foreign nation.

"What is needed for the good government of any country is leadership, sound politics, and a majority in the House sufficient to carry out those policies. Tonight we may rest assured we have all three essentials for the best of government," continued Mr. Plunkett to applause.

PUBLIC OPINION TURNED

"I suppose now that the Conservatives, from the returns to this moment, have 118 and a majority. Mr. Mackenzie King will wait to poll the House to see who is to form the Government. But public opinion has turned against his administration and its floodtide has overwhelmed them, as it should have done four years ago," concluded the Conservative member-elect, to thunderous applause.

Mr. Bennett spoke immediately afterwards over the radio station, CFCT, thanking his supporters and assuring all citizens that he would endeavor to forward the interests of all sections of the community, irrespective of party or racial affiliations. Insistent demands from the crowd in front of his home followed and the Conservative member-elect addressed a few words from the balconies of The Colonist, where overflowing meeting allowed his victory to have been an extremely popular one.

ADDS NEW SCALP

At the Chamber of Commerce rooms, when the Conservative candidate returned, Reginald Hayward, M.P.P., caused a roar of laughter when he presented Mr. Plunkett with a huge property head as an Indian chieftain, which he announced to be another Liberal scalp lifted by Mr. Plunkett during the public life.

DOMINION HAS TAKEN COURAGE SAYS PREMIER

Continued from Page 1

1617, and I do feels anything like I feel then, I am sure he is very happy. I am quite sure he is very elates the loyal support of all those parts of Canada which Conservative policies are the right policies for Canada.

"We can now face the future with the hope and the courage, and it will not be long before we see Canada in a better state than ever. So far as British Columbia is concerned, we will be in a position to work and co-operate with Ottawa, for the benefit of British Columbia, and the Dominion as a whole," concluded Mr. Tolmie, to prolonged applause.

BENEFITS B.C.

Enlarging on the effect that the change in the National Government would be likely to have on British Columbia, Hon. Dr. Tolmie told The Colonist later that the result of the general election would be of the greatest benefit to the province.

"The effect on British Columbia will be excellent, inasmuch as we will have a government at Ottawa that will co-operate with us, a government whose interests and wishes will be akin. It will be a government that believes in reasonable protection; that believes in the principle of old age pensions; that has a definite plan for a Canadian Highway; and many other important things which will now go forward.

"It will be a government at Ottawa that has a direct plan for settling the unemployment, and one that proposes to build up the trade of our country in the proper way. As far as British Columbia is concerned, I am sure the people that the Government of this province will be glad to give its heartiest co-operation to these measures which the new Government will bring about for the relaxation of Canadian welfare in a very practical way," said Premier Tolmie, in conclusion.

BANFF PARK MOUNTAINS

The mountains of Banff National Park, in the Province of Alberta, owe their picturesque outlines to the line of division in the neighborhood of Castle Mountain. To the east the ranges rise one behind the other in parallel lines, sloping gently up on the east and breaking sharply off at the crest of the range like the waves of a sea. They are formed for the most part of rugged grey limestone, the strata being sharply inclined or even turned almost on end. West of Castle station the rock has been lifted straight in the air so that the strata lie horizontally. Here the mountains take more massive, black-like forms with pyramidal or dome-shaped heads.

New tempting flavor for all your Salads . . .

YOU'LL like this new delightful Kraft mayonnaise Salad Dressing.

You'll like its velvety texture . . . creamy smoothness . . . and the tangy, tempting flavor that is a result of purest ingredients blended in exactly the right proportions.

You'll be glad to know, too, that this new Salad Dressing will keep for months. A special, carefully guarded mixing process makes separation impossible. You can use every jar right down to the last tasty teaspoonful.

Get this new Kraft mayonnaise Salad Dressing at your grocers. 25 cents for a large 19-ounce jar. Less than one-half the price you have been paying for similar, though not as good nor as tasty salad dressings.

Try some to-day.

COMMUNISTS CLASH WITH FASCISTS IN GERMAN OUTBREAKS

BERLIN, July 28.—Berlin jails have more than 100 additional population today, the result of Communist-Fascist clashes which have become almost a standing event for many Sundays.

A policeman was stabbed and beaten in one of the numerous fights between the two groups yesterday. Police reinforcements broke up the trouble, arresting six male Communists and two women.

At Chemnitz, in Saxony, Communists broke up a meeting of Fascists. Some fired shots through the windows, while others dashed through the doors, where chairs and beer steins were hurled as ammunition.

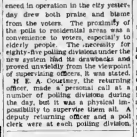
NEW POLLING SYSTEM TRIED OUT YESTERDAY

Some Crippled Patients at Hospitals Disappointed When Left Unpolled

LARGE VOTE IS CAST

The new polling system as experimented in operation in the city yesterday drew both praise and blame from the voters. The proximity of the polls to residential areas was a convenience to voters, especially to elderly people. The necessity for eighty-five polling divisions under the new system libd the drawbacks and proved unwieldly from the viewpoint of supervising officers, it was stated.

H. E. A. Courtney, the returning officer, made a personal call at a number of polling divisions during the day, but it was a physical impossibility to supervise them all. A deputy returning officer and a poll clerk were at each polling division,



GENERAL A. D. McRAE
Conservative candidate in North Vancouver and Federal Conservative organizer

together with scrutineers for each candidate.

LARGE VOTE CAST

The ballot boxes were sealed and delivered to the returning officer after the polls were at the polls had closed. In all over thirteen thousand voted, or about 60 per cent of the voters' list in Victoria of approximately twenty-two thousand.

Disappointment was shown at the Jubilee and St. Joseph's Hospitals where special arrangements had been made to poll the resident nursing and executive staffs, and also patients at these institutions. All patients who could walk or be moved were taken down to the hospital polling booths, and their votes recorded, but those patients who were not well enough to be moved were denied the privilege. It had been expected that the ballot box would be taken from ward to ward under proper safeguards, so that all voters might be recorded, but authority to do this was denied at Ottawa.

EXCITEMENT RAN HIGH

With majorities nearing a thousand votes for each of the Conservative candidates in the Victoria and Nanaimo ridings before 7.15 p.m., the crowd on the streets went wild, cheering newspaper and down Broad Street, in waves, as the progress counts flashed the standing of the respective candidates to thousands crowding around the bulletin boards of The Colonist.

Forty-six of the eighty-five polls in Victoria demonstrated that Mr. Plunkett's early lead was increasing a great roar of welcome greeted this announcement when it reached the street. And so the totals mounted, keeping the crowd at fever heat of excitement until the final returns were known, showing a majority of 1,210 for the Conservative member-elect.

CROWDS AT BULLETINS

As early as 2 o'clock yesterday afternoon crowds began assembling at the bulletin boards, as returns from Eastern Canada began to come in. As the afternoon drew on, the crowds increased, and each fresh bulletin was greeted with cheers. A tremendous cheer went up when a 6 o'clock bulletin showed the standing of all parties at that time from partial returns received to be: Conservatives, 35; Liberals, 5; Labor 3; Independents, 2. Before the evening was over this record was to read Conservatives, 136; Liberals, 9; United Farmers, 9; Progressives, 2; Liberal-Progressives, 2; Labor 3; Independents, 2, with twenty-six more seats to be heard from.

When the polls closed in British Columbia, an Pacific standard time at 6 o'clock, bulletin results came thick and fast, and cheer followed cheer as mounting figures established an early lead for D. B. Plunkett, in the Victoria riding, and C. H. Dickie, in Nanaimo.

In the Nanaimo riding C. H. Dickie was doubling fast on C. H. O'Halloran, the first twelve polls giving 1,710 for Mr. Dickie and 708 for Mr. O'Halloran. In a few moments three returns were received with a later count for additional polls which showed the Conservative candidate gaining steadily, to win his seat.

The official count will begin at 10 o'clock this morning, at Room 216 Pemberton Building, under Mr. Courtney, assisted by deputies.

BEATEN

Rancher Earl Will Sell Heirlooms as Well as Big Castle

LONDON, July 28. — Frederick George Trevelyan, the rancher Earl of Egmont, has decided to sell not only Avon Castle, in Hants, the ancestral seat of the Earls of Egmont, but also the heirlooms, silver and pictures, which go with the estate. The reason for the prospective sale lies in the large death duties levied on the estate of his kinsman, the ninth earl, and the duties, which his own estate must eventually bear, stated Lord Egmont, in explanation.

It was only a few weeks ago that the former Alberta rancher's right to the title and its properties was confirmed by a judge of the High Court.

NO SERIOUS DAMAGE IS REPORTED FROM FOREST FIRE AREAS

Forest fires behind Ladysmith, at Crystal Lake and Haslam Creek, about twelve miles farther back in the hills, are confined to old logging slashing, it is stated. They are causing considerable smoke, but it is said the damage being done is small.

They cover an area of approximately 1,000 acres, seventy-five men being engaged in fighting them.

The blaze at Trout Lake, west of Menzies Bay and south of Campbell River, is reported to be surrounded by fire lines and is now said to be under control. It covers an area of about 400 acres.

ATKINSON MOTOR COMPANY HOLDS SLASHING SALE

Ten-Day Sale of Thirty Models Commences Tomorrow

Tomorrow morning marks a day of more than passing interest to the used car purchaser. At 9 o'clock the Atkinson Motor Co., Ltd., of 818 Yates Street throw open their doors upon a sale of unusual quality. With over thirty "trade-in" models on hand it is the intention of the management to make a clean sweep of the whole floor during the next ten days, and in an effort to realize this aim the prices have been marked down to the lowest margin possible. Adequate display arrangements have been made, and every purchaser will be given the best possible opportunity to make a thorough tryout of the prospective buy. It has always been the policy of the firm to make a thorough overhaul of every car the moment it is turned in, consequently there is no model that has been specially reconditioned for the sale. Time, material and labor has not been spared in order that the purchaser may receive good value. Every car is ready for the road. The Used Car has long been a problem that has faced every dealer, and for long it was one that baffled them. But with the growing dimensions of the difficulty it has commanded the serious attention of every firm until it has been brought to a far more satisfactory basis. The purchaser too has become more educated on the subject, able to judge for himself and to fix better estimate values. With the closer understanding between buyer and vendor established such a sale as this offers undeniable opportunity to the man who seeks a reliable purchase. ***

GRAVE FIRE MENACE SEEN IN HOT DAYS

Extreme Dry Spell for Week Forecasted by Weather Bureau Officials

FOREST FIRE WARNING

A general warning was issued by the forest protection office of the British Columbia Forest Service yesterday, calling attention to conditions of extreme hazard in the timber areas of the province, due to low humidity.

For the next week or ten days, forestry officials are advised by the weather bureau, a dangerously dry state will exist, in which, if forest fires are permitted to start, they will be difficult to control.

Commenting on the extreme low humidity yesterday, J. Stuart Robertson, Dominion meteorologist at the Gonales Observatory, said that the driest weather of the Summer sea-

NEW ROAD BRIDGE PLANNED AT SOOKE

Provincial Department of Public Works Is Improving Island Thoroughfares

A new bridge will be constructed by the Provincial Department of Public Works on Gillespie Road, linking East and West Sooke, it was stated yesterday by P. Philip, chief engineer. The work will be carried out under the supervision of the department engineers, and will provide a notable improvement in the road at this point, through the elimination of a steep grade.

Work is being advanced steadily on the detour near Colwood at the intersection of the Canadian National Railway tracks with the Malahat Drive, where, by a slight alteration of the original line of the road, a great improvement will be made at a point that has proved troublesome to motorists in the past. The work will be completed in about ten days' time, it is stated.

RE-ELECTED

A. A. HEAPS
Labor Candidate in Cariboo North and Member of Last Parliament.

son is expected, from indications observed throughout the province. This period of low humidity comes on top of a situation already acute in British Columbia forests, and has led to a general call for co-operation on the part of all those who enter the woods at this time.

In the report issued by forestry officials over the week-end, a total of 619 fires were reported, as from the first of the year. This compares with 897 at this time last year, and 602 in the same period in 1928. The report showed that rain had fallen in one or two places in the province, with light showers in the Cariboo, but that not sufficiently to relieve present unsettled conditions. A staff of rangers and lookouts scattered throughout the province.

Co-operation on the part of campers and motorists who visit the woods for outings and picnics is especially desired. Extreme care is required to prevent further avoidable outbreaks in the next ten days, it is stated.

SAYS LABOR MEMBER LIBELED PARLIAMENT

Question of Privilege Raised in British House When Newspaper Is Quoted

LONDON, July 28.—The question of "privilege" under which Parliament guards its right to keep its own house in order, today was raised in the House of Commons by Earl Winterton, Conservative, who moved a question concerning E. Sandham, member for Kirkdale, Lord in the Manchester Guardian as saying that members "can get stupidly drunk in the House."

Winterton, who represents the Wrekham and Worthington Division, moved a resolution that a speech of Mr. Sandham, Laborite, reported in the Manchester Guardian, is a gross libel upon the honorable members of this House and a gross breach of its privileges.

REPORT IS QUOTED

Earl Winterton then quoted an alleged speech made by Sandham, in Rotherham, Saturday, as follows:

"The Labor members can receive bribes to help pass a doubtful bill in the interests of private individuals. Labor members can get stupidly drunk in this place, but none of these things are against the sacred traditions of the House, but in keeping with them."

It is known that Labor members receive money from money lenders and other interests and it is known that Labor Members of Parliament drink in the House."

Salmon Will Swim Great Distance From Their Breeding Areas

NEW YORK, July 28.—Evidence that certain species of fish travel great distances from their breeding areas is shown by a Pacific salmon. After being marked with a metal tag by the United States Bureau of Fisheries in Alaskan waters, the salmon was caught 1,000 miles away forty-four days later in a Siberian stream, according to report received by the American Game Protection Association.

For more than a decade the United States Bureau of Fisheries has been carrying on the marking experiments, using metal tags each of which bear a serial number. Fishermen who return these tags to the bureau receive from 25 cents to $1, depending on the species of fish.

Marking experiments have shown that, regardless of how much salmon may indulge the wanderlust, they always return to home waters for the spawning season.

Another way of marking is to remove certain fins in such a manner that no confusion with unmarked fish can result.

A statistician says that very few women are content to stick to the rigid path of economy. They prefer the buy-ways.

A GREAT CONSERVATIVE VICTORY

The Conservative Party's triumph in yesterday's Federal election was a decisive one. The people have given a definite verdict and Mr. R. B. Bennett and his following will have a clear majority in the House of Commons over all other parties. A remarkable feature of the contest is that there should have been clear indications of changes in public sentiment in every province. Prince Edward Island, Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan and Alberta all recorded Conservative gains on the net results. The only province which showed net loses was British Columbia.

The result is a remarkable triumph for the policies enunciated by Mr. R. B. Bennett in the course of the late election campaign. He made no mistake about the issues that mattered to the people of Canada. His campaign was sound and aggressive and the stress he laid upon the chief difficulties with which the present fiscal policy has led was undoubtedly a potent factor in the success of the Conservatives.

A feature of the campaign is the turnover in the Province of Quebec. Even, the most optimistic Conservatives never anticipated that well over a score of seats could be won in that province. The extent of the gains in Quebec was undoubtedly the decisive factor in the victory of the Conservatives. The party did marvelously well in New Brunswick, where it almost made a clean sweep. Two out of the three Liberal seats were won in Prince Edward Island. Ontario added substantially to the Conservative representation in the House of Commons. Manitobe gave the party its quota of members as did Saskatchewan, and even in the Liberal Province stronghold of Alberta gains were made.

A feature of the election is that the party which will constitute the new Government has a substantial representation in every province of the Dominion. In other words, the administration to come into office will be more thoroughly representative of Canadian thought from the Atlantic to the Pacific than any Government that has been in power in Ottawa for a long number of years. This is a happy feature of the election result. It will be of assistance in bringing about a unification of thought on national problems. It will afford Mr. Bennett an excellent selection of members from the different provinces from which to choose his Cabinet. In short, the manner in which the election turned out has been in every way in the best interests of the Dominion.

Notable figures of both the major parties fell by the wayside in the test of public opinion. Mr. Charles Dunning, the author of the Budget which Mr. Mackenzie King said was the greatest financial issue of the campaign, was defeated in Regina and beaten badly. Mr. T. A. Crerar, Dr. Cyrus Macmillan and Mr. W. F. Kay were other stalwarts of the Liberal Party to fall. The Conservatives in the matter of personalities also have had grievous loses. One of these was Mr. H. H. Stevens in Vancouver Centre. His defeat is a distinct loss to the Conservatives. It must be remembered that he sacrificed his own interests during the campaign. He was the Conservative organizer in British Columbia, and he went further afield, to the Prairies, to support the cause of his leader. In other words, he did not devote the time he ought to his own constituency which voted him to defeat, doubtless spurred on to this course by the glamour of having a Cabinet Minister as a responsibility. In this respect Vancouver Centre guessed poorly, for Mr. Ian Mackenzie's tenure of his portfolio will be of but short duration.

One of the most surprising Conservative defeats was that of General A. D. McRae in North Vancouver. He was absent from the constituency throughout the entire campaign engaged in the task of organizing the Conservative victory throughout the Dominion. In the hour of his defeat he has this consolation. He performed a wonderful task of organization in which he never spared himself. He allowed his own personal prospects to go a-glimmering while devoting himself to the greater task of insuring a national triumph for the party to which he has been such an asset. He has won a glory which even the loss of his own seat will not dim. Other well known Conservatives to go down to defeat in this province were Mr. Leon J. Ladner and Mr. J. C. Brady.

Mr R. B. Bennett has received a mandate from the people that is of a strikingly encouraging character. He deserves it for he has served the trends of opinion throughout the Dominion and indicated the policies which he believes will set the country anew on the road to progress and prosperity. He is a man of action, and, what is more a man of courage. The people who have today indicated their willingness that he should be summoned to the high office of Prime Minister can place full reliance on his carrying out his pre-election pledges. He has support for these from one end of the country to the other. "

Yesterday's victory is at once a substantial endorsement of Conservative policies, and particularly of the policy of Protection. Incidentally it is a great personal triumph for Mr. Bennett. He brought enthusiasm and confidence to bear in the conduct of a campaign which has proved so happily for the party which is now to be entrusted with the reins of power.

ISLAND RESULTS

Once again Mr. C. H. Dickie rolled up a majority of some thousands in winning Nanaimo or the Conservative cause. There was never any doubt of his election. The only question at issue was the size of his majority. He has made that majority possibly the largest in British Columbia. And this fact, coupled with the return of Mr. D. M. Kennedy, leaves no doubt whatever about there the southern end of Vancouver Island lands in Federal politics. Mr. Dickie will be a spry man today. He fought energetically and won a notable triumph. This newspaper extends to him its heartiest congratulations.

Mr. Thomas Graham, the Conservative candidate in Comox-Alberni had a difficult task from the beginning and it is small wonder that he should have failed. He was new to politics and opposed by an experienced and veteran parliamentarian. He did his utmost and was well supported in his task, but Mr. A. W. Neil is a personality with a large and unwavering following and his opponent at Ottawa has commended itself to his constituents. Mr. Graham need not be discouraged. He has indicated that he has political ability. It is to be hoped that he will not be downhearted over the result of his first attempt to enter the Federal Parliament.

VICTORIA'S VERDICT

Victoria citizens have every reason to congratulate themselves on having elected Mr. Plunkett as their member for the Federal House of Commons. They have all the more reason because he will, in the next session, be sitting on the Government side of the House. Mr. Plunkett made an excellent campaign. He was admirably supported by the party and by the people generally. His majority is a handsome one, and in giving it to him Victoria has shown that consistency of purpose which has marked this city's political course for long years past.

Mr. Plunkett goes to Ottawa again with an enhanced measure from his constituents. He will have added responsibilities, but his back is broad enough to bear them. Loyalty is outstanding in his characteristics. Loyalty to his leader, to his constituency, and, above all, to his country. He fought a clean fight and is, in all senses, deserving of the handsome victory that is his. This newspaper, which has recognized his merits ever since he entered the political field, extends to him its warmest congratulations.

Women's rights are progressing, but they have not yet reached the point where the fair sex will submit tamely to political cartooning. Miss Margaret Bondfield, M.P., a sensible member of Great Britain's Labor Government, objected so strenuously to being included in the caricaturings of personalities at the Liberal Imperial Congress at Geneva that out of pure chivalry representations of her were withdrawn. It may be a pity if women in politics do away with the element of humor which is one of politics saving graces.

"LITTLE STREET"

I know a street called "Little Street."—
It's very small—
Where little houses white and neat
Have sanded floors and all.
And little chimneys softly smoke
On roofs of tiles and slate,
And little feet of little folk
Pit-patter up and down.

In "Little Street" long, long ago,
When I was little, too,
The little windows used to glow
With visions ever new.
And now I wish that I could see
Such magic through a pane.
And be the child I used to be
In "Little Street" again!
—Elizabeth Fleming, in The Glasgow Herald.

BE STRONG, O WARRING SOUL

Be strong, O warring soul! For very sooth
Kings are but wraiths, republics fade like rain,
Peoples are reaped and gathered as the grain,
And that alone prevails which is the truth.
Be strong when all the dare of life bear down
And fury, and are hot with toil and strain.
Hold fast the faith and quell the mirth and pain:
Dream the great dream that buoys thine age with youth.

—Duncan Campbell Scott.

"Ye Heavens, whose pure dark regions have no sign
Of anguish, though so calm, and though so great
Are yet untroubled and unpassionate"

"Who knows not conflict, surely lacks delight
What happy men or gods! The zest of sport!"

"Pears partly love and partly fear,
And partly was a bashful art
That I might rather feel, than see
The swelling of her heart."

—From "Love" by Coleridge.

"The river glideth at his own sweet will.
Dear God! the very birds their carols fill,
And all that mighty heart is lying still!"

—From "Upon Westminster Bridge" by Wordsworth.

"And her hair, lying down her back,
Was yellow like ripe corn."

—From "Jenny Kissed Me" by D. O. Rossetti.

"She walks in beauty, like the night
Of cloudless climes and starry skies."

—Byron.

"When as in silks my Julia goes,
Then, then, methinks how sweetly flows
That liquefaction of her clothes."

—R. Herrick.

Note and Comment

By R. B. D.

What's in a name?—Shakespeare.
A good name is better than precious ointment.—Bible.

The following letter is from a lady who apparently has no ambition to enter public life or to receive an appointment to a public position, as she does not want to see her name in print, and of course we are bound to respect her desire for anonymity:

Dear Sir—I have often noticed that you instil common sense into the people of Victoria. Now, will you be kind enough to wake them up a little on the subject of a name for the new beach which is to be opened up on the West Coast of this island, and which has so far been known as "Long Beach." Is there more densely dull it is hard to imagine. In the first place a "Long Beach" has been existing for many years in California, and in the second place why may we not have something original, British and interesting? Why should we be obliged to put up with a stale, unoriginal name so well known that we should be obliged to tack some qualification onto it, to distinguish it from the existing ones in California? We in Oak Bay have experienced frequent alterations of the names of streets, usually for the better, and mostly also to get away from the American names which had odiously been imposed us for years. Therefore I feel sure it is not too late to suggest an amendment of the present banality. May I, through your column, as I don't want to appear in print, offer a prize of say $5, to be given to the finder of the best name for the new beach? I feel sure your influence could be brought to bear in this matter, and that you will be doing us all a good turn if you save us from such a commonplace bromide as "Long Beach."

Yours, etc.,

Notwithstanding what the poet has said about it, there is a great deal in a name. Even in a certain significance in a name. If we name our streets and our mountains, and other historical personages in sufficient enough to be considered worthy of special names, after the statesmen and other historical personages of another country, that would signify either that we are lacking in originality of imagination or that the culture of that other country is beginning to permeate and influence our national institutions and institutions. We are told that is what is taking place slowly but surely in Canada and that is bound to take place throughout the world. This permeative culture is of course quite different from the kultur of Germany, which was to be imposed upon the rest of the world by force of arms. The Western culture is not like the Eastern kultur. Its mission has not been accomplished so frankly. Its purpose is more subtle. The centre of German kultur was Potsdam, the centre of American culture is Hollywood. If the morals of Hollywood are going to follow the example of Berlin and across the border into Canada, we shall be sufficiently old-fashioned to prefer our own system of ethics and morals, although at that the conditions in the Californian heart of the motion picture industry may not be quite so bad as it is painted.

If a movement of that kind is more than coincidence—because we are told it has already begun—we believe it should be nipped off there to the bud. If the new beach is seen Long Beach, California; nor have we ever seen Long Beach, British Columbia. There is no reason why a mere cross resemblance to each other for ought we know, and that may be only a matter of the spur of the moment gave our Long Beach its name. It is said that if you give a dog a bad name the dog might just as well be hanged, for the bad name given him will stick. Therefore if we are going to give Long Beach a new and more appropriate name, it were well that the job should be done quickly. If the name Long Beach be properly used on the maps and on the sandals of the millions of people who will be flocking to it as soon as it becomes more accessible and its fame spreads to all parts of the world, the task of changing it on all of the maps and obliterating it from the minds of the people will be a hard job than we would care to undertake. Dr. Tolmie, who has a long memory and an imagination which is always active at times, and besides occupies a position of great authority and power, is the only individual who has the two of enough and strong enough to tackle that job. If our correspondent only desires to remain anonymous (and we have respected her desire by omitting her name and address from her communication) wants action, she should submit the case she has stated in the form of a letter to the Times, and we are sure it will receive "most serious consideration." If the matter were carried to another quarter, it probably would be referred to a commission which would never meet or submitted to a conference which would never be held.

"Wanted at once good general servant for modern flat—must be temperately punctual."

It is not quite clear whether the good general is to be a good Protestant temperately punctual, or temperately punctual, or temperately punctual, temperately punctual, temperately punctual,

FINED FOR DRINKING

Police Magistrate Jay had a rather unusually extended list of persons charged with being intoxicated in a public place when the police court opened yesterday morning. Three of them, including one woman, were former offenders and were fined $50 each. A fourth case was adjourned until this morning.

CHARGED WITH ASSAULT

A twenty-day term in jail with hard labor was the punishment awarded John McKenzie, charged with assault in the city police court yesterday.

TREAT that corn *Kindly*

Rapid-freezon "cures" may harm tender tissues. Blue-jay is a safe, gentle 3-day treatment for banishing corns, made by a great surgical-dressings house. It stops the pain at once — guards the sore spot against pressure — softens and destroys the corn's structure. Recognized for 30 years as the safest, painless, dependable way of ousting corns. At all druggists. 6 for 35c.

RIGHT OF CITY TO AID JOBLESS IS QUESTIONED

Solicitor for Vancouver Warns Committee on Expenditures

DELEGATION TO SEEK MONEY FROM PROVINCE

VANCOUVER, July 28. — The right of the city of Vancouver to make large expenditures for relief of unemployment was challenged by City Solicitor J. B. Williams today at a meeting of the civic unemployment committee, which met to prepare recommendations which will be presented to a special meeting of the city council on Tuesday.

The solicitor's statement was advanced in view of a report from Relief Officer Col. Cooper, which disclosed the alarming fact that the situation in Vancouver today is as bad as it was during the 1914-15 winter season last January.

"This brings up," said Mr. Williams, "the question of just how far the city can go in relieving unemployment. Here is a city of less than 300,000 population expending this year $500,000 for relief. We have no statutory authority to dispense relief as we have been doing. We have a right to provide for the poor and destitute, but I question whether that extends to unemployment.

QUESTIONS AUTHORITY

"Some day someone is going to question this situation," continued the solicitor, "and I would think seriously before going to court to justify what you people have been spending on unemployment relief. Who gave you a mandate to spend $500,000 on relieving unemployment? I'm not giving a legal opinion, but I'm just saying that some day someone will question the whole system and will bring about a serious situation. There will be exposed a situation then which has been covered up by the flimsy excuse of providing for the poor and destitute.

Replying, Alderman E. W. Dean remarked that he understood that applicants to the relief office seek employment or relief, and Colonel Cooper submitted that applicants were destitute because they were unemployed.

After considerable discussion, the committee decided to recommend to the council that a civic committee approach the Provincial Government as soon as possible—within the next ten days if it can be arranged—to seek provincial assistance in dealing with the situation.

WILL SUBMIT PLAN

It will be pointed out there that the city's appropriation of $500,000 for relief this year has been reduced by $146,000 in the first six months of the year, and that if outside assistance is not forthcoming, the city will overexpend its appropriation by about $200,000. If this happens, according to City Comptroller A. J. Pilkington, it means that the whole city budget will have to be readjusted, as Vancouver cannot carry on with expenditures in the realization that a $200,000 deficit will accrue by the end of the year.

The Provincial Government will be asked to pay one-third the cost of relief, and will be requested to ask a similar understanding with Federal authorities. It is also proposed that Federal and Provincial authorities be asked to pay $100,000 to the city as recompense for the load Vancouver has carried in the first half of this year.

Obituary

MOULTON—Funeral service for Mrs. Olive Miriam Moulton, who passed away at St. Joseph's Hospital on Wednesday, took place on Friday afternoon at 3 o'clock from St. John's Anglican Church, Cobble Hill, service being conducted by Rev. Mr. Cockshutt. The church was filled to overflowing by the many friends of the deceased lady, and the numerous and beautiful floral offerings testified to the esteem in which she was held. The hymns rendered were "Jesu, Lover of My Soul" and "Abide With Me." The pallbearers were George Taggart, W. Jeffrey, A. Payne, W. Freeman, G. C. Cheeke and G. Frayne. The remains were laid to rest in St. John's Churchyard, Cobble Hill.

GREEN—The funeral of Baby Green, infant child of Mr. and Mrs. Joseph Green, residing at 1161 Amelia Street, took place yesterday afternoon at 3 o'clock from the Sands Funeral Chapel. Interment was made in Royal Oak Burial Park.

Miss M. B. Cleeve, millinery buyer for the Hudson's Bay Company Victoria store, is starting for a business trip to New York and to visit the Eastern Canadian markets.

Dr. Davies' Party Safe and Well in Oberammergau

A personal message from Dr. Clem Davies, sent from Oberammergau at 1:50 p.m. Sunday, and received here at 7:00 p.m. the same day, conveys in a terse three words all the reassurance that friends here will require concerning the welfare of the party which the pastor of the Victoria City Temple is conducting through Europe.

"All safe, well; also Campbell and Snyder," the message reads.

While the first three words contain news of vital interest to the larger number, many others will be interested in the reference to "Campbell and Snyder." Miss Snyder is familiarly known to hundreds of Victorians as the head of the Social Service League and as an active member of the Kumtuks Club. She will represent this business women's organization at the national conference of business and professional women to be held at Geneva in August. She left Victoria in June to join the Messon party, going from Winnipeg to Europe, sailing from Montreal on July 4 on the Ss. Duchess of Atholl. She was accompanied by her sister, Miss Margaret Snyder, of Kitchener, Ont. and a friend, Miss Campbell, and their itinerary took them over very much the same route as that followed by Dr. Davies and his party.

They have apparently met at Oberammergau, and Dr. Davies knowing the anxiety which many friends here would have concerning her welfare, included this additional piece of information in his message.

Miss Snyder intends returning to New York in September, but will not be back in Victoria until January.

ISLAND FOREST FIRES

VANCOUVER, July 28. — The Trout Lake forest fire is now held within fireliues. Vancouver is enveloped in a smoke cloud from a 1,000-acre fire which is burning south of Haslam Creek and west of Crystal Lake, about six miles from Nanaimo on Vancouver Island. The outbreak, which is being fought by seventy-five men, is confined to an old logging slash and burned-over area. There is more smoke than fire, say forestry officials.

Viceroy's and Ghandi Flags Used Together

BOMBAY, July 28.—(CDN.)—When the ninth Far Eastern Olympic games opened here recently there was something of a contraversy over what flag the Indian delegation should fly over the building which housed the athletes. The participants from India brought with them the Viceroy's flag, which had been presented to them especially for the occasion. When this matter appeared, however, a number of Indian residents voiced their disapproval in no uncertain terms, insisting that as Indians the men should compete under the Gandhi flag. The discussion went on for some time, although it did not become the subject of official action on the part of either the British Embassy or the Foreign Office. On the day of the opening of the games the flag went up, the building which carried the four flags of Japan, China, the Philippines and India were surprised to see that the Indians had solved their problem by sewing the Viceroy's and Gandhi's flags together, making one banner out of the two and satisfactory to both parties that they were careful to look only at one side.

OTTAWA ISSUES BOOK ON TOTEMS

Interesting Study of B.C. Indian Carvings Published by Government

IS CHARACTERISTIC ART

When Sir Alexander Mackenzie, the first white man to cross Canada from coast to coast, published the journal of his travels, he described in great detail one of the Indian tribes on the coast, but he did not mention totem poles. Probably totem poles were far too numerous at that time (but in the nineteenth century owing to the introduction of steel tools which greatly lessened the labor and cost of erecting a pole. Archaeologists have found stone carvings of the same type as the wooden totem poles in ancient deposits on the west coast of Canada, proving that the Indians had developed this type of art many centuries ago.

Totem poles were once a characteristic form of plastic art among the tribes of the northwest coast of Canada and Southern Alaska. The natives took pride in them and considered them symbols of their own social standing and achievements. Just recently the National Museum of Canada published a volume on "The Totem Poles of the Gitskan, Upper Skeena River, British Columbia," by Marius Barbeau, which undoubtedly will be a welcome addition to the meagre literature on this subject.

IS AUTHORITY

Mr. Barbeau is widely known for his ethnological work for the National Museum of Canada and as the author of "Indian Days in the Canadian Rockies," "The Downfall of Temlaham" and other semi-popular treatises. Four field seasons, between 1926 and 1929, were spent on the Upper Skeena River collecting information concerning the totem poles of the Gitskan.

The totem poles were not idols. They were monuments to the illustrious dead, and existing totem poles on the west coast of Canada are the property of the heirs of the Indian families by whom they were erected. It was the custom among the Indians that when a chief or a prominent member of a clan died, his family would erect a totem pole to commemorate him. The ceremony at the erection of a totem pole was the occasion of much entertainment and feasting, the family of the dead man acting as hosts to the visiting Indians, many of whom came long distances for the celebration.

BOOK IS ILLUSTRATED

The author has totem poles of the Gitskan, which covers only the tribal villages of the Gitskan, contains a general description of the totem poles together with other information concerning them, as well as detailed descriptions of apparently typical poles. Thirty-three interesting illustrations are also included.

Copies of this book, the price of which is forty cents, may be obtained upon application to the Acting Director, National Museum of Canada, Department of Mines, Ottawa, Canada.

WILL TAKE APPEAL AGAINST DECISION AS TO AUTO SPEED

A difference of opinion as to the speed at which a car was proceeding along Oak Bay Avenue was expressed by police court yesterday morning. The driver of the car, Mrs. Burney, a resident of Oak Bay, expressed the opinion that there was no danger with respect to the speed attained, which she said was from thirty to thirty-five miles an hour. The car, moreover, was in first-class condition and could be stopped within fifty feet at most, she testified.

The police officer, Traffic Constable Griffiths, placed the speed at forty-two miles an hour over a part of the way he paced the auto.

Police Magistrate Jay felt that the speed was too great in view of the character of that street and inflicted a fine of $25. The fine was paid but an appeal will be taken. It was stated by E. L. Tait, who appeared as counsel for the driver of the car.

MOTOR INVASION OF CANADA

Figures compiled by the Department of National Revenue show that 3,416,588 motor cars were admitted to Canada in 1929 for touring purposes for a period not exceeding twenty-four hours, 1,391,814 for a period up to sixty days, and 1,206 for sixty days or not more than six months.

COMMUNIST SUCCESSES REGISTERED

Startling Advances of Army May Spell Ruin of Nanking Government

FOREIGN AUTHORITIES EVACUATE NATIONALS

By JAMES L. RUTH

(Copyright, 1930, by The Chicago Daily News Foreign Service.)

FEIPING, China, July 28. — Startling Communist successes now being registered in Kiangsi and Hunan provinces, observers believe are bound seriously to affect Gen. Chiang Kai-shek's threatened upward drive against his Northern militarist enemies along the Tientsin-Pukow Railway, while also causing alarm for the safety of foreigners.

Latest reports are that well-organized Communists forces have captured Nanchang, Kiangsi provincial capital, and are now threatening the important commercial port of Kiukiang, eighty miles to the north on the Yangtze River.

Another menaced city is Changsha, capital of Hunan, which is also an important commercial port and contains many foreigners.

EVACUATION IS BEGUN

Foreign authorities are evacuating their nationals in these places, including about 100 Americans who are being removed by American gunboats. The evacuation of Kuling famous mountain resort ten miles south of Kiukiang, where hundreds of missionaries spend their summers, has also begun.

These sudden Communist successes are attributed to Chiang Kai-Shek's weakening of the provincial governments by his Nationalist concentration against the Northerners. Should the Communists occupy Kiukiang, General Chiang's rear communications would be seriously threatened, possibly even to the extent of forcing his abandonment of the Hankow area and the proposed offensive campaign in Shaysing Province.

If you want a nasty fall, jump at conclusions.

GOOD HEALTH— Good Looks.

This extremely appetizing Ryvita Crispbread is real daily bread. But each delicious slice is packed with entertainment!

There's heaps of energy in Ryvita—surging nerve-power—food for muscle—and make bone. All is quickly digested and easily assimilated. Do you wonder, then, that hundreds of thousands of people in many countries throughout the world, eat Ryvita as their daily bread?

Just to bite into a thickly buttered slice of this delicious crispbread whets the appetite. Eaten as your daily bread Ryvita have more energy—you feel better—you look better—you enjoy a higher level of general health.

Ryvita—made from pure, crushed whole-grain rye—supplies essential food elements that you need—acts as a corrective in the diet, and supplies "roughage" to clear away waste. Constipation, Indigestion, Obesity and Malnutrition are ills of the past.

Make Ryvita your daily bread—the daily bread of every member of your family. Eat a few slices every day. Order a packet from your grocer.

BANDED BIRD LAW

It is important that any person who finds a banded bird report the fact to the National Parks of Canada Branch, Department of the Interior, Ottawa, giving the species of bird, band number, date and locality of occurrence, and information as to whether the bird was found dead, was killed, or was released alive still wearing its band. Persons reporting banded birds will be informed promptly respecting the place and time of banding.

FIFTY YEARS OF CONSTANT ENTERPRISE

A CROWD USED TO GATHER

The proud owners of the first automobiles in Canada used to drive around on the Imperial Oil yard for gasoline. Filling the car with gasoline was a ceremony, and a crowd used to gather to watch it. The deed was done with a five gallon bucket.

The five gallon bucket was the first form of service station. The next was a tank which Imperial Oil put on the wall of one of its plants to meet the growing demand.

Today, of course, there are Imperial service stations for motorists in every corner of Canada. And there are cachet in the north for Arctic adventurers — distributing points across the prairies for the Western farmer — supply stations for the mines—transport services at landing fields.

It has been the work of Imperial Oil for fifty years to meet the new needs of transportation and industry with ever increasing skill and perfection.

Because this work has been done well, Imperial has grown from one small plant at Sarnia, Ontario, to six great refineries—miles of tank cars—its ships on the Atlantic and the Pacific—nine thousand of its men at work from the Arctic to Peru.

Fifty years of constant enterprise are in the products Imperial Oil sells today.

Marvelube is Imperial's finest motor oil.

Imperial 3-Star and Imperial Ethyl are its best gasolines.

Which means that nothing finer can be put in your car.

A Challenge to Stomach Sufferers

HELCO

THE HERBAL MEDICINE—FREE FROM DRUGS

HELCO, the herbal remedy, tells how you can quickly perfect digestion, attain sound sleep and healthy bowel action—without drugs.

No matter how long, nor how badly you have been troubled with stomach disturbances, heartburn, bad breath, sluggish liver and other disorders due to constipation, you will happily see an immediate improvement in your health with the use of HELCO.

Since taking HELCO, hundreds of local folks no longer suffer from weakened, run-down condition—constant headaches—heartburn—and, above all, poor appetite, muddy blood and sluggish bowels.

Hundreds of users who have used this remedy in the treatment of such symptoms as dizzy spells, liver disorders, indigestion, sleepless nights, kidney and bladder troubles have already written us in praise of HELCO.

This is the verdict not only of thousands of former stomach sufferers, but of physicians and health leaders throughout the land.

HELCO is a herbal medicine—free from drugs. It pays proper attention to stomach needs which ordinary laxatives do not do. It is a most modern and natural adjunct and is a great help in eliminating irritants from the system. It is a natural remedy.

Don't wait. Start taking HELCO today. It does not gripe because it is a natural tonic. You will feel a change after the first bottle. You will enjoy renewed vigor—"a new grip on life."

HELCO is on sale at your druggist. Ask him about it.

PROGRESS REPORT ON GARDENELLES PROJECT IS DUE ON MONDAY

The next regular meeting of the City Council will be held at the City Hall at 8 o'clock next Monday night. At this meeting it is expected a progress report will be submitted with reference to the Gardenelles project that has been under advisement by the council and the council committees for some time.

An informal meeting of the aldermen will take place at 7.30, prior to the regular session, at which a number of recommendations from the Armistice Period Committee will be considered. These recommendations were presented at the last regular meeting of the council and passed over to the committee on public works for a report.

Woman's place in the home nowadays isn't a wad in near the cupboard tray.

ARMED MEN ROB STORE OF $600 AT VANCOUVER

Two Stage Daring Daylight Hold-Up Cashier Counts Saturday Receipts

MAKE HASTY ESCAPE THROUGH BACK DOOR

VANCOUVER, July 28.—Staging a daring daylight robbery as dozens of persons passed by on their way to work, two armed bandits held up the "K" Key Block Store, Limited, 566 Granville Street, and escaped with $600 at 8.40 a.m. today.

Three employees of the store were forced to the rear of the premises and made to face the wall, while one of the thugs scooped the cash, Saturday's receipts from the counter, where the cashier was counting the money.

The front door was locked by one of the bandits and they were about to do their rioting up when a customer tried to gain entrance. Fearing detention, the men fled through the back door and escaped by the lane.

MANAGER WAS THREATENED

A. J. Barton, manager of the store, told police that he had been open a half-hour and a customer had just left, the store, when two men who had been looking in the windows walked in. He went to wait on them, he said, and one of them, producing a revolver, ordered him to the rear of the store.

Miss Barbara Wilson, cashier, was counting Saturday's receipts. John Wilson, a clerk, was also in the store and was ordered to the rear of the premises.

Mr. Barton thinks the bandits were acquainted with the layout of the store because an iron bar, used by the gunmen to lock the door, while they staged the robbery, is kept in a special place behind the counter and they had no trouble in locating it, he said.

Affluence is a condition that impels a man who left the country to live in the city to leave the city to live in the country.—Louisville Times.

"My man, can you drive a car?" "Not me, boss. Sorry." "Good. I'll wish you watch mine for a few minutes?"

CORNS
PAIN STOPS QUICK

100% SAFE—SURE!

Stop corn pain! Day a box of Dr. Scholl's Zino-pads and your feeling from corns and tenderness will be over! Pain is ended instantly by their soothing medication and cushioning felt ring. Corns disappear. Even hard corns lose pressure. Never cut your corns—it invites blood poisoning! Avoid harsh liquids and plasters which often cause acid burn. Zino-pads are guaranteed safe, sure. Thin, small, skinny, protective. Sold everywhere—35 cents a box.

SEA CADETS' CAMP HOLDS SPORTS DAY

Big Crowd of Visitors Watch Proceedings at Brentwood—Boat Races Interesting

The Sea Cadets, who have been in camp at Brentwood for the past fortnight in charge of Lieut. Tribe and Capt. J. Phillipson, held their annual sports day on Saturday, with an attendance of about 200 guests. The results were as follows:

Relay race—First, McGregor and E. Harmon; second, Campbell and Redgrave.

Three-legged race—First, Campbell and Henry; second, Culforth and H. Clowes.

Senior splicing contest—First, Leading Seaman Hall; second, Gardiner. Junior splicing contest—First, Buglar Routledge; second, Able-Canavan. In both these contests the same boys won also for neatness and accuracy.

Centipede race between two teams, winners' team captained by Chief Petty Officer Porter.

Cock Fight—First, Chief Petty Officer Porter; second, Cadet Clarke.

Aquatic events results were as follows: The gig race, in which two crews competed, was won by Leading Seaman Porter's crew, the cutter race between port and starboard watches, won by port watch, Cox, Chief Petty Officer Tribe; canoe race, Seniors, won by Redgrave and McGregor; canoe race, Juniors, won by Cline and Gardiner; sea boat race won by port watch, Cox Leading Seaman Porter; mop fight, won by Redgrave and McGregor. Swimming contests for Seniors: First, Thompson; second, Leading Seaman Speller; Juniors, first, Gardiner; second, Able-Canavan. The tug-of-war was keenly contested by crews of the starboard and port watches, the starboard being the winners.

Through the courtesy of Inspector Parsons, who also acted as one of the judges, the Provincial Police launch was placed at the disposal of Lieutenant Tribe and Captain Phillipson, the latter acting as announcer; with Canavan Wales Brown as starter. Mr. Hope, paymaster, Captain Johnson and Sub-Lieut. Henry were the other judges. Bugle Instructor McVie, R.A.M.C., was also in attendance. Tea was served on the veranda of the college by the cadets, and later the presentation of prizes took place. Mr. Curtis spoke with enthusiasm of the training received by the boys and of the excellent spirit shown. Lieutenant Tribe read the list of prize winners and Mrs. Curtis, president of the W.A., made the presentations.

Additional prizes were awarded for the best kept tents. The points won were as follows: First, H.M.S. Thiger, the best tent, 45 marks out of a possible 45; second, store tent under Petty Officer Nicholl, 44; third, H.M.S. Hood, 43; fourth, H.M.S. Drake, 41; fifth, H.M.S. Benbow, 40; sixth, H.M.S. Lion, 39; seventh, H.M.S. Rodney, 38, and eighth, Petty Officers' tent, 33. Lord sheets were given by the cadets, for Mr. and Mrs. Curtis, Mr. Hope, Captain Phillipson, Lieutenant Tribe and Captain Alcock.

Immediately before the sports, P. C. Gray, president of the Victoria branch of the Navy League, inspected the cadets and the camp being accompanied by Lieut. Tribe, Mr. Hope, Paymaster Capt. Johnson, Capt. Phillipson, Capt. Wales Brown, Mr. Stoneham and Capt. C. D. M. Alcock. A detachment of cadets in command of Sub-Lieut. Henry was inspected by Capt. Alcock.

FRENCH STRIKES ARE SPREADING

More Than 100,000 Revolt Against New Social Insurance Law

ROUEN SCENE OF RIOTS

By PAUL SCOTT MOWRER
(Copyright, 1930, by the Chicago Daily News Foreign Service.)

PARIS, France, July 28.—The strikes induced in the industrial region of Northern France by the installation of the new social insurance law are spreading.

With the beginning of the textile strike today, 60,000 workers are out in Lille and Roubaix-Tourcoing.

Centers chiefly affected are Lille, Rouen, Roubaix, Tourcoing, Armentieres and St. Quentin. Probably before today's sunset, another 100,000, mostly textile and metal workers, and the building trades are beginning to join the movement.

SERIOUS RIOTS

There were serious riots at Rouen yesterday when Communists tried to parade through the streets and police and troops charged them against a volley of paving stones hurled by the strikers from a repair ditch in the street at Sotteville.

REJECTED

HON. T. A. CRERAR
Former leader of the Progressives, who accepted a portfolio in the Liberal Cabinet.

Most of the unions have now stated that they accept the principle of the law, which provides that workers and employers each shall pay half the annual premium on the insurance, though of course only the workers are the beneficiaries. When the strikers went to a general increase wages sufficient to cover their share of the premium, thereby in reality putting the entire burden on the employers.

SITUATION IS CURIOUS

Politically, the situation is curious. The Conservatives dislike the law but have accepted it. They now declare that the strikes prove just what they have always thought, namely, that the law cannot be effectively applied.

The Communists also, of course, combat the law as they do all social reforms. The Socialists and Moderate Left Parties who are the law's chief supporters, and who at the same time claim to represent the workers, are embarrassed.

City & District

Closed for Foiling—All departments of the City Hall were closed after 3 o'clock yesterday afternoon to permit officials and members of their staffs to exercise the franchise.

On Vacation—City Clerk M. Frank Hunter is on a week's vacation from his duties at the City Hall. Albert Tyrrell is assistant, in the charge of the department during his absence.

Bush Fires—Two bush fires, one at 11.26 o'clock yesterday morning at May and Joseph Streets, and another at 11.31 o'clock at Smith's Hill, near the reservoir, needed the attention of the fire department. No damage resulted.

Cohort Start Running—The first cubs saimon to be taken off Oak Bay this season were hooked Saturday by Johnny Graham and Cyril J. Mytchcraft. The fishermen landed two members of this branch of the finny tribe, one weighing nine pounds, and the other eight.

Contract Let—A permit was issued yesterday by City Building Inspector James Sargent to the Canadian National Railways for alterations to the passenger office building on Dallas Road, Ogden Point. Parfitt Bros. have been awarded the contract for the work, which will cost approximately $800.

Band Concert—The Victoria Firemen's Band, under the direction of A. J. Prowse, will give a concert at St. Joseph's Hospital on Wednesday afternoon, commencing at 2.30 o'clock. An excellent programme has been arranged, and it is expected that there will be a large turnout to hear this musical treat.

Appointed Delegate—Directors of the Chamber of Commerce yesterday appointed Gordon Sylvester as delegate to the unemployment conference of railway companies, industrial and labor organizations, which commences to be held in Parliament Buildings on August 7 and 8.

Improved Mail Service—Saanich residents are now getting an improved mail service from the Beaconhill Postoffice. Mail collected on rural route number one will be delivered round leaves the postoffice at 11.40 o'clock in the morning, arriving in Victoria in time to go forward on the afternoon steamer to Vancouver, thus saving twenty-four hours.

"Brethren," said a Negro preacher when yo' hears Gabriel sound his horn, yo' wants to be ready to jump."

"Mah goodness!" exclaimed one of the congregation, "am he a-comin' in a motor car?"

PURE SEED RALLY SET FOR AUGUST 1

Field Day Will Be Held on the University Farm at Point Grey

The University of British Columbia announces that in co-operation with the Provincial Department of Agriculture a pure seed rally will be held on the University Farm, Point Grey, on August 1.

For a number of years the Department of Agronomy and the plant industry branch of the Provincial Department of Agriculture have been co-operating in the production and distribution of elite seed. The proposed field day affords an opportunity for all who are interested to observe the methods and conditions under which pure and registered seed are produced.

Apart from the examination of the crops growing in the fields and the study of field methods, demonstrations will be provided on the cleaning of seed and the preparation of samples for exhibition purposes.

Hon. William Atkinson, Minister of Agriculture, who is greatly interested in the increased use of pure seed, has kindly consented to attend this gathering and to address the group. Others who will be present and assist in the programme are:

J. B. Munro, Deputy Minister of Agriculture; Cecil Tice, Field Crops Commissioner, Professor Straight, Superintendent of Dominion Experimental Farm, Sidney, and Superintendent Hicks, Dominion Experimental Farm, Agassiz.

President Klinck and Dean Clement of the University will welcome the visitors.

DINNER IN PROGRAMME

Dr. Moe, head of the Department of Agronomy, will be in charge of the programme, and will be assisted by C. E. Field Crops Commissioner, and Professor P. A. Boving and C. Lamb.

It is proposed to devote the time from 11 to 12 to luncheon, 12 to 1 to short addresses, and from 1 to 2 to a visit to the field and barn, where the growing and cleaning of pure seed will be demonstrated from the selection of the individual parent plant to the finished product, ells said.

Following the field demonstrations an opportunity will be given those who so desire to visit other departments of the University.

VALUABLE PORTRAIT STOLEN FROM HOME OF EARL OF MINTO

LONDON, July 28.—British police are puzzled by the unusually large number of art objects stolen this year.

The latest in the series was the attractive Saturday night theft of a valuable Reynolds portrait from the Lansdowne home of the Earl of Minto. The Earl and Countess were dining out, leaving only the servants and children behind.

When they returned a portrait of the First Countess of Minto was missing, also a string of 300 pearls and other jewels valued at $100,000.

The Reynolds portrait had been unframed and rolled up in the library. A Rembrandt had been meddled with but the thieves apparently were disturbed before they were able to take it.

YOUNG ARTISTS DO WORK AT OLD MILL

Ontario College of Art's Summer Course Held Amid Lovely Surroundings—Many Students

TORONTO, July 28—Young artists strolling back at sunset down the road between midsummer meadows—an old mill looked it over by a river—inside the "mill" with its great north window several new oil sketches set on the timber around the wall—large white cups and supper dishes—so the Ontario College of Art Summer School near Port Hope was found at the height of its season's work, writes a correspondent of The Mail and Empire.

The Summer school, which is an important phase of the college work in its facilities for outdoor sketching numbers at the present thirty-eight students under the direction of J. W. Beatty, R.C.A. In its scope it presents unusual interest for, in the first place, its students include young painters from places as far separated as Edmonton and Sherbrooke, Que., and all corners of Canada have at one time or another been represented on its register.

But the geographical diversity is not the unique feature of its student roll. The large art family includes young painters who have been working for several years, some who have had no instruction except that of the public schools, a few artists who go down for the week-end and high school teachers who are adding the outdoor training to their regulation Summer courses, and students from the college courses, and others from the college whose work here will count as a definite credit on their diploma course. The ages run from fifteen up.

All these are comprehended in the instruction given by Mr. Beatty, for the school is "school" indeed, and no mere art vacation. Three days a week Mr. Beatty accompanies the students to sketching ground, giving individual criticism and instruction. Two days there are lectures.

BUILT IN 19TH CENTURY

Corbett's mill was built on the Genesee River about a mile south of Port Hope in the early years of the nineteenth century. When the original building was burned the present structure was moved eight miles to replace the former mill, and the high stone work which supports it on the steep bank was built under it. And the "oldest inhabitant" of the district vouches for the fact that the mill in its picturesque old Ontario valley was used until a few years before it was bought by the Ontario College of Art in 1929. Water sweeping grey-green over the apron of the old dam falls white in a slip quickly by the abutments of a bridge that carries a road over the ravine rumble up through the meadow, then passes the mill in deep shadow. And on the near horizon where the fields slope up the figure of a farmer making hay is silhouetted against the sky.

The stonework of the mill goes up to old timbers. Across one end reached like a balcony by a wooden stair, is the girls' dormitory where twenty-four can be accommodated. The lofty main room is the studio in working hour; and a badminton court at night while the alcove under the balcony has old wooden benches.

TODAY'S RECIPE

Blackberry Jelly—Ingredients: 4 cups (1 lbs.) juice, 1 bottle pectin, 7½ cups (3¼ lbs.) sugar.

Use only fully ripened berries. Crush thoroughly and drip through jelly bag. Do not drip overnight, as unstrained juice ferments quickly. Measure juice and sugar into large saucepan, stir well, bring to a boil. At once add pectin, stirring constantly, and bring again to a full rolling boil, and boil one-half minute. Remove from fire, let stand one minute, skim, pour quickly. Cover hot jelly with film of hot paraffin, wipe jelly cold, cover with one-eighth inch of hot paraffin. Boil glass to spread paraffin on sides. Requires about twelve guests berries. Makes about fifteen eight-ounce glasses.

EXTENSION OF GYROS IS IMPORTANT NEED

H. N. Bibbald Tells Victoria Members of Recent Conventions

The keynote of the recent District and International Convention of Gyro Clubs was that there should be every effort made towards extending the movement which was compatible with the keeping down of International expenditure, said H. N. Bibbald, Victoria representative to the convention, in addressing yesterday's luncheon of the Gyro Club, held in the Empress Hotel.

Mr. Bibbald traced the course of the convention, which started in Tacoma on Monday, July 14, most of the delegates having arrived the previous night.

"Before I started from Victoria," said the speaker, "I had somehow got it into my mind that conventions were meetings whose ultimate usefulness was overrated, and which largely provided the delegates with an abundance of entertainment.

"My experience of the Tacoma convention has entirely reversed my opinion, and I am now firmly convinced that gatherings of this nature are not only extremely useful in improving and adjusting the internal arrangements of the organization, but are also of paramount importance in fostering that spirit of friendship which is the essence of the Gyro movement.

Mr. Bibbald spoke in enthusiastic terms of the appointment of J. A. Northey, of Toronto, the new international president of the organization.

"He is in every respect a wonderful fellow," said Mr. Bibbald. "Quiet, unassuming, and, to my way of thinking, head and shoulders above anyone else whom we could have selected."

A visit had been paid to Olympia on the Tuesday afternoon, he continued. Here the four hundred delegates had been ship entertained by the twenty-nine Gyro members whose home is in the state capital of Washington.

On the Thursday a most enjoyable trip had been made to Seattle, a meeting of the presidents committee being held on board the steamer.

Mr. Bibbald praised the work of the committee which had taken the greatest pains to ascertain the opinions of the delegates before drafting the resolutions, and had thus mitigated much of the delays which would otherwise have been inevitable in the general meetings.

During the luncheon a number of excellent selections were given by Gyro orchestra.

"DENTAL SPAR"

In addition to the production of high-grade pottery feldspar, there is also a small output in Canada of "dental spar," a superfine grade of feldspar used in the manufacture of artificial teeth. While the demand for this class of feldspar is necessarily limited Canada is believed to be the chief source of the world's supply.

Society Notes From Vancouver

VANCOUVER, July 26.— Mrs. Austin Taylor was a luncheon hostess on Friday in a private suite of Hotel Vancouver when far guests were: Mrs. C. E. Thomas, Mrs. George Kidd, Lady Tennant, Mrs. Alfred E. Bull, Mrs. Julius Griffith, Mrs. W. E. Hodges, Mrs. A. T. Hiam, Mrs. Gordon Foote, Mrs. J. C. Ross, Mrs. E. P. Davis, Mrs. Alfred Mason, Mrs. E. J. McMillan, Mrs. E. E. Palmer, Mrs. J. W. Stewart, Miss Ruth Fisher, of San Francisco; Miss Wilson, of Calgary, Mrs. Fordham Johnston, Mrs. A. D. Brooks, Mrs. Mayne Hamilton, Mrs. Walter Brais, Mrs. R. W. Wood, Mrs. Henry Leggatt, Mrs. J. P. Fell and Mrs. W. F. Burns.

HEALTH PROBLEM IS SOLVED FOR MANY

They Eat Kellogg's ALL-BRAN Daily

Constipation is the most common menace to health today. It is extremely dangerous in itself and is the source of many other complaints, including anemia. There is no permanent relief in pills, drugs or purges. Many of them are dangerous.

Kellogg's ALL-BRAN is positively guaranteed to relieve and to prevent both temporary and recurring constipation. If it does not, money will be refunded.

Kellogg's ALL-BRAN is roughage. And roughage in food helps eliminate the possibility of constipation. Most modern foods do not contain roughage. Two tablespoonfuls of Kellogg's ALL-BRAN daily is the proper amount. In recurring cases, ALL-BRAN should be eaten with each meal. It is an essential in any reducing diet. In addition, Kellogg's ALL-BRAN contains iron, the blood builder. It is the original ALL-BRAN, proved effective by millions and recommended by physicians.

Kellogg's ALL-BRAN has an appetising flavor. Eat it with milk or cream, in cereals and fruit juices. In soups and in cooked foods. Your grocer has ALL-BRAN in the red-and-green package. Made by Kellogg in London, Ontario.

LAUNDRY CLOSES UP AND STAFF MEANDERS

Employees of New Method Laundries "Clean Up" at Annual Picnic

The annual picnic of the employees of the New Method Laundries, Limited, was held at Deep Cove on Saturday, when about three hundred and fifty people were present during the day.

The families and friends of the staff congregated at the Laundry buildings on North Park Street at 11 a.m. On arrival at the Chalet grounds they found Jim Kean already decked out in a chef's uniform and wearing his best Irish smile all over his face with tea and coffee for the luncheon which preceded the well-prepared sports programme. Promptly on time the sports committee took matters in hand and kept things humming for four hours with athletic events which help the interest throughout and also provided amusing incidents.

The men's novelty race will in future be referred to as the "tale of a shirt," and some of the ladies present came close to hysteria on viewing the "hay-wire" pedal pyrotechnics of the boys fleeting over the sward with shirt tails flying, but the fair ones were saved from utter collapse when the boys raced for the tape on the last lap in their bathing suits.

The speed merchants were given an excellent opportunity to show their wares in the relay race, and the Ker & Stephenson Cup was won by Mr. Jones, salesman.

Another feature event was the tug-of-war between the girls of the finishing department and the semi-finish department. The cup was symbolic of the championship, which was promised for the first time last year and won by the finishing girls, who again won by Miss Lightfoot's girls.

In the men's tug-of-war the salesmen, who were also defending the championship won last year, put up a dour struggle to retain the honor, and will hold the cup for another year.

A humorous interlude was provided through the medium of a "rock fight," when half a dozen of the young men were paired up and set in a ring to fight it out. Archie Muir proved a keen winner, and by defeating all comers he is permitted to crow about it until next year. His reward was a "popping pen."

Immediately following the sports events the prizes were presented by Mrs. W. F. Percival, wife of the president, and then everybody adjourned to the dance floor. "Inner man" was satisfied, an exhibition ball game was put on by the members of the company ball team and other members of the staff, and some real snappy ball was served up for the onlookers and the game resulted in a win for Dunderdale's team.

Arrangements for the picnic were in the hands of the following committees: Arrangements committee: Mrs. W. F. Percival, Mrs. Cole-Hartley and Jones; finance and ticket committee: Masters and Miss Elliott; refreshment committee, Miss Lightfoot and Keast; transportation committee, Messrs. Jones and Hartley; sports committee, starter, J. Hartley; handicappers, W. Jones and E. Rushton; course stewards, George Lee, A. Muir, E. Collier, D. Belnave, A. Dunderdale, C. Prescott, W. Fry, A. Harford; judges, F. Meadows, J. Smith, D. Pye; records, Masters; advance guard, Jim Kean; prizes committee, J. Gardiner and Miss Moore.

FAVORITE CANADIAN APPLES

Canada has a wide range of apple varieties and the question as to which of these is the most popular provides a good deal of interest. In a survey conducted by the fruit branch of the Dominion Department of Agriculture, the McIntosh was shown to have a marked preference in Canada generally. Next came the Spy, then the Gravenstein, then Delicious, and then the Baldwin.

Tourists Urged To Keep Garbage Away From Water

NEW YORK, July 28—An investigation of many scenic regions of pollution which make many of the finest fresh water streams and lakes unfit for game fish or human beings, has brought a great deal of consternation results from the careless fashion in which many tourists and vacationists dispose of refuse, according to the American Game Protective Association here.

"It seems to be a common practice to use certain forms of rubbish for filling in low places along lakes and streams that are detrimental to fish life and persons who go in bathing. Dried leaves, grass, garbage of all forms, ashes, sawdust, coal, cinders, log slabs, decayed wood, etc., all decompose at a rapid rate, when mixed with water," Carlos Avery, president of the association said.

"It is a good rule not to dump anything other than tin cans from any body of fresh water. Whenever possible, pure dirt, sand or gravel should be used in filling in low places in lakes or streams," he advised.

* * *

The late Archbishop Ireland of St Paul and Rabbi Seligman, of New York were fast friends, but they liked to jar each other. The archbishop was giving a dinner, and one of the guests was the Rabbi.

Said the Archbishop: "When can I serve you some of this delicious Virginia ham?"

"At your wedding your Grace," replied the Rabbi.

DRESSMAKING IS FEATURE OF TYPOS' PICNIC

Local Nine Wrests Inter-city Cup From Nanaimo Athletes

SINGLE LADIES WIN TUG-OF-WAR

Printers, wives, families and friends to the number of 150 participated in the second annual joint basket picnic of the Vancouver Island Typographical Unions on Sunday at Deep Cove. Nearly the entire contingent helped greatly in making the day a splendid success, though the Coal City ball nine lost the Pocock Cup to the local typesetters, 18-5, and also held the losing end of the rope in the intercity tug-of-war. In addition to the big field sports programme, the varied features of The Chalet were fully enjoyed.

Easily the most diverting event of the day was the fancy dress-making contest, won by Mrs. A. E. Hough, of Mrs. Hough and J. F. Hough, with Mrs. Woodley, dressing P. J. Woodley, second. Some rather novel costumes were evolved with the aid of newsprint, crepe streamers and a few pins, and it was quite a task for Percy Watson, of the Acme Press, and Mrs. Watson to place the competitors. The married ladies were the match for their single rivals in the tug-of-war, being pulled over the line in short order.

After supper the prizes were distributed by little Bobby Brown, son of President R. J. Stewart, of Nanaimo Union, while John Burton Paul, of Nanaimo, cheerful as ever in duties, handed out the literarily mug to Bert Pickup, of the local nine, for a year's custody.

The following had charge of the affair: J. F. Hough (chairman), J. R. Begg, J. Simpson, V. J. Baines, L. Colton, J. A. Bickley, J. D. Davidson (announcer); A. W. Stokes (starter); A. E. Johnson, L. H. Borde and T. Chinnery (judges).

NAMED BY FRANKLIN

Bathurst Inlet and Coronation Gulf were so named in 1821 by the celebrated Sir John Franklin, 1786-1846, who on his first overland expedition to the Canadian Arctic in 1819-21. The gulf was so named because it was the coronation year of His Majesty George IV. The name Bathurst Inlet commemorates Henry, third Earl of Bathurst, (1762-1834), who was, at the time the name was given, Secretary for the Colonies

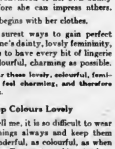
THE Secret of Poise
THAT COMMANDS ADMIRATION!



ELINOR GLYN
tells the women of
VICTORIA

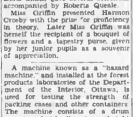
I KNOW a girl who is neither beautiful nor very plain. Just ordinarily good looking, like most of us.

But she has a serene poise that commands admiration; men instinctively stop to look at her, are proud to be seen with her.

She told me once that she deliberately builds up in herself a consciousness of femininess. She realizes that she herself must first be convinced of her own dainty femininity before she can impress others.

Wisely, she begins with her clothes.

One of the surest ways to gain perfect poise, she says, and here Elinor Glyn is invaluable aid. As in the case of your dainty lingerie—frocks, blouses, scarfs,



(Left) After 12 washings with an ordinary good soap—silk fibres a little out of place—less dense—Lustre impaired, colour off

(Right) After 12 Lux washings—every thread in place—silk and lace fibres retain colour intact. Retains all the charms of new.

LUX

If it's Safe in Water It's Safe in LUX!

Lever Brothers Limited, Toronto—Soap-makers by appointment to their Excellencies the Governor General and Viscountess Willingdon

L4011

Wonderful colours, shimmering, lace-edged evenings — they build up in you the happy consciousness of feminine charm.

When truly confident of charm, you inevitably have the serene poise that commands instant admiration from everyone!

And in Your Home, Too

Pride in a charming home gives you poise, too, and here Lux is also an invaluable aid. As in the case of your dainty lingerie—frocks, blouses, scarfs, too—so with your draperies, linens, slip covers. Ordinary soap will take away some of the colour pigment, whereas Lux preserves colours and textures in their perfect, new state.—*Elinor Glyn.*

"When I wear those lovely, colourful, feminine things, I feel charming, and therefore I am," she says.

Keep Colours Lovely

But, women tell me, it is so difficult to wear lovely underthings always and keep them looking as wonderful, as colourful, as when they were new. Frequent washing (and we must be dainty) takes some of the lovely colour and charm out of the garment.

To this I reply, that is too often the case, but it need never be so if women faithfully use that invaluable product, Lux—which is made especially to cleanse without disturbing the vibrant loveliness of the colours. If a garment is safe in plain water alone, it is just as safe in Lux.

Social and Personal

Personals, Parties Visitors

Arrive From Ireland

Miss H. Maher and her brother, Mr. Vel Maher, son and daughter of Mr. and Mrs. W. S. Maher, former residents of Victoria, have arrived from Dublin on a holiday trip. They are at present the guests of Mr. and Mrs. H. M. Lewis, Sinclair Road, and before returning home will make a motor tour of the Island.

Engagement Announced

The engagement is announced of Janet Arden, only daughter of the late Mr. James Gourlay-Laing, of Glasgow, Scotland, and Mrs. Gourlay-Laing, of Monterey Avenue, Oak Bay, to Mr. Charles Phillip Edward Fetherstonhaugh, eldest son of Mr. and Mrs. P. Fetherstonhaugh, of Portman Square, London, England.

Miss Lexie Cockburn, of London, Ont., is a guest at the Cadboro Bay Hotel.

Governor-General Visits Health Unit

THIS picture was taken when Their Excellencies Lord and Lady Willingdon visited the County Health Unit in Beauceville, Quebec. This Health Unit was the first to be formed in Canada and has been operating on full-time for a number of years with great benefit to the surrounding communities. A motion was made in the House of Commons during the last session asking the Canadian Government to consider subsidizing these small full-time medical health departments in rural communities from coast to coast.

Island Social Notes

Ucluelet, Long Beach

Mr. Kenneth Duncan, of Duncan, is spending a few days on Long Beach.

* * *

Mr. Jack Kemp, of Coal Harbor, arrived in Ucluelet last week.

* * *

Captain Thompson, of the Bayview Lodge, has returned after a short visit to Tofino.

* * *

Mr. and Mrs. W. L. Miller and two children, Coal Harbor, are visiting in Ucluelet.

* * *

Dr. and Mrs. C. Palmer were visitors at Long Beach last week.

* * *

Mr. W. F. Burns left for his home in Duncan on Sunday after spending a short holiday at Long Beach.

* * *

Mr. J. L. Beckwith was a recent visitor at Long Beach.

* * *

Mrs. R. Leslie and children, Port Renfrew, are visiting in Ucluelet, and are the guests of Mrs. LeMont's mother, Mrs. A. Baird.

* * *

Mrs. W. L. Thompson has returned after spending some time in Victoria, and was accompanied by her sister, Miss Agnes McLean, of Victoria.

* * *

Miss M. Lavana, Vancouver, is the guest of Mr. and Mrs. H. J. Miller.

* * *

Galiano

Guests at Bluff Lodge this week include: Mr and Mrs W. J. Poulton, Mr. and Mrs. G. D. Mitchell, Miss Mildred Mitchell, Mrs. J. Douglas, Miss E. Douglas, Miss Beaton, Mr. F. Wilkinson, Mr. and Mrs Robert Porter, Mr P. T. Hardwick, Miss J. Howe, Mrs. A. L. Howie, Miss M. Duke, Miss Alice Cline, Mr. F. Bell, Mrs. L. Lison, Mrs. J. M. Fleming, Miss Edith Fleming, Mr. and Mrs. A. T. Thomson and Miss Marion Harris.

GUIDES ARE BACK FROM ANNUAL CAMP

Outdoor Activities at Patricia Bay Much Enjoyed by 142 Girls

After a very successful ten days' camp at "Bradley Dyne," Patricia Bay, 142 Guides have returned to Victoria. The camp was attended by many visitors, among the most frequent being the three district commissioners, Mrs. Geir, Mrs. L. A. Genge and Mrs. George Phillips. The provincial camp adviser spent a week-end in camp also. A number of out-of-town Guides qualified for badges, the swimmer's badge being particularly popular. Many hikes and picnics were organized for the first class badge, while second class tests kept the remainder of the girls busy.

By courtesy of Miss Payne the camp was pitched near Bradley Dyne, the four companies finding ample accommodation. The Guiders in command were Miss Myrtle Oale, Miss Stirling, Mrs. New and Mrs. Chadley-Smith. Although the scarcity of available Guiders was more noticeable than ever this year every company in the division was represented, also the Bell Spring company from the South Cowichan district. Mrs. Donald Row was camp commandant of Group 1, and Miss Kelly, Miss Bagley and Miss Sibbord were quartermasters of Groups 1, 2 and 4.

The splendid work done by Miss Stirling and Miss Oale in attending to the preparations was much appreciated, and General Gwynne and Mrs. Gwynne conducted parade service.

Rev. T. M. Hughes held service on Sunday afternoon, and it was collected for the Solarium after the service.

COLWOOD

A garden party will be held at Hatley Park tomorrow by the Colwood Women's Institute in aid of the Alexandra Solarium Cross Line buses will leave the Dominion Hotel at 1.30 and 2.30 p.m., and return at 4.30 and 5.30. Reservations may be made by telephoning 3200.

The girl friend says she's just heard of somebody who reports a vacation that cost less than estimated, but she hasn't had a chance to find out if it is a fact or mere rumor.

Teachers Are Married At Christ Church

The wedding of Dorothy Winnifred, daughter of Mr. and Mrs. H. A. Brooks, Moss Street, and Mr. James Talbot Bruce, son of Mr. and Mrs. J. P. Bruce, Bay Street, was celebrated in Christ Church Cathedral on Saturday night at 8 o'clock, Very Rev. C. S. Quainton, Dean of Columbia, officiating. The wedding music was played by the organist, Mr. Stanley Bailey. The bride was given in marriage by her father, and she wore a lovely gown of ivory crepe back satin, cut in princess lines, and an embroidered net veil interlined with tulle, which was arranged to her head with a chaplet of orange blossom. She carried a shower bouquet of bridal roses and lilies of the valley. Her only attendant was Miss Dorothy Donnelly, of Edmonton. She, wearing a gown of yellow chiffon and hat to match, She carried a bouquet of mauve sweet peas and yellow sweet pea. Mr. Basil Brooks supported the groom, and the ushers were Mr. W. Smillie, of Courtenay, and Mr. Howard Tyrell, of Victoria.

A reception followed the service at the home of the bride's parents, where the bride pair, standing under an arch of sweet peas, received the guests, assisted by Mrs. Brooks in a creation of flowered chiffon in shades of blue and pale yellow and hat en suite; by Mrs. Bruce Sr., in a pink flowered silk voile robe and beige leghorn hat, and by Mrs. Smillie, of Courtenay, sister of the groom, in a navy silk ninon and a yellow lace hat.

After a motoring trip in the Okanagan, Mr. and Mrs. Bruce will make their home on Carnsew Street. The bride travelled in an ensemble of mauve and beige georgette and a beige hat.

Among the beautiful gifts received was a case of flat silver from the children of the Goldstream School and a pastel check and silver vases from the pupils of the Colwood School, where the bride and groom had taught respectively.

MAYOR APPEALS TO VICTORIA RESIDENTS TO AID ANNUAL FAIR

Stay at home and help make the annual Provincial Fair and the Willows the success it deserves is the appeal of Mayor Anscomb to the people of Victoria. The vacation season is at hand and many of Victoria's citizens will be making plans for holidays during August. The Mayor respectfully requests Victoria residents to keep in mind "fair week" August 16 to 23. The Mayor's appeal is also extended to officers and members of public, industrial and fraternal organizations planning picnics and field days for next month.

Officers and directors of the Provincial Fair are sending their efforts towards making the 1930 exhibition a record for attendance and the Mayor hopes individuals will do their part in assisting the men behind the project.

Annual Re-Union Held At St. Anne's

In connection with the annual reunion of the former pupils of St. Ann's Academy yesterday, a delightful concert was given in the afternoon in the auditorium of the school, which was brightly decorated with masses of flowers for the occasion. The stage was arranged with fern and tall vases of gladioli, roses and Shasta daisies. The entertainment started with the company singing the first verse of "O Canada." Miss Ethel Rale then made several interesting announcements, and mentioned that several former pupils were present after an absence from Victoria of many years including Mr. Benedict Bantly, of California, and Mrs. E. A. Bantly, of Doncaster, England. The following programme was given: Piano solo (a) "Romance in D," (b) "Valse Grotesque," Mr. Benedict Bantly; recitation, "Si Ives' Poor (Marjorie Pickthall), Miss Ethel Rale; songs, "Just a Wearyin' for" Minnetonka," Mrs. D. B. McConnan; encore, "Cuckoo"; monologue (in costume), "I Couldn't Help It, Could I?" (Cyprian Duer), Miss Vivien Combe.

Later the proceedings came to a close with the benediction of the blessed Sacrament in the chapel, when another former pupil, Mister Mary Patricia (Nellie Lombard) sang "The Lord Is My Shepherd."

Dancers at Hamsterley

Miss Cortis Leeder won the questioning contest at Hamsterley on Saturday night. Among the dancers entertained were Mr. and Mrs. Mere, Dr. and Mrs. O. F. Pett, Mr. and Mrs. J. ANTI-HAPSBURG SOCIETY FORMED

Creation of Body Spurs Hungarian Legitimists to New Efforts

OPPOSE OTTO'S RETURN

By JOHN CONNIFFE
(Copyright, 1930, by The Chicago Daily News Foreign Service)

VIENNA, Austria, July 26—The formation in Budapest of an Anti-Hapsburg Society for propaganda against the return of Prince Otto has resulted in encouragement of the Legitimists rather than otherwise, according to reports here.

This is due to the fact that General Gomboes, present Minister of War, who led the Hungarian Army against Otto's father, Emperor Karl, and who has been long considered the chief anti-Hapsburg personage in Hungary, has not joined the society.

This is taken to indicate that General Gombos, with his powerful following, is perhaps now converted to the Hapsburg side. Several members of the Government party, however, have joined the Anti-Hapsburg Society, which is inspired mainly by the Socialists.

REBATE OF INCOME TAX IS EXPLAINED

Donations to Charity and Allowances to Extra Dependents Are Involved—Special Forms

Individuals entitled to income tax refunds and adjustments on donations to charitable organizations or on account of dependents, resulting from changes that arose within the Dunning Budget, may secure special forms for their claims from the Inspector of Income Tax, Wisell Building, 739 Hastings Street West, Vancouver, and the Department of National Revenue is anxious that such claims should be filed without delay.

A statement issued yesterday by Norman Lee, Inspector of Income Tax for Vancouver, said:

On April 30 last all persons liable to payment of income tax were obliged to file returns and make either complete or partial payments based on the law as it then existed. The following day (May 1) the Honorable the Minister of Finance introduced in his budget speech several amendments to the Act and the relative bills were discussed, amended and passed by the Parliament of Canada and finally given royal assent on May 30 last (20-21 George V, Chapter 34).

THE PRINCIPAL ITEMS

The principal items in which the general public is interested come under two heads.

1. An allowance for deduction from income of donations made to charitable organizations to the extent of 10 per cent of the net taxable income.

2. An additional exemption allowed in certain cases for the maintenance of other than the dependent children of the taxpayer.

The carrying into effect of these amendments will involve the examination of many thousands of applications for relief, and new machinery is being set up for the accomplishment of this purpose. Special forms have been provided by the department and a supply of these is in the possession of each inspector's office, where they may be had on application by any person interested. These forms are known as Form T.1. Donations and Form E.1.C. Rev., the latter covering claims for dependent persons. The forms themselves explain exactly the rights of taxpayers and the manner of establishing them.

The definition of a charitable organization covers: (a) trusts or organizations for the relief of poverty; (b) trusts or organizations for the advancement of education; (c) trusts or organizations for the advancement of religion; (d) trusts or organizations for other purposes beneficial to the community not falling under any of the preceding heads, and to all cases the organizations must be operated exclusively for a charitable purpose, and no part of the income must inure to the benefit of any private person, member or shareholder thereof.

All contributions must have been paid within the year for which the return is made and no contributions anterior to 1929 can be considered. Proof of payment must accompany the filing of the forms and must show the amount of the gift, the character of the recipient organizations and the year in which donation was paid. Donations payable over a term of years can only be claimed as and when the obligation of the donor has been carried out.

IMPORTANT AMENDMENT

Another important amendment to the act makes an allowance of $500 for each parent, grandparent, brother or sister incapable of self support on account of mental or physical infirmity, who is dependent upon the taxpayer for maintenance.

It is the earnest desire of the Department of National Revenue that all persons who may be entitled to relief under the amendments will promptly communicate with the inspector's office in their respective districts, secure and file the forms without delay.

TROUT THRIVE BEST IN WATER NOT TOO WARM OR TOO COLD

NEW YORK, July 26.—Trout seem to thrive best where the daily maximum temperature does not exceed 68 degrees and the temperature variation throughout the day is not too great, according to the American Game Protective Association.

Many people once believed that trout thrived best where the water was coldest. Many fish culturists now deny this theory. Among others, Jan Metzelaar, biologist of the fish division of the Michigan Department of Conservation, believes that an extreme water temperature has kept many plantings of young trout from maturing. Trout alter water that is either too warm or too cold.

FAVORITES ADVANCE IN B.C. NET TOURNAMENT

Young Stribling Wins From Scott by K.O. in 2nd Round at London

Macon Heavyweight Puts British Champ to Floor Four Times in First Session—35,000 Spectators See Mix

WIMBLEDON STADIUM, LONDON, July 28.—Victorious hopes England had for a world heavyweight champion were blasted tonight by the sledging fists of W. L. (Young) Stribling, pride of Georgia. The heavily Macon youngster knocked out Phil Scott, gasoline Britain international carrier, in two rounds and did it so thoroughly that as far as England is concerned the career of their champion is closed. A record crowd of

TUFFO STRIBLING

35,000 saw Stribling beat him to the floor four times in the first round with a right kick-off with a smashing left hook to the chin in the second. Stribling completely outclassed Scott. Britton in the ten-round engagement that was billed for "the champion-ship of the world."

As a crowning anticlimax to his man's psychic hopes, about all Joe Beckett slandered through the ropes after the knockout and stammered the winner to battle with a bet of £500 sterling on the side.

Scott, at least, had the satisfaction of not being counted out on the back. The American's final smash, tearing through Phil's nose defenses, caught him full in the ribs with terrific force and sent the English-man twisting to the canvas. He quickly raised himself to one knee but there was an agonized expression on his face as he took the full count.

UNABLE TO RISE

At no time did he make a supreme effort as if to rise, and Stribling who had fought with tigerish ferocity, had a right-hand punch ready for him. Scott waved his arms in a frantic, hopeless gesture of defence and slipped back on his haunches. He never got to his feet.

There was no cry of foul to mar the knockout. Stribling left the ring unscarred and cheers greeted his struggle in the passage as the jammed aisle to the dressing-room. While boos almost as loud followed Scott, who failed Britain and himself in his last chance for glory. By tonight's affair Scott's ring career may be considered closed in this country, while Stribling is regarded as the logical opponent for a world title battle with Max Schmeling.

ROUND ONE

Stribling bored with the English man for a few moments and then landed his famous right to Scott's chin following it with a series of lefts to the head. The men were warned for wrestling. Stribling nailed his man and Scott went down for a count of five. Just as he rose a left to the stomach dropped the Englishman for a count of seven. Fighting like a tiger Scott sailed into his man and dropped him again, this time for nine. Scott went down again just before the bell.

ROUND TWO

Scott led with a left but Stribling stepped inside and drove a hard left to the stomach. Scott showed some fight and landed a series of body blows before he clinched. A left to the face brought a block of blood from Stribling's nose. Scott paved the way for an opening with his left, then landed lightly on the Southerner's face. Stribling rocked Scott with a right to the head. Both landed hooks to the body. Scott missed two shots and Stribling nailed a right on the Englishman's chin, and a left in the ribs that put Phil down. Scott tried to rise but could not get up and the referee counted him out, and did it over the mingled boos and cheers of spectators.

JOKERS WALLOP EAGLES, 14-1

Go on Hitting Spree in Decisive Victory Over Feathered Tribe

HOLDEN MAKES HOMER

Jokers went on a rampage last night, and before the smoke and dust had cleared away they found themselves on the long end of a 14-1 score against the Eagles. Jokers were in a real hitting mood and clouted seventeen safeties off the offerings of two feathered tribe hurlers. Holden for the winners was stingy, allowing only four safe hits-three in addition to his five chucking he clouted out a circuit drive

PRIMO CARNERA'S HEARING POSTPONED

Giant Italian to Be Allowed to Present Further Evidence at Immigration Probe

WASHINGTON, July 28—At the request of Primo Carnera, Italian pugilist, the Labor Department board of review today postponed until Friday a hearing which was granted him in stay of an order requiring him to leave the country as an alien inadmissible for permanent residence.

Carnera was said to have ring engagements in Cleveland, which made it impossible for him to come to Washington.

The boxer entered the country originally as a temporary visitor. When his six months' time expired he was refused an extension and has lifted that he would have to leave.

A reconsideration was sought. The immigration service granted it with the result that the further hearing was scheduled, at which may be presented evidence which he considers would justify the Government in extending his stay.

NANAIMO SOFTBALL

NANAIMO, July 26.—Last night Nanaimo softball team chalked up another victory to their list by defeating the Reds Stadium boys 18 runs to 13 The first four innings were very close, but in the fifth the Mets piled up ten runs.

The Aliens were poor in their fielding. Brick" Thomson, their pitcher, turned in a great game but didn't have much support from his rear. The Mets hit hard, Richardson clouting a homer and Jackson a three-bagger.

Batteries—Mets: Hindon and Styles. Aliens: Thomson and Main. Umpire, Phil Piper.

Johnson Directs the Taming of Shires

By AL DEMAREE
(Former Pitcher New York Giants)

The acquisition of Arthur Shires, one of the live wire artful dodgers left in baseball, by the Washington Senators, will give Manager Walter Johnson a chance to prove he can manage a temperamental baseball player.

Connie Mack proved they can be managed when he got plenty of good baseball out of Rube Walberg, Jimmy Dykes and Sammy Hale, but Walberg, probably the world's most famous tamer and manager of wild animals of the human variety.

Once upon the list of eccentric baseball geniuses that have played ball for him in years past, "Bugs" Raymond, Cy Seymour, Larry McLean, Frank Bowerman, Joseph Delmore, Dummy Taylor, Harmar Zimmerman, Arlie Latham, Percy Bellush, Mike Donlin and Earl Smith.

Earl Smith was the only one of this colorful crowd that he couldn't tame.

France Retains Davis Cup by Win Over U.S.

Keep Prized Tennis Trophy for Another Year by 4-1 Victory—Borotra Captures Deciding Singles Battle From Lott

By ANDRE CLARVEN
French Tennis Expert.

ROLAND GARROS STADIUM, PARIS, July 27.—By the comfortable margin of four victories to one, France defeated America in the finals of the Davis Cup series to be played here ending today.

The final chance America had of lifting the cup passed when Jean Borotra beat George Lott in the first match of the day and the fourth of the series. The scores of this match were 5-7, 6-2, 2-6, 6-4, 6-4.

While the last match of the series, that between "Big Bill" Tilden and Henri Cochet, had no bearing on the the final result, both played spectacularly and the crowd of 12,000 saw one of the finest tennis matches ever played here. Cochet won, 4-6, 6-2, 6-1, 7-5.

The first match of the day was lost by Lott in heartbreaking fifth set. After six consecutive games had gone with service Borotra broke through Lott, scoring two beautiful returns sweeping the ball along the alley almost to the base line. Lott had made the mistake of rushing to the net.

By that time fifty-one games had been played, in the course of which Borotra saved 172 points to Lott's 168. It was one of the most stirring tests for the great crowd which packed the stadium. Nearly ten thousand others remained outside, unable to gain entrance.

This huge French gathering followed nervously every bale breaking into pandemonium when their idol had once more kept the cup on this side of the Atlantic. But the result was only obtained after Lott had clearly demonstrated how fully he deserved selection on the American team playing Borotra in a singles match; of the time and preventing the famous "combined Basque" from carrying on his usual net game.

The end of the challenge round came after one of the prettiest and best played tennis matches ever witnessed, a lift in which Tilden was unable to withstand the unrelenting craftsmanship of Cochet. Quite contrary to the preceding match, which was at once a comedy of errors and a battle, the Tilden-Cochet affair was a battle of placements between two masters.

DRAW REGISTERED IN EXHIBITION CRICKET

Cowichan and Pole Hampton's Eleven Halt Play on Account of Failing Light

Friday's exhibition cricket match at Cowichan between the home eleven and a side skippered by E. H. Pole-Hampton ended in a draw when play terminated on account of failing light. Cowichan were first to bat and defiared at 243 for eight wickets. Their opponents replied with 139 with five wickets when the match was called.

Scores:

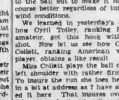
Lumbermen to Meet Jokers for Trophy

Jokers and Moore & Whittington softball teams will meet for the Knockout Cup in the Westholme League as a result of the former's victory last night at the Victoria West Park against the Oakwood squad, 17-4. The final fixture will be played Thursday evening at the Victoria West Park at 6.45 o'clock with Umpires Pearce and Larson in charge.

Glenna Toes in to Insure Run



By SOL METZGER

Among good golfers the run-up is often played to-left, that is to say, with a slight hook. The reason for the hook is to give golf ever run to the ball but to make it hold its own regardless of cross winds and wind conditions.

We learned in yesterday's article how Cyril Tolley, rashing British amateur champion, plays this shot.

Now let us see how Glenna Collett, rashing American woman player, obtains a like result.

Miss Collett plays the ball off her left shoulder with rather firm grip. To insure the run she toes her iron in a bit at address as I have sketched it here. That insures overspin. Of course, she has to allow slightly for the resulting hook. Hence, she plays the ball a bit to the right of the line of the pin. Next—Jim Barnes's idea of the shot.

Marling Scores Seventh Duds of Pro Golf Career

ALEX Marling, professional at Colwood Club, Victoria, made a hole-in-one at the first hole at Qualicum Beach course. The hole is five yards in length. Marling used an iron to sink his shot. This is the seventh duffer to one of Marling's golfing career. His last previous one was made in 1612.

TAYLOR FIFTH IN WASHINGTON GOLF TOURNEY

Local Professional Has Score of 145 for First Thirty-Six Holes

WILDE LEADS FIELD WITH TOTAL OF 138

BELLINGHAM, Wash., July 26.—Chopping four strokes off par on his home course, Bert Wilde, Bellingham professional and Pacific Northwest open champion, gained a one-stroke lead over his closest rival at the end of today's play in the Washington State open golf tournament. Wilde scored a brilliant 70 on the morning eighteen hole round, and then burned up the course with an amazing 68 this afternoon, to forge three strokes ahead of Vic Price, Olympia pro.

The Bellingham ace turned in a total of 138 compared with Price's 141 for the par 71 course.

The championship will be awarded from thirty-one Mike Marble disqualified Miss Charlotte Miller in the finals of the Western Canadian championships at Vancouver last week.

Miss M. Sturgeon, promising young golfer from Nanaimo, British Columbia, advanced into the second round of play through her well-earned victory over Miss M. Miller, of Victoria. Miss Sturgeon's victory was accomplished by her constant attack at the start. With a net game as possessed by Miss Sturgeon, accurate drives and approaches, she should go far in her quest for the championship.

Bradshaw Harrison, seeded No. 1 player, was given a stiff contest before he defeated Ronald Hall, of Victoria, 3-2. Harrison's victory was made after the opponents had battled to a 1-1 deadlock.

R. A. Phillips lost a tough battle to Hocking in the feature singles match.

GOOD PROGRAMME TODAY

Today's matches should bring forth some excellent tennis, both the participants in the play are lefty. Jim Kinney, of San Francisco, Jack Brawn, of Vancouver in a morning match. Robert Hocking, of Portland, meets Robert Johnson, ace of the Rose City, in another feature match before noon. The afternoon games have been arranged so as to provide plenty of excitement for the gallery.

Play will be terminated at the Victoria Lawn Tennis Club throughout the week, the finals being played on Saturday. Plans are now under way to finish the tournament by that time should this go into effect. It would eliminate a player having to play three matches in one day, as Harrison was forced to do last week.

TENNIS RESULTS

The results follow:

Men's Singles

P. Scott Mason defeated H. A. Isaacs, 2-6, 6-4, 6-1.

Bradshaw Harrison defeated W. Hall, 3-2.

B. Hoops defeated T. Forbes, 6-0, 6-0.

R. Johnson defeated O. Cunning-ham, 6-4, 6-3.

J. C. Edwards defeated E. Lesley, 6-2, 6-3.

J. Coughlin defeated R. Graham, 6-2, 6-4.

H. A. Phillips defeated L. Cross, 6-2, 6-4.

Bob Schwengers vs. I. Phillips, 6-3, 6-1.

C. H. Raymond defeated Rogie Matthews, 6-4, 6-3.

H. Pruneff defeated C. Sluggett, 6-2, 6-2.

P. Gove defeated J. Parker, 6-6, 6-2.

D. Lewis defeated D. Wickett, 6-1, 6-4.

J. D. Campbell defeated D. Denbigh, 6-0, 6-0.

Jack Cornwell defeated R. A. Phillips, 12-10, 6-3.

Men's Doubles

Harrison and Hoogs defeated Charterwood and Denbigh, 6-0, 6-0.

Lewis and Johnson defeated Bugsee and Forbes, 6-4, 6-3.

Rayment and Hammond defeated Barkley and H. A. Phillips, 6-2, 6-4.

McCollum and Gordon defeated Evelyn and Cornwell, 6-4, 6-3.

Corfield and Lesley defeated Jones and Schwengers, 6-2, 6-7, 6-2.

Pruneff and Warren defeated Cornwell and Phillips, 7-5, 14-16, 6-1.

Women's Singles

Miss H. Wilson defeated Miss R. Rayment, 6-4, 6-1.

Miss H. Campbell defeated Miss M. Postlethwaite, 6-1, 6-3.

Miss M. Pinsent defeated Miss Orvis, 6-2, 6-4, 6-1.

Miss A. Mirable defeated Miss J. List, 6-0, 6-2.

Mrs. D. S. Perow defeated Miss Kitchen, 6-1, 6-1.

Miss M. Campbell defeated Miss L. Brydon, 6-0, 6-0.

Miss J. Campbell defeated Mrs. Sharpe, 6-7, 6-3.

Miss D. Perow defeated Miss P. Jackson, 6-2, 6-2.

Miss M. Tyrlow defeated Miss Turner, 6-2, 6-6, 6-4.

Miss V. Ribbel defeated Miss E. Twigh, 6-3, 10-8.

Miss M. Burgess defeated Miss M. Miller 7-5, 3-6, 6-2.

Mrs. Edwards defeated Miss Eversall, 6-2, 5-1.

Women's Doubles

Misses H. and J. Campbell defeated Miss Cochran and Miss E. Bryden, 6-1, 6-1.

Mrs Perow and Miss A. Mirable defeated Miss List and Miss L. Bryden, 6-1, 6-2.

Misses Ni and N Wilson defeated Miss D. Rines and Miss Code, 6-2, 7-5, 6-4.

Mrs. Sharpe and Miss Tough defeated Miss Kitchen and Miss Jones, 6-4, 3-6, 7-5.

TODAY'S DRAW

Draw for today follows:

10:00 a.m.—Kenney vs. Brawn, Gregory vs. Corfield, Mateos vs. Hammond, Ericksen vs. b. Wright, Townend vs. J. Pruett.

11:00 a.m.—Man H. Wilson vs. Miss H. Campbell, Miss M. Campbell vs. Miss J. Campbell, Dr. Buckell and H. A. Phillips vs. R. Matthews and J. N. Gregory, Graham and Coughlin vs. Miss Brawn, Mrs. E. C. Jones vs. Miss D. Perrie, Mrs. Edwards and Miss Miller vs. Mrs. Unsworth and Mrs. Leeming, F. Scott, Mason vs. B. Harrison, Hoogs vs. Johnson, G. W. Phillips vs. F. Ketchum, Bruce vs. Lewis.

2.00 p.m.—Jones vs. Dr. Buckell, D. M. Gordon vs. the winner of Kenney-Brawn, Lewis vs. Edwards, Coughlin vs. winner of Corfield and Gregory, Cross vs. winner of O. W. Phillips and Ketchum, H. A. Phillips vs. winner of Mateos and Hammond, Schwengers vs. Ryall, Mrs. Gregory vs. winner of Mr. Jones and Miss Perrie, Miss McNab and partner vs. Miss Postlethwaite and Miss Perrie, Miss M. Phillipsen vs. Miss Martin, Mrs. Edwards vs. Mrs. Perow.

4.00 p.m.—Miss Cochran vs. Mrs. Imray, Misses M. Campbell and H. Tallow vs. Miss Burgess and Miss Turner, Misses H. and J. Campbell vs. winner of Mrs. Edwards and Miss Miller vs. Mrs. Unsworth and Mrs. Leeming, Misses Wilson vs. Mrs. Perow and Miss Marble.

6.00 p.m.—T. Christie vs. E. Martin, Miss N. Wilson and Dubber vs. Mrs. Leeming and Jackson, Misses Ni and N. Wilson vs. Misses Jackson and Lewis, Mrs. Sharps and Denbigh vs. Mrs. Imray and Brown, Miss Phillipsen and Packer vs. Miss Kitchen and partner, Misses M. Campbell and Schwengers vs. Thompson and Miss Truman.

8.00 p.m.—Miss Tallow vs. winner of Miss Corbett and Mrs. Imray, Miss Charlotte Miller vs. D. Swayne, Miss Dorothy Hammond vs. winner of Dr. Buckell and Imray and Matthews and Gregory, Misses M. Campbell vs. winner of Graham and Coughlin and Hall and Brawn, Sluggett and Miller vs. Bruce and Ericksen, Hoogs vs. winner of Jones and Buckell.

9.00 p.m.—Mateos and Gordon vs. Corfield and Lesley, Edwards and Miller vs. Mason and Kenney, Christie and Martin vs. Matson and Phillips, Gove and Coughlin vs. winner of Miss Tallow and Miss Perrie and Ericksen, Misses Swayne and Denbigh vs. Miss Brawn and Mrs. C. Miller, winner of Miss Campbell and Miss Tallow vs. Miss Perrie and Miss Turner vs. Mrs. H. Sharps and Miss E. Tough.

Cowichan Gains Draw With Bays In Net Fixture

Cowichan and J.B.A.A. played to a six-all draw in a Third Division Island League tennis fixture Saturday. Scores, with the Cowichan players first named, follow:

Women's Doubles

Misses Rose and Mrs. Waddy won from Mrs. Thomas and Miss Phillipsen, 6-0, 7-5, 6-2.

Miss Chrystmas and Mrs. Jackson lost to Miss Wiley and Miss Boyce 6-2, 6-3, 6-4.

Mrs. Leaney and Miss Oldham won from Mrs. Rhodes and Drysdale 6-4, 6-5.

Men's Doubles

H. Leney and Jackson lost to Rhodes and Drysdale 17-15, 1-6, 6-3.

G. and T. Van Ameringaen lost to Waddy and Rose 6-8, 6-4.

Sonybourne and Cresswell lost to Clegg and Musgrave 1-6, 6-6.

Mixed Doubles

Miss Bond and H. Leney won from Rose and A. Chrystmas 6-2, 4-6, 6-2.

Mrs. Waddy and Jackson won from Miss G. Freer and Freer 6-2, 6-3.

Mrs. Christmas and Sonybourne lost to Mrs. Rhodes and Drysdale 1-7, 6-4, 6-7.

Miss Jackson and G. Van Ameringaen lost to Mrs. Thomas and Meiklejohn 6-4, 6-4.

Mrs. Leney and T. Van Ameringaen won from Miss Drysdale and Moller 6-4, 2-6, 6-4.

Sonybourne and Cresswell won from Miss Bams and Clegg, 6-4, 9-6.

Seeded Victoria and Outside Players Win First Matches Easily

Cunningham and Phillips Drop Feature Doubles Match to Warren and Prusoff—R. A. Phillips Extends Hocking

Thirty-six matches were completed on the first day of play in the annual British Columbia lawn tennis championships on the alluring grass courts of the Victoria Lawn Tennis Club here, yesterday. Local and visiting players advanced en masse, although a number were forced to the limit.

Bill Warren, the grey-haired, smiling president of the Seattle Tennis Club, teamed with Henry Prusoff, star of the Seattle Club, defeated Cunningham and R. Phillips, of this city, in three thrilling sets. The play was dominated by Warren's uncanny ability at the net, and Prusoff's bullet-like service. The match was held on the No. 1 court, and kept the enthusiastic gallery on their toes throughout the entire match. The score of the third and decisive set was no indication of the closeness of each game. The final score of this feature match was 7-5, 14-16, 6-1.

Bob Johnson, runner-up to Don Lewis in the junior event of the Western Canadian championships, held last week on the Vancouver Tennis Club courts, met a stone wall in Jack Brawn, and fell victim against Jerry Cunningham, city clay court champion. The first set was a long-drawn-out affair, going twenty-six games before it finally terminated. Cunningham, showing the strain of the first set, willed to lose the second and deciding set. The scores were 14-12, 6-2 in favor of Johnson.

ALICE MARBLE ADVANCES

Miss Alice Marble, the young California marvel, met with little difficulty in her preliminary match against Miss J. List, junior player from this city. Miss Marble conquered Miss Charlotte Miller in the finals of the Western Canadian championships at Vancouver last week.

Miss M. Sturgeon, promising young golfer from Nanaimo, British California, advanced into the second round of play through her well-earned victory over Miss M. Miller, of Victoria. Miss Sturgeon's victory was accomplished by her constant attack at the start. With a net game as possessed by Miss Sturgeon, accurate drives and approaches, she should go far in her quest for the championship.

Bradshaw Harrison, seeded No. 1 player, was given a stiff contest before he defeated Ronald Hall, of Victoria, 3-2. Harrison's victory was made after the opponents had battled to a 1-1 deadlock.

R. A. Phillips lost a tough battle to Hocking in the feature singles match.

GOOD PROGRAMME TODAY

Today's matches should bring forth some excellent tennis, both the participants in the play are lefty. Jim Kinney, of San Francisco, Jack Brawn, of Vancouver in a morning match. Robert Hocking, of Portland, meets Robert Johnson, ace of the Rose City, in another feature match before noon. The afternoon games have been arranged so as to provide plenty of excitement for the gallery.

Play will be terminated at the Victoria Lawn Tennis Club throughout the week, the finals being played on Saturday. Plans are now under way to finish the tournament by that time should this go into effect. It would eliminate a player having to play three matches in one day, as Harrison was forced to do last week.

TENNIS RESULTS

The results follow:

Men's Singles

P. Scott Mason defeated H. A. Isaacs, 2-6, 6-4, 6-1.

Bradshaw Harrison defeated W. Hall, 3-2.

B. Hoops defeated T. Forbes, 6-0, 6-0.

R. Johnson defeated O. Cunning-ham, 6-4, 6-3.

BILL TERRY JOINS RANKS OF BIG SIX

Powerful Giants Hitter Raises Average to .399 After Great Day With Willow

Bill Terry, swinging a powerful willow for New York Giants, pounded his way into baseball's Big Six fraternity as the leading hitter of the select, with the exception of Babe Ruth, last ground. Terry's advance into the sextette removed Lefty O'Doul, Philadelphia Phillies' batsman

CUBS CUT ROBINS' LEAD BY DOUBLE WIN

Chicago Downs Reds In Twin Bill After Return to Home Park

McCarthymen Score 3-2 and 5-2 Victories—Thurston Stars in Brooklyn Win—A's Defeat Yanks in Twelve Innings, 6-5

NATIONAL LEAGUE

CHICAGO, July 28.—The Cubs won both games of a double-header from Cincinnati today to celebrate their return to Wrigley Field. Guy Bush held the Reds to eight hits in the second game, winning by 5 to 3, after Charlie Root had gained a 3 to 2 decision in the opener.

	R.	H.	E.
Cincinnati	2	7	0
Chicago	3	10	1

Frey and Sukeforth; Blake, Root and Hartnett.

Second game—	R.	H.	E.
Cincinnati	3	8	1
Chicago	5	6	0

May and Gooch; Bush and Z. Taylor.

Giants Now Out Philities

NEW YORK, July 28.—Bill Terry's sacrifice drove in the run in the fifth that gave the Giants the 5 to 4 decision over the Phillies today. Terry led the New York attack with four hits, including two homers.

	R.	H.	E.
Philadelphia	4	8	2
New York	5	11	1

Collard and Davis; Chaplin and Hogan.

Robins Down Braves

BOSTON, July 28—Hollis Thurston turned in the second consecutive brilliant exhibition of pitching today, holding the Boston Braves to two hits as the Robins won 2 to 0. The Robins bunched their seven hits off Cantwell to score 2 runs in the fourth and another in the sixth.

	R.	H.	E.
Brooklyn	2	7	0
Boston	0	2	1

Thurston and Lopez; Cantwell and Spohrer.

AMERICAN LEAGUE

CLEVELAND, July 28.—Scoring two runs in the last half of the ninth, Cleveland won 7 to 6 victory over Detroit in the series opener here today.

	R.	H.	E.
Detroit	6	12	2
Cleveland	7	12	2

Uhle, Hogsett and De Shong; Brown, Jablonowski and L. Sewell.

White Sox Stop Browns

ST LOUIS, July 28.—The Chicago White Sox scored two runs in the ninth inning to come from behind and defeated the St. Louis Browns here today, 4 to 3.

	R.	H.	E.
Chicago	4	10	1
St. Louis	3	8	1

Lyons and Tate; Collins, Kimsey and Manion.

A's Nose Out Yanks

PHILADELPHIA, July 28.—Cochrane's single, scoring Earnshaw, gave the Athletics a 6 to 5 victory over the Yankees in twelve innings today. Foxx won the game and extra innings with a home run in the ninth.

	R.	H.	E.
New York	5	14	2
Philadelphia	6	14	1

Sherid Rulling and Dickey; Ehmke, Earnshaw and Cochrane.

SUNDAY'S RESULTS

National League

St. Louis 2-6, Boston 0-1.
Pittsburgh 10-3, New York 6-4.
Brooklyn 10-9, Philadelphia 6-6.
Cincinnati 6, Chicago 1.

Newark 6-3, Reading 2-8.

Newton, Gavuzzi Well in Front In Relay Race

JOLIETTE, Quebec, July 28.—Edouard Pahre, Montreal and Ollie Wanttinen, Finland, won the seventh lap from Three Rivers to Joliette a distance of sixty-three miles, of the international relay race today.

Pahre and Wanttinen, who are third in elapsed time, cut down the lead of Joie Ray, Chicago, and Johnny Salo, Passaic, N.J., who were fifth in the lap and second in total time, from thirty-four minutes to only three minutes.

Arthur Newton, Rhodesia, South Africa, and Peter Gavuzzi, Southampton, England, the leaders in the race, were second in the lap, and with a lead of two hours and sixteen minutes are practically sure of winning the race and a prize of $3,000. Their time is forty-five hours forty-five minutes and twenty seconds.

H. E. MacNamara, Brisbane, Australia, and Lin Dilks, New Castle Penn., sixth in the lap, are safely in fourth position in the total elapsed time.

RAPIDA SHOWS WAY IN FEATURE EVENT

Leo Bancroft's Four-Year-Old Is Easy Winner at Lansdowne —Pays Big Win Price

VANCOUVER, July 28—Rapida Leo Bancroft's four-year-old mare, owned by G. Swift, won the fifth and feature event at Lansdowne track this afternoon, winning by three lengths from Dixie Darling. Nimble taking show another two and one-half lengths behind.

Close finishes and thrilling stretch duels featured the majority of events. Results follow:

YACHT CLUB CRUISE FIXED FOR SATURDAY

The annual joint cruise of the Royal Victoria Yacht Club and Lot Cowichan Bay Yacht Club is next week Harbor will take place Saturday. On the same day the power boats of the Victoria Club will compete in an engine efficiency contest to Bedwell Harbor for the Brent-Wood Cup. This is one of the races which comes under the category of the Burnett Cup for power cruisers.

Contesting cruisers will leave Cadboro Bay at a time to be determined by their owners, and will cross the finishing line as nearly as possible to 6 p.m. The ide is flooding in Baynes Channel from 3.30 a.m. to 10 p.m.

Drives Boat Ninety M.P.H.

MISS Marion B. Carstairs, Great Britain's entry in the Harmsworth Trophy races at Detroit, drove her speed boat, Estelle IV, at a speed of ninety miles an hour on Lake Muskoka. Tois is believed to be almost twenty miles an hour faster than any boat ever has been driven before in Canadian waters.

HUNTER EXTENDED IN INVITATION TOURNEY

Tidall Gives No. 2 Ranking U.S. Player Stiff Battle—Mary Greef Defeated

SEABRIGHT, N.J., July 28.—Favorites, almost without exception, advanced without particular difficulty in the first days play in the thirty-second annual Eastern Invitation tennis tournament today.

In the men's division, Jack Tidall, Australian, furnished the principal excitement by carrying Frank Hunter, No. 2 in the national ranking, to three sets before surrendering at 2-6, 6-4, 6-2. Two other players, Phil Neer, Portland, Ore., and Keith Gledhill, Santa Barbara, Cal., were beaten in the opening round.

Neer was an easy victim of Frank Shields at 6-1, 6-3, while Gledhill could not cope with the well rounded game of J. Gilbert Hall, Indian Orange, N.J., and went down 6-4, 6-3. Manuel Reinville, Montreal, scored a mild stir when he put out Herbert L. Bowman, Bay City, 6-4, 3-6, 6-2, and Dave Jones, Columbia star, was pushed to the limit to put out Edward W. Fridleman, New York, 7-9, 6-3, 7-5.

In the women's singles, the defeat of Mary Greef, Kansas City, by Marjorie Gladman, Santa Monica, 6-3, 6-2, was the principal surprise.

DINGHY MARATHON SET FOR AUGUST 6

Small Craft of Royal Victoria Yacht Club to Race to Cadano Island

A new and interesting experiment is to be tried out by the Royal Victoria Yacht Club on Wednesday, August 6, when the sailing dinghies of the club will race in a "dinghy marathon" of 24½ nautical miles, to finish at Saturna Harbor, Cadano Island.

The little craft will start from Cadboro Bay at 8 a.m., and it is hoped that the starters will include every dinghy in the club. They will sail as far as the Sandy Buoy off Sidney Island, a distance of 12½ sea miles, where a stoppage and check of each dinghy will have fifteen minutes respite for refreshments aboard Commodore F. H. Lindsay's motor yacht, Illahee.

The contestants will be the guests of the commodore at his Summer home on Julia Island, and he will give them a picnic lunch to Victoria the following day. F. J. O'Reilly will act as officer of the day.

The dinghies will have a favorable tide for the majority of the race. It being slack water in Haro Channel at 8 a.m., and high water in Active Pass at 2.45 p.m.

C.P.R. TENNIS CLUB DOWNS KINGSTON ST. IN FRIENDLY MATCH

In a friendly match played on Monday last, the C.P.R. Tennis Club defeated the Kingston Street Club, 6-1, on the latter's courts. Interclub matches to race. Both teams are entered in the Third Division of the Island Tennis League.

Results, with Kingston players being named first, follow:

Men's Doubles

Perrin and Dog lost to Quayle and Perrins, 6-1.
Leeming and Tyrell lost to Peden and McCutcheon, 6-1.
Geddes and Marrison won from Crossley and Howland, 6-4.
Perrin and Dog lost to Quayle and Perrins, 6-0.
Leeming and Tyrell lost to Peden and McCutcheon, 6-1.
Geddes and Marrison lost to Crossley and Howland, 6-3.

Women's Doubles

Mrs. Ley and Miss Lang lost to Misses D and F. Symes, 6-0.
Miss Perriman and Mrs. Thompson lost to Miss Brown and Mrs. Perrins, 6-3.
Miss Cameron and Miss Richards won from Miss McDonald and Miss Johnson, 6-3.
Mrs. Ley and Miss Lang won from Misses D and F. Symes, 6-4.

Lipton's Yacht Reaches Azores On Trip Across

LONDON, July 28 — Dispatches from the Azores Islands today said Sir Thomas Lipton's steam yacht Shamrock V arrived at the Islands of Flores and Corvo in September, had entered in the log of the vessel. The Shamrock meanwhile continued on her course and the Rhu will rejoin her. The despatch said no fear for the vessel had been without mishap, despite rough weather at many points.

Miss Perriman and Mrs. Thompson lost to Miss Brown and Mrs. Perrins, 7-5.

Miss Cameron and Miss Richards won from Miss McDonald and Miss Johnson, 6-2.

Mixed Doubles

Miss Richards and Perrin lost to Mr. and Mrs. Perrins, 6-2.

Mrs. Thompson and Dog lost to Miss D Symes and Quayle, 6-2.

Miss Cameron and Leeming lost to Miss F. Symes and Peden, 6-3.

Miss Lang and Tyrell lost to Miss Brown and McCutcheon, 6-3.

Miss Perriman and Geddes lost to Miss Johnson and Crossley, 6-4.

Mrs. Ley and Marrison won from Miss McDonald and Howland, 6-4.

Miss Richards and Perrin lost to Miss D. Symes and Quayle, 6-0.

Mrs. Thompson and Dog lost to Mr and Mrs. Perrins, 7-5.

Miss Cameron and Leeming lost to Miss Brown and McCutcheon, 6-5.

Miss Lang and Tyrell won from Miss F. Symes and Peden, 6-1.

Miss Perriman and Geddes won from Miss McDonald and Howland, 6-2.

Mrs. Ley and Marrison won from Miss Johnson and Crossley, 6-1.

BURNSIDE BOWLING

Sunday afternoon saw the hopes of the Duncan team, skipped by Armour, dashed to the ground when O. Vallance's Burnsiders defeated them by a score of 21-17 in a greater Victoria league fixture. The Duncan team had already been beaten by Woods' team of the C.P.R. in the morning, and the second defeat at the hands of George Vallance deprived Armour's team of all chance of ever having a look in at taking first place in the second division of the league.

The Burnside Lawn Bowling Club held its annual garden party and costume tournament Saturday evening, when the members of the club and their wives turned out in full force and had a most enjoyable time. Over forty — five participated in the twenty-one end match, in which the rinks changed skips and greens every fifth end. Following the game, a ballot was taken on the most original costumes. Mrs. Byng captured the first prize for the women, dressed as "Sally in Our Alley," and J. Hancock waltzed off with first prize for the men, garbed in the quite usually attired of the "old professional hobo." Mrs. Holmes, as a dowager duchess of the gay nineties, merry-widowed the second prize for ladies, and Major Hibben, in a realistic costume of a hula-hula girl, copped the second man's prize with success.

Next week will see the second round of the Rondvu Cup singles competition played off, which will precipitate this competition into the eights.

OLD COUNTRY CRICKET

LONDON, July 28 — Scores in English county cricket matches today were:

Kent, 262 (Peach, six wickets for 61 runs); Surrey, 209 (Squires 58, Freeman, seven wickets for 114 runs).

Derby, 342 (H. Smith, six wickets for 86 runs); Essex, 67 for six wickets.

Lancashire vs. Gloucestershire — Gloucester, 218 for eight wickets (Dipper 62); rain.

Yorkshire vs. Warwickshire — Yorks, 309; rain.

Hants, 146 (Palmer 79, Dick Tyldesley 7 wickets for 61 runs); Lancashire, 152.

Somerset, 138 (Langridge, seven for 36 runs); Sussex, 43.

Glamorgan, 224 (Dai Davies 74, E. M. Davies 61); Worcester, 97 (Mercer, six wickets for 22 runs).

TALES OF A WAYSIDE TEE

A somewhat studious golfer asks information on a certain baffling point:

"I can't understand," he writes, "how the left arm can be figured more important than the right arm in the golf swing. The right arm is usually the strong one—and it is hitting forward. Why isn't there much more power here than there is in the left or weak arm hitting backwards? As a matter of pure reason, the right hand and right arm must be the most important factor in the golf swing."

A right-handed golfer could undoubtedly play better golf with his lone right hand and arm than he could with his lone left hand and arm. But while the golf swing is a two-handed affair, there are certain mechanical reasons why the left hand and arm can do even a bigger job to do than the right has to race for.

The right hand undoubtedly applies the final punch. That is to be effective. It must hit with and against a strong left hand and arm that have not been overpowered or destroyed.

There is a certain correct groove that the club must move in to the back swing and the down swing. If the right hand takes the club back that starts the club down the path of the club-head is almost certain to be thrown off the proper plane, all out of alignment. To keep this correct path, the club must be taken back with the left hand and arm on a line for the ball, straight left arm, left hand, and the left hand and left arm must also swing where the right elbow is in which is exerting the thrust. The right hand is thrown in too quickly the left will be smothered and there will be no club-head control on its way through the ball.

At the start of the back swing the left shoulder and left side must turn or give, and the eyes should Watch Bobby Jones. Mac Smith, Tommy Armour, or any of the leading stars. They all have decisive turns to the left to start, in which among the priceless documents in dispute.

Also to be divided is a stock of more crossword puzzles will be held Saturday evening at the Beacon Hill Park instead of Friday as previously announced. The race will be held at 8 o'clock with the fastest riders from the province competing.

MUTUAL HISTORY OF COUNTRIES DEBATED
Austria and Hungary Dividing Stores of Historical Treasures of Joint Empire
By JOHN GUNTHER
(Copyright, 1930, by The Chicago Daily News Foreign Service.)
VIENNA, Austria, July 28.—Austria and Hungary are arguing about their mutual history solely as a trying to divide it up.
Hungarian delegates have arrived in Vienna in an effort to take back to Budapest a vast store of archives, historical records and other papers, which, while concerning both Austria and Hungary, have date for years to Vienna libraries.
By the terms of the Treaty of Trianon, Hungary is entitled to the return of strictly Hungarian material and today the historians are arguing heatedly which is which among the priceless documents in dispute.
Also to be divided is a stock of more crossword puzzles will be held Saturday evening at the Beacon Hill Park instead of Friday as previously announced. The race will be held at 8 o'clock with the fastest riders from the province competing.

"ONLY THE BRAVE" A STIRRING STORY

Adventure-Romance at Capitol Theatre Full of Exciting Action

The romantic and glamorous crinoline days of the old South form the temporal background of Gary Cooper's newest starring picture, "Only the Brave," which will be seen and heard at the Capitol Theatre today and Wednesday as the main feature on the programme.

Cooper is cast as a daring captain of cavalry in this adventure-romance of the war-torn days when Grant and Lee were saying it with cannon and troops. He volunteers as a spy on a desperate errand behind the lines of battle action. In fulfilling his dangerous mission he meets Mary Brian, fashionable Virginia girl, and falls in love with her.

The plot then advances through a number of thrilling episodes in which Cooper must compromise two loyalties—love and duty. After much exciting action the lovers find that cord for unbroken romance. The finale is one that will please everyone.

HUMAN SIDE SHOWN BY "JOURNEY'S END"

Neither Rowdy Nor Sensational Side of War Emphasized in Great Picture

What many have termed the best of all war plays, "Journey's End," is the vivid attraction at the Playhouse Theatre. R. C. Sherriff's world famous drama comes to the screen as an all-dialogue production, recorded by R.C.A. Photophone and produced by Tiffany-Gainsborough. James Whale directed the screen version, as well as several stage companies of the same play. George Pearson supervised and Joseph Moncure March has written a continuity absolutely faithful, it is said, to the original play.

Neither the rowdy nor the sensational side of war is charted in "Journey's End." Mr. Sherriff has merely set forth the human side, not only as he saw it, but as he himself felt it while at the front.

COLISEUM Alexander Gray, the musical comedy favorite who plays opposite Marilyn Miller in "Sally," her First National and Vitaphone starring picture now at the Coliseum Theatre, studied music for fifteen years before going on the stage. Also on the same bill is Sir A. Conan Doyle, who will be heard and seen in the Fox Movietone News.

COLUMBIA A comedian who can "throw a fast one" by the eye as well as a touch to the lips, is Nick Carr, star of "The Talk of Hollywood," the big musical talking picture which is now showing at the Columbia Theatre. One of the big headliners of vaudeville and an international star, Fay Marbe, is his leading lady. It is a back stage picture of the cinema capital.

STAR'S RAPID RISE SCREEN SENSATION

Talkie Test Gave Nancy Carroll Her Big Chance for Dramatic Role

Nancy Carroll, spirited New York show girl whose rapid rise to stardom is one of the sensations of screendom, sang the plaintive old love song, "In the Gloaming," at a special talkie test a little over a year ago, and thereby earned her chance to appear in a great dramatic role.

But it didn't happen in a moment. In fact, Miss Carroll has played in a number of other pictures before she received the big chance to play the dramatic emotional character of the gold-digger manicurist in "The Devil's Holiday," at the Dominion Theatre today and Wednesday.

Goulding was greatly impressed and the vivacious Nancy got the role. When she was assigned, recently to direct "The Devil's Holiday" Goulding, who is also the author of the play, immediately thought of Miss Carroll and insisted that she would be the ideal actress for the central part.

CAPTAIN PLAYS PRIVATE IN BIG WAR PICTURE

Marching as a private in the ranks of Universal's massive picture, "All Quiet on the Western Front," commencing Thursday at the Capitol Theatre for a nine-day showing, Louis Wolheim, soldierly figure of Captain C. F. Bradfield, who served fourteen years in the regular United States army.

He is proud of the Croix de Guerre, with palm, awarded him for distinguished service in France when the world was being made safe for democracy. Captain Bradfield was attached to the 161st Field Artillery and was assigned to many different outfits as an instructor. He was twice wounded in action.

The trial word had just been spoken. The rejected suitor was standing before her thinking of her elaborate explanations of her decision.

"I trust that I have made myself sufficiently plain," she said.

"Well, I would scarcely go so far," he answered as his courage gradually returned. "It's but fair to give nature the credit for that," he added, as he retired in good order.

ANNUAL PICNIC IS HELD BY PLUMBERS

Members of the plumbing and heating trade, their wives and families spent an enjoyable day at Elk Lake on Saturday on the occasion of the annual picnic. A lengthy programme of sports both land and water, were run off, with competition of the keenest nature. Following the sports, the prizes were presented by Mrs. W. Thacker.

A little boy asked his mother to talk to him and say something funny.

"How can I?" she asked. "Don't you see I am busy making these buns?"

"Well, you might say, 'Charlie won't you have a pie?' That would be funny for you."

Learns How to Secure Pack on Pony

HERE is shown Miss Katharin Trevelyan, daughter of Sir Charles Trevelyan, British Minister of Education, who has completed a transcanada hike, as she gets a few pointers from "Scotty" Dowsen, Jasper Park guide, on how to put a pack on a pony as it will stay there. Miss Trevelyan is now at her way home and made the ascent of Mount Edith Cavell, 11,033 feet high, while at Jasper.—Photo by C.N.R.

Burgess Bedtime Stories

Peter Gets More Than He Bargained For

—By THORNTON W. BURGESS—

You'll find through life that an excuse is seldom of the slightest use.

Peter Rabbit had thumbed twice as hard as he could on the roof of Mr. Muskrat's house before he made a hole in the bank of the dwelling below. Then Peter had scampered to the edge of the bank to look over to see if Jerry would come out of his doorway, which was under water. Someone came out, but it wasn't Jerry. No, sir, it wasn't Jerry Muskrat. Peter thought it was. He thought so right up to the time that a brown head appeared above water and a pair of eyes snapped at him angrily.

"Oh!" exclaimed Peter. "I-I-I hope you'll excuse me, Mrs. Muskrat," he stammered. "I-I-I thought it was Jerry."

"No you were just knocking for Jerry!" snapped Mrs. Muskrat, and her voice was very harsh and angry. "No you were just knocking for Jerry! It is a wonder you didn't thump a hole in the roof. You need to be taught a lesson, Peter Rabbit. I have more than half a mind to come up there and teach you one right now."

Peter looked away hastily, as Mrs. Muskrat began swimming towards the bank. "I-I-I'm sorry, truly I am," said Peter. "I wanted someone to talk to and I thought Jerry was probably in there asleep and that he would come out if I thumped."

"Well, Jerry wasn't in there, but I was!" sputtered Mrs. Muskrat. "I was, and so were my babies. It was enough to frighten them half to death. How would you like to have someone come thumping over the heads of your babies, Peter Rabbit? How would you like it?"

"But I didn't know there were any babies," protested Peter. "How was I to know? I wouldn't have frightened them for the world. Jerry hadn't told me that you had any babies."

"I'm glad Jerry has sense enough not to be telling our private affairs to everybody," said Mrs. Muskrat. "However, that is no excuse, Peter Rabbit. No excuse at all. You had no business to be thumping on that roof."

By this time Peter was beginning to feel a little provoked. "The bank is free, so far as I know," said he. "I'd like to know who has any better right to sit on it, or thump on it, than I have. If you don't want your roof thumped on, why do you build a home here, anyway. I might have thumped here without knowing that your home was there at all. I guess I've a right to do as I please up on the bank."

Mrs. Muskrat's eyes fairly blazed. She started up that bank in a hurry. Peter took one good look at her. He noticed her long yellow teeth as she drew her lips back. Then Peter suddenly decided that he had business somewhere else. Away he went, hippety-hippety-hop. He glanced back. Mrs. Muskrat was not on the bank and actually chasing him, and she was moving surprisingly fast for such a stout person with such short legs.

"There!" exclaimed Peter. "She must be angry to think that she can possibly catch me. I guess I shall have to keep away from there for a while. But how was I to know anything about those babies? I got more than I bargained for. Yes sir, I got more than I bargained for. Well, Mrs. Muskrat can't catch me and I'm glad she can't. I wouldn't like to be very near her when she is in such a state of mind as she is now."

Of course, Mrs. Muskrat didn't chase Peter far. No one could know better than she how useless such a chase would be. She merely wanted to work off a little of her anger and so perhaps give Peter a little fright. Presently she turned back, dived into the Smiling Pool and went back to those precious babies in the snug house in the bank.

(Copyright, 1930, T. W. Burgess).

The next story: "Jerry Muskrat Explains."

"Oh," exclaimed Peter. "I-I-I hope you'll excuse me, Mrs. Muskrat"

JAPANESE PARTY RECEIVES WELCOME

Vancouver Mayor and Trade Board Officials Entertain Visitors From Across Pacific

VANCOUVER, July 28.—Japan's trade ambassadors, the party of seven representative Japanese businessmen who will tour Canada and the United States to study methods of manufacturing and trade on the continent, disembarked from the Canadian Pacific liner Empress of Canada here Saturday, to receive Vancouver's official welcome.

Mayor W. H. Malkin extended the city's greetings, while President R. D. Williams and other officials of the Vancouver Board of Trade made the Japanese party welcome. At the Hotel Vancouver the visitors were guests at a Board of Trade luncheon in their honor. They visited institutions, industrial plants and department stores in Vancouver and New Westminster, as guests of business men of Greater Vancouver.

ORPHANAGE PICNIC IS ENJOYABLE EVENT

The annual picnic organized by Joe North for the inmates of the Protestant Orphanage was held at Ocean Beach Saturday afternoon, and a most enjoyable afternoon was spent with a variety of sports and races, the big event being the softball game, which was won by the Blackhawk from the Yellowjack, 6 to 4.

He: "I can't sleep when I eat bananas."

She: "I'm different that way. When I sleep I can't eat bananas."

Son of the Gods

By REX BEACH

CHAPTER XX

Sam and Alanna met on the beach at the bathing hour, but they did nothing more energetic than sit in the sand. They had little time alone with each other, however, for the piers was crowded and Alanna was popular. Both were still in something of a daze and Sam in particular experienced a feeling of utter unreality, only an occasional revealing look from her, a pressure of her fingers or some involuntary act of proprietorship convinced him that he was not under the spell of a pleasant delusion and that the hazy events of the night before were not purely imaginary.

They arranged to meet again at five for the hotel tea dance and to dine together that evening; then Sam walked home in even greater perturbation than when he had left it. Pondering his return from Alanna's hotel at dawn was breaking, an unwelcome thought had obtruded itself. It had occurred to him that she might not know that he was an Oriental.

This possibility had prevented itself suddenly; it had halted him in his tracks, it had turned him cold impalpably he had dismissed it. Of course she knew. Everybody knew. His nationality had afforded a subject for polite discussion at more than one of Bathurst's dinner parties and such things get around. Alanna could not help but know, for that matter, his conduct, his attitude towards her must have made it plain. Reassured, he had walked on.

But his mind had reverted to the question again and again, and it continued to bother him. Paradis was a queer, feverish place; people came and went; one scarcely followed another there was nothing orderly or normal about it. Nobody inquired who his neighbor might be. He argued weakly that he had tried to tell Alanna, but had lacked the opportunity. In this, however, there was no comfort; he should have created an opportunity. The whole trouble was there had been no faintest signal of what was coming, no stockading time. Even at the time it happened he had not been wholly convinced that either of them was sincere. There had been a suspicion in his mind that they were in the grip of a moment's insanity, a midnight whimsy that would vanish with the day.

Reason assured him that his apprehensions must be unfounded, and yet, assuming that they were not, what difference did it make? This he finally asked himself. Alanna was unlike other girls; she didn't care what he was, she had said so. She was a creature of reckless desires, a pagan, she had no taboos, social, racial, or otherwise. He felt much easier at the recollection of her statement to that effect. "Less than the dust!" There was a majestic, a heroic dignity to the love of a tempestuous creature like her; it stooped at nothing; it counted no costs, it took all and it gave all.

Mr. Wagner eyed the card which the man in hotel livery brought him. Beneath the name was written in pencil "Personal."

"Does she want to see me or my daughter?" he inquired.

The employee settled his brows, strangled, and contrived an excuse for his ignorance of "the latter" whereupon Wagner repeated his question in a louder voice. He did this several times. After a while, more by reason of gesticulation than of emphasis, the fellow understood and made it plain that the visitor wished to see Monsieur, not Mademoiselle.

Mr. Wagner looked at the ornamental gilt clock on the mantel, put golden cuff-links cracked over it and one of them pointed roguishly at the dial which read eleven-thirty. Alanna was at the bathing club with Sam Lee and would not be back for more than an hour.

"Show her up," Wagner directed. He went to a mirror, adjusted his tie, which needed no adjusting, smoothed his eyebrows and tousled up his short-cropped grey moustache. Probably she would turn out to be brunette. Probably she—Wagner preferred blondes and he had never understood why men went so crazy over Alanna.

But all night with that Lee fellow and now at the beach with him. He proposed to look up Bathurst this afternoon and make some searching inquiries. . . . He hoped this girl was smart-looking and had small feet.

The caller was indeed blonde and pretty and smartly gotten up; her feet were not too large. Wagner greeted her with warmth and they talked in a desultory manner for several minutes. He purposely avoided inquiring the reason for her coming, and monopolized the conversation in a warm, cheery manner, the while he put her at ease. It was nice to meet fellow countrymans in a foreign country and a pleasure to meet a beautiful young woman anywhere. . . . Had they met before? What a girl! He knew so many young women and the name was not unfamiliar, Hart! He had known a number of Harts and had won a few in his time. Ha, ha!

These warm confessions failed to thaw the visitor perceptibly.

"I read in The Herald that you were here with your daughter," she began, when he finally allowed her an opportunity of stating her business.

"Yes. She's usually in the papers. She counts that day lost when she isn't."

"There have been several references to her engagement."

"Which one?" Wagner chuckled.

"To Mr. Lee—Sam Lee. I happen to know him."

"Oh! Indeed!" The father found his interest directed along a new line "Friend of yours, is he?"

"Yes." There was a pause. "It's true, then?"

"Um-m, a little premature, possibly."

"You're probably wondering why I'm here, and—I hardly know myself. Sam and I were at college together. It's through him that I came to Paris to study. I mean it's in his name that I'm here. We're not in sympathy with my ambitions, anyhow. Sam's father is rich. Do you know why he's over here? Why he quit college?"

"I haven't the faintest idea."

"I think you ought to know. He was expelled."

"What for?"

"Over a girl. It was in the papers and you must have read it if you were in New York at the time."

"Possibly I did. I don't even remember what they said about me, but it was scandalous. I hope you didn't come here to tell me that Sam was a college cut-up. That's nothing against him."

"No. I didn't come here to tell you that, except as a part——"

"A part of what?"

"Well, I have some newspaper clippings. I thought——"

"Don't show them to me," Wagner said indifferently. "Now, let's understand each other. I'm a business man and I talk plainly. I cut corners. What have you got on him?"

"Why—nothing. It isn't that. We were awfully good friends. He—well, he asked me to marry him. He did, really."

"I see. And you have his letters. Very well. I'll consider a proposition. My daughter has made up her mind and there's no stopping her. Those letters are worth as much to me as to a newspaper. What's the figure?"

The caller was both offended and indignant. Her eyes widened, her face grew white. "I'm no blackmailer," she protested. "And you're insulting. I read in the papers that he was engaged to your daughter and about his winning a fortune at the Casino and being so popular and everything—Western heiress to millions engaged to prominent young American,' but it made me sick. Maybe you know all about him and maybe you don't."

The man adjusted his glasses, unfolded the clippings, then his expression changed. He stared open-mouthed at what he saw, his hands began to tremble. "Lee Ying, wealthy Moti Street merchant." "Pallace of Imperial Beauty." "Socially at Eastern University." There were pictures of a doll-faced girl and of Sam; sensational headlines, but Wagner did not read much of the story. He had no interest in it.

"My God!" he exclaimed. He shot a few searching questions at the his caller, then he put the clippings in his pocket, rose and tramped about the room, perspiring profusely. After a while he paused and looked Miss Hart over from head to foot in a manner that caused her to flush and to pale.

"You say you were engaged to this Chinaman?"

"I said he asked me to marry him."

"Humph!" The man's lips curled "Exactly. And he's paying your way in Paris. . . . Just why, may I ask, did you decide to come here and give me this treat?"

"That's my business. I—imagined you'd like to know the truth."

"Yes, of course. I don't happen to like your business, that's all. A mere personal whim. Well, Miss, if you have no use for these clippings, I'd like to keep them. And now—I think you'd better leave. You'll find the elevator on your left as you go down the hall." He turned and strode into his room. When he was alone he began to curse."

(To Be Continued)

A certain negro evangelist, who in his younger days had been a ne'er-do-well and had seen the inside of more than one penitentiary, was about to deliver his usual Sunday address when, to his consternation, he saw one of his former cell mates among the congregation.

"Leddies and gennelmen," said he, at length, "my text fo his mornin' will be 'Dem dat sees me and knows me, and sez nuffin, dem will I see later.'"

THE BOY BEHIND THE BISCUIT

Ever see a boy behind a Shredded Wheat Biscuit? You will have to look quick before the biscuit disappears—but wait and you will see him take another biscuit—and more milk. The more he chews the crisp shreds of baked whole wheat, the more he likes it—and that's the reason he is a real boy, full of bounding energy and radiant health. Just as good for grown-ups. Delicious with prunes, baked apples, sliced bananas or any fruit.

SHREDDED WHEAT

WITH ALL THE BRAN OF THE WHOLE WHEAT

THE CANADIAN SHREDDED WHEAT COMPANY, LTD

The "MARRIAGE" OF WHITE HORSE WHISKY

"MARRYING" is a term used by experts to describe the blending process through which "White Horse" gains its smoothness and mellowness.

Scotch Whisky is the blending of malts and grain whisky. For "White Horse" only the choicest makes of Scotch Whisky are selected. These are matured for a long period in sherry wood expertly blended or "married"—then aged, reblended and aged again.

Every drop of "White Horse" must go through this long, delicate process—and the result generously repays the effort.

White Horse is Scotland's senior Whisky. Used throughout the world wherever connoisseurs foregather.

Contract and Auction Bidding

South	1st Rd. ♠	2nd Rd.
West	Pass	Pass
North	Pass	Pass
East	Pass	Pass

A situation that requires great nicety of judgment is one in which Dealer opens the bidding and his uncontested bid of one is passed around to Fourth Hand.

With an apparently powerful hand, such as East holds in the above deal, one is confronted with the proposition of whether he should bid and permit South to rebid, or simply to pass and close the bidding. In this situation particularly we must balance the possibly gain that may accrue against a possible, even probable, loss.

Where partner has failed to overcall or double informatively on opening bid by Dealer, there can be little hope for game in a Minor suit. While a partial score may readily be obtained in a Minor suit bidding of such Minor makes it possible for the initial bidder to rebid his hand, and while in this case there can be no danger from a re-bid of a Spade suit, there is great danger lurking in the possible bid of Hearts or Clubs.

Of course, East holds a double stopper in Spades, and might readily bid one No-Trump himself, but if South had no sound rebid, the hand would simply be played at one No-Trump or at a suit take-out by West. There would be no hope of West raising the No-Trump bid as East is not prepared for a take-out with either Hearts or Clubs, and hence could have no hope whatever of arriving at a game contract.

Should East bid either the No-Trump or two Diamonds, South would bid two Hearts and North in support of the two-suiter thus shown would have an assist, after which South would bid four Hearts.

As is plainly seen, the only tricks he would lose with Hearts as trump would be the three outstanding Aces—the Heart, Diamond and Club.

SALIENT POINTS OF THE BIDDING

Contract and Auction. South opens the bidding with one Spade and West, North and East all pass.

THE PLAY

West opens the Ace of Diamonds and continues that suit upon receiving the Nine from East. South trumps the second trick and with the Aces of both side suits against him, must proceed to establish those suits before landing trumps.

As long as two small trumps remain in Dummy, East and West cannot force his hand by leading another round of Diamonds. Accordingly, he leads a small Heart and plays the ten from Dummy.

As far as East knows, this may be a finesse and upon taking the trick with the Ace there appears to be no better lead than the continuation of a Heart.

North takes this trick with the Queen and starts the establishment of the Club suit, leading the four towards the King in South's hand.

East playing small, the King takes the trick and the nine is led to the Q-J in Dummy. East takes this trick and since it is apparent that both Hearts and Clubs are established, there can be no harm in leading a third round of Diamonds and permit Declarer to trump in one hand and discard from the other.

South then takes two rounds of trumps. Since if the two trumps outstanding are both in one hand, the adverse Diamond suit, could be brought in, he does not dare take a third round but plays his side suits and forces East to use his two high trumps for ruffing.

He thus loses two Spades, a Heart, Diamond and a Club, making two odd.

WEST COAST IS RICH IN RARE SEA DELICACY

Tofino Man Discovers That B.C. Trepang Has Great Possibilities

SEEKS CONCESSION FOR INITIAL PLANT

TOFINO, V.I., July 28.—Wallace Rhodes, well-known local scientist and experimentalist, having lived in this district for many years, has long been conscious of the fact that there are thousands of tons of trepang to be found all along the rocky portions of the West Coast, and as these varieties of this commodity are selling at more than $1,000 a ton in the Orient, and quoted at seven shillings per pound in the London markets, he cannot see why such vast quantities as these should be left undisturbed and going to waste at our own doors. In his opinion it should be utilized as a profitable side issue to our now uncertain basic industry of fishing.

Trepang, or beche-de-mer, as it is known to the trades, has been, since time immemorial, a staple article of commerce in the South Seas, and there is an ever-increasing demand for it in Australia, China and Japan. It now finds a place on the tables of the very wealthy in England and in most of the Continental countries.

It is found in all the tropical, subtropical and temperate regions of the Pacific, being very abundant on the West Coast of Vancouver Island.

SEEKS CONCESSION

Mr. Rhodes has entered into communication with fishing operating in the Orient, and elsewhere, who are eager to handle all that he can produce. He feels very optimistic in the belief that the Fisheries Department will give him a free hand and award him a ten years' concession to operate on a limited section of the Coast, for will be able to develop another source of wealth and industry from the raw material that is now lying unrecognized and unutilized because the residents of British Columbia are unaware of the presence and commercial possibilities.

He has already applied to the department for a permit to operate under such a concession, as he believes that when anyone has sufficient initiative and acumen to introduce an entirely new business, and one that is in no way conflicts with any other main interests, he should be protected in some small way for at least a limited period of time. This, he thinks, is a very reasonable stipulation, since, outside of what small districts, all others who might take up the industry after seeing that he had made a success of it, could have the whole Pacific Ocean to operate in.

NEVER DEVELOPED

But as trepang is neither flesh, fish, fowl or vegetable, and has been lying for ages in countless tons around the Island without contributing one cent to the Provincial Exchequer, Mr. Rhodes naturally believes that since he has already found a foreign market for its disposal, an improved method for its manufacture, and proposes to introduce a new and apparently lucrative industry to the country, he should, at the beginning, have some protection from the competition of heavily capitalized firms and individuals who might, after the business had proven to be a success, seek to oust him from whatever little credit and emolument that might accrue to him as the successful pioneer of an entirely new industry in this part of the world.

Facts That Force Our Hand!

WE MUST HAVE ROOM

Every Used Car to Be Sold---NOW

Crowded floor space makes it absolutely necessary to reduce our stock of used cars . . . no half measures are possible . . . we must make a clean sweep . . . trade-in models with thousands of miles of sturdy performance are marked down to a fraction of their true value.

Every car is reconditioned and is ready for the road . . . not roughly overhauled, just for this sale, but completely checked according to our policy. Whatever a car is traded in it receives a thorough renovation, with the best of skilled labor and materials expended upon it. Here lies your guarantee of satisfaction.

MARINE and TRANSPORTATION

Canadian National Train Strikes Motor Truck at Crossing and Kills Two

WINNIPEG, July 28.—Two men were killed yesterday when the Canadian National Railways Confederation Limited struck a motor truck near Portage La Prairie, sixty miles west of Winnipeg. Another man, riding in the truck with the two victims, is in serious condition tonight, while a fourth saved his life by jumping from the truck a moment before the collision. The dead are: Charles Vivier, Portage La Prairie, and Ed. Lafamme, Portage La Prairie. The injured man is Lowes Perry, Portage La Prairie.

According to Albert Hamel, who leaped as the truck sped over a crossing in the train's path, he shouted to Vivier, the driver, but evidently was not heard. Vivier was thrown beneath the train and killed instantly. The impact tossed Perry about forty feet from the tracks, and Lafamme was carried for some distance on the front of the engine. The truck was demolished. Both Perry and Lafamme were rushed to hospital, but the former succumbed within a few hours. At midnight, Lafamme had not regained consciousness. It has not been announced whether an inquest will be held.

CRUISER ABANDONED AND PARTY RESCUED

Fire Aboard Yacht Causes Explosion After Guests and Crew Taken Off

LONG BEACH, N.Y., July 28.—Ten men women and children were rescued from a forty-foot cabin cruiser a few minutes before the craft blew up yesterday one mile off Lido Beach. Three women in the party were slightly burned by a first explosion, which set the craft afire. The engineer and two of the guests were thrown into the water.

A cruiser, commanded by Samuel Summers, took aboard the three in the water and those aboard the burning boat. They were hardly aboard the Summers cruiser when the Edwards boat blew up. Only the hull remained when coastguards reached the spot.

SHORTAGE OF WATER CAUSES EXPLOSION

WINNIPEG, July 28.—Insufficient water in the locomotive boiler caused an explosion which cost two lives in a Canadian Pacific Railway train wreck at Molson, Man., a week ago. This is the verdict of a coroner's probe into the death of Richard D. Myers, fireman.

GERMAN FLYERS SELECT GROUND FOR TAKE-OFF

First Experiences in Scotland Were Found Amusing by Aeronauts

BOY SCOUTS GUARDED PLANE DURING NIGHT

KIRKWALL, Orkney Islands, July 28.—The German flyers, Wolfram Hirth and Oscar Weller, who arrived here yesterday on their way from Germany to Chicago by easy stages, spent a good part of the day seeking a suitable place to take off for the remainder of their flight over the Atlantic. One place viewed was Swanbister Bay, seven or eight miles from Kirkwall, which was used as an airplane base in the war.

Hirth was amusing in telling of their first experience of Sunday in Scotland. "We landed at Turnhouse, near Edinburgh, while on the way north to get some lunch," he said. "We found the place practically deserted. The one official we did see could think of nothing but his half crown for a landing fee, so we set off at once for Kirkwall."

Hirth, who was married recently, was asked if his wife would join him in America. "Yes," he replied, "She will if I get there." He said he hoped to remain on the North American Continent about a year. Last night the wings were removed from the plane and five Boy Scouts stood guard over it all night.

LUMBER CARGOES KEEP MILLS WORKING

Ships Arrive and Depart for Many Ports With Product of Island Forests

Shipments of lumber from Vancouver Island continue to go forward in substantial lots. The Montreal Maru sailed yesterday afternoon at 4.30 o'clock for Vancouver, after loading 500,000 feet of lumber at Rithet piers. On Sunday, two vessels berthed at Ogden Point piers, the Ss. Tacoma, of the Tacoma-Oriental line, at 4 o'clock in the morning, to load 500,000 feet for Shanghai, and the Ss. Golden Sea at 8.30 o'clock in the morning, to load 800,000 feet of railway ties for Chinwangtao, China. She will shift to Brentwood for an additional 400,000 feet of railway ties on Tuesday, and from there will go to Chemainus to complete cargo. Yesterday morning, the steam schooner Solano, Captain C. M. Engstrom, of the Hartwood Line, docked at the Canadian Puget Sound Mills from Tacoma, and is loading 550,000 feet of lumber and lath for San Pedro. The Solano will be followed on July 30 by the Ss. Point Loma, of the same company, for lumber cargo.

Today, the Ss. City of Victoria, Canadian-American Line, is due at Brentwood to load 800,000 feet of railway ties for London, England. King Brothers are agents for the above ships. The firm also reports the Ss. Rochelle, Kingsley Navigation Company, in from San Francisco with local freight on Sunday. She arrived at 7 o'clock in the morning, and departed for Vancouver at 10.30.

NAVAL VETERANS ARE PLANNING FIELD DAY

For the purpose of making arrangements for an annual picnic and field day and for the discussion of other matters of importance to ex-naval men, a general meeting of all naval veterans is to be held at 8 o'clock Friday night, August 1, at the Naval Veterans' Association headquarters in the Fairbanks-Morse building at the corner of Johnson and Broad.

The meeting has been called by E. S. Michell, president of the Naval Veterans' Association No. 42 of the Canadian Legion of the British Empire Service League, who states it is necessary for all naval veterans interested in the work of the association to be on hand in order that picnic committees may be appointed and the place and date of the outing fixed. The meeting will be open to all naval veterans.

Aviation League Head at Calgary On His Way East

CALGARY, July 28.—Gen. J. H. MacBrien, president of the Aviation League of Canada, arrived here yesterday on his return flight to Ottawa. Gen. MacBrien left Vancouver in his airplane early this morning.

Many Airplanes Gather for Air Tour of Cities

VANCOUVER, Wash., July 28.—Fifty airplanes, representing thirty types, assembled here today from many Northern points for final inspection and squadron assignment, for the Northwest air tour which will start from here tomorrow. The planes will visit twenty-two cities in Washington, Oregon, Idaho and British Columbia during the ten-day tour. More than 1,700 air miles will be flown. Air shows and stunts will be part of the programme in each city. After the show here tomorrow the squadrons will fly to Yakima, arriving about 3 o'clock.

PARTY FROM EASTERN CANADA COAST-BOUND

Studying Western Conditions, Party Will Arrive in Victoria During Week

BANFF, Alta., July 28.—With the unification of Canada as the main idea of their Western Canada visit, the Dean Laird party of Eastern Canadians spent a couple of days here, then left this morning by bus for Lake Windermere. Approximately eighty in numbers, they registered at the Banff Springs Hotel and motored to the nearby points of scenic interest. In the party are several from Saint John, N.B., and a number from Montreal. Among the latter are Mr. and Mrs. W. A. Williams, who are making the trip for the third time in seven years. The purpose of the trip is mainly to study Western conditions, and for erasing wrong impressions of Western Canada. At various points the party has been addressed by mayors, Government representatives, and a commissioner of the Royal Canadian Mounted Police. Western industries, occupations and home life have appealed strongly to them, and all commented at length on the architecture of Western homes, particularly the bungalow types.

Dan McGowan, naturalist of the Canadian Rockies, addressed them at Banff Springs Hotel and created a great impression. The biweekly operas of the hotel also pleased and surprised them. Golf, swimming, trail riding and dancing were indulged in, and about all they spoke enthusiastically.

From Windermere, the party will proceed by the Kootenay Lakes and Crow's Nest line to Vancouver and Victoria. On the return trip they will be at Lake Louise on August 3 and 4, and at Banff again on August 5. This is the seventh annual tour that Dean Laird, of McDonald College and McGill University, has conducted through the Canadian West.

MISHIMA MARU OUT

The Mishima Maru, Captain K. Fukuda, Nippon Yusen Kaisha, will dock at Ogden Point Piers about 4 o'clock this afternoon from Seattle, and is scheduled to sail at 5.30 for the Orient.

NOTICE TO MARINERS

Mariners are advised that the spar buoy marking Little Zero Rock, Haro Strait, B.C., is reported missing. This buoy will be replaced as soon as possible.

A. W. R. WILBY,
Agent, Marine Department.
Victoria, B.C., July 28, 1930.

Makes Big Claim For New Philosophy

TORONTO, July 28.—After delving into philosophical questions as a hobby from a very early age, W. Donald Mitchell, under the nom de plume of "Iogus Philotus," has published "The Great Light of Relativity."

In his work, Mr. Mitchell, who was born in Pembroke, Ont., of Scotch parentage, claims to reveal that, "the earth does not weigh so much as one ounce, that matter is weightless," and gives a new definition of weight, and also of the force of energy. He claims to reverse Newton's equation of attraction, and Einstein's space-time-energy theory. He gives other concepts of philosophy in axiomatic form, chief of which seems to be his statement that, "Knowledge or intelligence is the relative, transient, personal and material reflex from objects and elements of external reality, partially retained in memory—in or on the negative plates or cells of the brain."

The author of this remarkable work believes himself to have made the most remarkable discoveries in recent generations, and thereby set a new standard for philosophy, metaphysics, psychology, and thus also education. "It promises to affect the entire scientific thought of the age," he says. He makes no declaration dogmatically, but states: "I shall be delighted to receive, either personally or otherwise, any criticism for or against any statement, axiom or definition, appearing herein, for the spirit of progress is formed in criticism and unbiased investigation."

The witness was certainly no chicken and the barrister thought it would be to his advantage to get her rattled.

"And now, madam," he said, "I must ask a personal question. How old are you?"

"Young man," she replied, "it isn't more than an hour since the judge, there, objected to hearsay evidence. And I don't remember being born, and all I know of it is hearsay."

HYDROGRAPHIC SHIP IN FROM WEST COAST

Buoys Found Out of Place in Nanaimo Harbor—Rock Located in Matilda Creek, Kyuquot Sound—Navigation Menace Reported Near Pine Island Not Where Described

Houseboat Crews Aided By Fine Weather So Far

After being engaged surveying in different localities around Vancouver Island's coast line for the past two months, the hydrographic survey Ss. Lillooet arrived in port Saturday afternoon, and is berthed at the wharf of the Department of Marine in the upper harbor.

Since the Ss. Lillooet left Victoria early in June, H. D. Parizeau, divisional hydrographer for the Pacific Coast of Canada, stated yesterday that the sound zone in the vicinity of Race Rocks had been tested, following the alterations which had been made to the fog horn as a result of the recommendations he had made in connection with its operation last Fall, and, as far as could be determined during the fine weather prevailing in June, everything was satisfactory.

Concluding the work at Race Rocks, the Lillooet proceeded to Vancouver, where the ship was for several days engaged in sweeping and sounding portions of Burrard Inlet. From there, the head of Howe Sound, in the vicinity of Squamish, was tested for anchorage for sea-going vessels. Going to Nanaimo Harbor, as a result of the grounding of the Princess Elaine, the hydrographers discovered that the buoys were out of position in that harbor, and the Department of Marine so notified.

ROCK NOT LOCATED

Several days were spent in the vicinity of Pine Island, where a fishermen had reported the existence of a menace to navigation in the shape of a submerged rock. The hydrographers failed to locate it, although they had the fisherman with them, and the water was sounded over an area of two square miles and the banks swept. Kyuquot was next visited, and detail surveys made of three bays in an endeavor to locate a suitable location for a public wharf, to be used by the fishing communities of Kyuquot. While carrying on this survey, the work was interrupted when the ship was called upon take a fisherman, seized with appendicitis while alone in his boat on the fishing banks, to the hospital at Port Alice, Quatsino Sound, where he was delivered still alive, although the doctor held little hope for his recovery.

Matilda Creek, Kyuquot Sound, was next visited where the rock, on which the Princess Maquinna struck at low water on January 18 last, was located. There is twelve feet of water over the rock at low water, stated Mr. Parizeau. Leaving Matilda Creek, the Lillooet proceeded to mark the coast from Leonard Island, at the entrance to Clayoquot Sound, as far as Bonilla Point, where the international boundary monument is located. In connection with this work, Mr. Parizeau stated that the Department of National Defence was going to cooperate with the hydrographers and take aerial photographs of the coast line between the points mentioned, which would greatly facilitate the preliminary charting of the area.

IN BARKLEY SOUND

In addition to the work outlined, the hydrographers have observed and marked all Middle Channel, Barkley Sound, and a portion of the Broken Group. Working in conjunction with the Lillooet, two houseboats are located on Barkley Sound and the Alberni Canal. The new boat, Pender, in charge of Commander J. H. Knight, has been busy in the Alberni Canal and Ucluckleait Harbor. They have been making good progress, and to date have surveyed more than two-thirds of the channel. The Somas, in charge of L. R. Davis, is at present employed in the upper end of Middle Channel and Effingham Inlet. The outside work in the Middle Channel has been practically completed, and Effingham Inlet will soon be finished.

Mr. Parizeau stated that the weather had been very good on the coast until recently, although the fresh winds during the afternoons necessitated the crews turning out at 3 o'clock every morning, the day's work ending any time after 2 o'clock in the afternoon. Long hours are sometimes necessary in connection with these West Coast surveys, in order to take advantage of every calm day, for it happens that the weather prohibits work occasionally, and there are days when work is not possible.

The Lillooet is taking on provisions today, and will leave this afternoon to coal at Ladysmith, and will tow a scow with 300 tons of coal to Barkley Sound, after assisting the Mv. Berens, of the Marine Department, in placing the Nanaimo Harbor buoys in their proper locations. Arriving at Barkley Sound, the Lillooet will resume work on the coast line, and in sounding Middle Channel, where Mr. Parizeau expects to remain for the balance of the season.

RADIO SERVICE IN NORTH INCREASED

Department of the Interior Adds Four New Stations to Its System

OTTAWA, July 28.—Four new radio stations are to be established in the Northwest Territories by the Department of Interior—one at Norman, on the Mackenzie River, one at Coppermine, at the mouth of the Coppermine River, Coronation Gulf, one at Chesterfield Inlet, Hudson Bay, and the fourth, a smaller one, at Herschel Island, off the Western Arctic Coast. These units will form part of the extensive system controlled by the Department of the Interior which includes stations at Edmonton, Fort Smith, Resolution, Simpson, Aklavik, Dawson and Mayo.

In this huge network there was a stretch of over 800 miles between Simpson and Aklavik, and it was found that this was too great a distance for efficient and uninterrupted service. The establishment of the station at Norman, about midway between Simpson and Aklavik, will greatly improve conditions. The new station will also be of valuable assistance to the recently inaugurated airmail service. Moreover, Norman is an important strategic point, standing as it does at the junction of the Mackenzie and Great Bear Rivers, and dominating the western area of Great Bear Lake, where there is much activity in prospecting for minerals. Another important factor is that Norman is that it is on the shortest trail to Coronation Gulf, that is Coppermine, a region that is now attracting the attention of influential mining companies and prospectors.

The stations at Coppermine, in the heart of the Canadian Arctic, and at Chesterfield, on Hudson Bay, will be of very great benefit to the administrative and medical services, to trappers, prospectors, missionaries, the Royal Canadian Mounted Police detachments, and others whose duties take them to these remote regions.

BROADCAST BRIEFS OF THE AIR

CFCT's nightly "Sunset Hour" of fine music will be presented at 7:15 o'clock tomorrow evening. At approximately 7:35 the weekly radio-torial will be given, throwing a light on "The Fall Outlook for Canadian Business." Miss Fisher, of the Vancouver Model School, will be presented during the Summer School broadcast hour, 7:30 and 8 o'clock, in another popular programme of old-time favorites. Elwyn Bennett will assist the "Barnstormers."

With thoughts of Agatha Turley on their minds, the Neapolitan Orchestra will play a programme of Irish music for KJR tomorrow evening from 6 to 10 o'clock. The programme to be played is a programme of characteristic numbers, with selections from Hadley, Herbert, Moore, Grainger, Ansel and Bendix.

Featuring a baritone solo by the director, Lulu Ramsden, the Adsco Quartette, will present a programme of sublimely Latin-American and Spanish tunes at 3:45 o'clock tomorrow afternoon over KVI and KOL.

"Tsecha Seidel, noted violinist, will be featured in an elaborate musical extravaganza to be broadcast during the Voice of Columbia Hour over KOL and KVI tomorrow evening at 7 o'clock. Included in the programme are the combined Columbia symphonic and concert orchestras, the male and mixed quartettes and a host of soloists. The programme will continue for sixty minutes and emanate from the New York studio of the Columbia System.

Optimism and enthusiasm will be radiated by the Harmony Aces when they play over KJR and KEX tomorrow from 6 to 9 o'clock. The Harmony Aces will sound the keynote of their programme right at the beginning with the playing of "Cheer Up! Cheer Up! Who Are You?" and will continue with "Layin' in the Sunlight," "Happy Feet," and "Living a Life of Dream." Assisting artists will be Estala Dean, blues singer; Chat Chatwin, accordion artist, and Robert Monaen, tenor.

Bringing a galaxy of radio headliners before the microphone, the Palmolive Hour is programmed for three one-hour periods from 5:30 and 6:30 o'clock tomorrow over KOMO. Olive Palmer, Phil Ohman, Vivian Gray, and Elisabeth Lennox, contralto, are announced for numbers. Interpolations and the orchestra directed by Gustave Haenschen again will interpret the instrumental selections.

Leaving ahead in "Fleet Week," which goes to Seattle in the early part of August, the Rosemarians Orchestra, directed by Ed Sheldon, will play "The Cuba Echoes," novelty fox trot by Leigh, in their programme over KJR from 6 to 7 o'clock. The Hicmenmenn's programme of old-time selections includes "Yale Boola," "Alabama Jubilee" and "El Green's Cake Walk."

Heralding a new series of The early West, the curtain will rise tomorrow night at 6 o'clock on the opening episode of "Life of Alexander MacKay," scheduled for the Let's Get Associated Broadcasts over KOMO and KGW. Jack and Betty will interpret the leading roles in the series, which is directed by Carlton E. Morse.

Radio Programmes

Summary of Schedule of Victoria and Other Pacific Coast Stations

CFCT, Victoria, B.C. (275.8m; 690k)

NOTED SPEAKER HERE FOR WEEK

G. E. Wilkinson, of Leeds Training College, Addresses School

AUTHOR AND ESSAYIST

GEORGE E. WILKINSON

One of the exceptionally fine series of lectures in connection with the Provincial Summer School for Teachers opened yesterday when George E. Wilkinson, Dean of the English and speech department of the City of Leeds Training College, addressed a residential training colleges in England, gave an address on "Laughter." His unusually fascinating style, clear enunciation, sense of fun, and engaging treatment of the subject proved a splendid advertisement for the remaining lectures of the series, to be given from 2 to 3 o'clock each afternoon for the rest of the week, as follows: Tuesday, "Poetry"; Wednesday, "Literary Children"; Thursday, "Canadian Adventure," and Friday, "Buccaneers and Pirates."

In addition to the foregoing Mr. Wilkinson will give a public lecture this evening at eight on "Humorous Books."

Mr. Wilkinson is in Canada this summer as the guest of the National Council of Education, and has already given a week's series of lectures each at the Provincial Summer School for Teachers at Winnipeg and Edmonton. He is quite in his element among teachers, who constitute the student body at the summer school, as the Leeds Training College is the largest residential training college in England, and his department plays a foremost part in preparing students for taking up teaching appointments in the schools throughout the country.

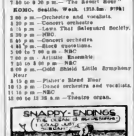
EXPERIENCED TEACHER

He had a sound practical grounding in educational work, beginning as a pupil-teacher himself, and thereafter being successively a teacher in an elementary school, a pupil-teachers' centre, a secondary school and a training college. From this he progressed to adult education. He has taken classes in technical evening schools and in non-vocational adult centres, and is now English lecturer for the Summer schools organized for the University Extension Board and by London University.

During the last few years the National Union of Teachers has turned its attention to the educational side of its work and has taken up the idea of a refresher course. A list of lecturers has been prepared and this list is sent to the teacher centres, here who are making more and more use of it to organize short courses, week-end lectures and Summer school and refresher courses. He has been in demand in this movement and has been chief lecturer at Scarborough, Hull, East Riding, Spennymoor, South Shields, Northwood, Dudley, Bath and South Wales, Ipswich, Huddersfield and elsewhere.

In England the British Broadcasting Company has made him familiar as a travel lecturer and speaker on literary subjects. He is also an author, essayist and journalist, being reviewer of travel literature and literary subjects for The Listener and The British Columbia Journal. He is the author of "How to Study Literature" in the Outline series published by Longmans, this series having been devised for adult students.

"Books are a mighty good thing



Farmer's Wife Benefited

"A farmer's wife is always busy and I have a big garden to cultivate all summer. I used to feel weak and tired but since I have taken Lydia E. Pinkham's Vegetable Compound I can do all my work alone. Every day I speak of the good your Vegetable Compound has done in making me rosy and strong as I was at 18. I tell write to any women in French about the Compound."—*Madame Irenee Fortin, Sainte Angele de Laval, Co. Nicolet, Quebec.*

Lydia E. Pinkham's Vegetable Compound

BEBE DANIELS AND OTHER STARS TO BE HEARD THROUGH KOMO

At 6.30, Pacific standard time, this evening regular Radio Guild broadcast by Bebe Daniels, Raymond Mauriel, Bert Wheeler, Dorothy Lee, Robert Woolsey and the whole singing entourage of Paramount stars, whether the entire score from the stages on which "Dixiana" and "Paramount on Parade" was produced.

Victor Barravelle will open the thirty-minute period with an overture followed by the colored ensemble singing. "Mr. and Mrs. Sipp!" Raymond Mauriel and the ensemble will then give you "Goodbye Old Pal." Next will be Bebe Daniels singing "A Year, A Kiss, A Smile."

Dorothy Lee and Bert Wheeler will broadcast their hit number "My One Ambition Is You," followed by a stage combination of "Dixiana" songs by Barravelle's orchestra.

The last section of the programme will open with "Dixiana" sung by Bebe Daniels and the entire ensemble, closing with the finale in which the entire company will take part.

The period will take the air under Eddy and Victor Barravelle. Teddy the direction of Mr. Le Baron, Don Maxwell, are coast announcer, will be the story and continuity.

This will be broadcast by the N.B.C. station, KGW and KOMO.

PRESIDENT TO PASS ON DEBT SETTLEMENT

Senor Ortiz Rubio, of Mexico, May Find Amendments Unworkable Before Acceptance

By A. SLAWYTARA PARTON
(Canadian Press Staff Correspondent Daily News Bureau Service)

MEXICO CITY, July 28.—While interested circles are jubilant over the debt agreement signed in New York last week by Thomas W. Lamont, as chairman of the international committee of bankers, and Luis Monteir De Oca, Mexican Finance Minister, it is stated unofficial approval to President Ortiz Rubio will be necessary before acceptance is announced, declares a newspaper here. Unofficial or semi-official authority There is a belief that there will be delay upon examining this settlement of the Government's attitude. This as well as the National Railways' obligations, will find considerable favorable, it is explained.

Whether the debt negotiations is hailed here as a great victory for Senor De la Huerta or not needed in the announced purpose to obtain a slashing reduction. New York correspondents of local newspapers quote confidential sources as to the terms of the interest on the debts of both the Government and the railways, amounting to more than $300,000,000, has been cancelled while the principal has also been considerably reduced.

First news of the successful negotiations registered a favorable reaction in the stock market and in banking and financial circles. The Mexican display disappointment relating to the settlement on the front pages with screaming headlines, giving an optimism that is beneficial for business interests which have been suffering from a heavy depression.

EGG LAYING CONTEST RESULTS TO JULY 24

Bird From Nanaimo Jingle Pet Poultry Farm Makes High for the Week

Movement of Stock Prices Irregular in New York Mart; Average Higher at Close

NEW YORK, July 28.—Flurries of buying and selling made the course of the stock prices irregular today, although the list, on the average, closed nearly a new low for the year. Safeway Stores also went into new low ground, closing nearly 7 points net low. Transamerica dropped more than 2 points. Kelsey Hayes lost 4 1-2 net. Amazonda, Kennecott, American Smelting and Calumet & Arizona were firm and moderately active. General Electric and Westinghouse Electric made extreme gains of about 3 and 3 points respectively. The former fielded all but 3-8 of Re rise. Total sales were 2,423,340 shares.

NATURAL GAS SANDS MAY BE RECHARGED

Gas Running to Waste at Alberta Oil Wells May Be Turned to Use

CALGARY, Alta., July 28.—A very interesting attempt is being made to recharge the depleted gas sand in Bow Island, Alberta. The injection of gas from other sands into a depleted horizon with a view to its storage there, either from the point of view of convenience or of quality for supplying peak load demands at other seasons of the year, or in the case of oil sands to assist in the removal of the oil, is no new practice but this is the first case where it has been attempted in Canada. The object here is to store surplus gas from Turner Valley that would otherwise be wasted, and thus, it is hoped, build up a reserve for the future, which can be easily drawn upon through the existing pipeline as required.

Two Summers ago experiments were made on a smaller scale, using gas derived from the Foremost Field. It was found that higher pressure than was then available was needed to force the gas into the sand and the necessary plant is now being installed to furnish this. If successful, this plant can eventually handle up to 50,000,000 cubic feet per day. It is generally found that higher pressure are required where water has encroached than is the case with similarly situated but dry sands.

CALGARY OIL NEWS

(By Internal Court & Co.)

CALGARY, July 28 — McLeod No. 8 recently completed in the Home sands was scheduled to start at midnight to drill through the cement, according to George Chaskey, manager of Home Oil. The well was to drill 15 feet in the sands at 4,882 feet.

Cleaning was continuing at McLeod No. 3 where production has been obstructed by numerous troubles. Progress has been favorable, although retarded by the tedious task of bailing large quantities of debris resulting from numerous "trouble shots" of nitro glycerine.

Wellington's Turner Valley well is producing approximately between 135 and 160 barrels daily, according to officials. The second separator which was added recently increased recovery by twelve barrels a day. Officials expect that this production rate will be increased when cooler weather comes.

At the company's adjourned annual meeting a few weeks ago, it was stated that on the basis of 200 barrels daily gross revenue in excess of $200,000 annually could be anticipated. At that time a resolution was subject to study by the new directorate under H. A. Brown, president, was adopted to the effect that 40 per cent of gross revenue be set aside for the payment of quarterly dividends. The balance of revenue would be devoted to operation, further development and royalty purposes. Details of this plan will probably be discussed at the resumption of the meeting to be held Tuesday evening in the Board of Trade rooms. In addition, financing of the second well on the same acreage in Turner Valley's section 30 will be decided. While directors will not disclose what recommendations will be placed before the meeting, it is known that sale of additional treasury stock has been considered as one means.

Royalite No. 16, Central Turner Valley, has been restored to normal production by successfully cleaning the hole. It was reported unofficially. If flow continues unobstructed for a few days, it is expected that the rig will be moved to Mayland No. 1 for cleaning for freeze-off production.

Dome, on subsease from Okalta, was drilling at last report at 154 feet. Surface casing will probably be set today or tomorrow.

Miracle, Southern Turner Valley, was drilling at 4,300 feet with formation uncertain.

Week and field reports stated drilling was continuing at Home No. 5 and Calmont No. 1, which are expected to enter production shortly.

Mercury No. 2 was circulating to clean for last production over the week-end, according to field officials. It is expected that the production will be restored in a few days.

Mercury No. 3 was running casing to the bottom of the well. Slight drilling necessities frequent mixing with the drills.

A press dispatch from Lethbridge states that preparations for the construction of a gas pipe line into the fields in the Sweetgrass area and Canada are being made by the Pope Engineering Company of Calgary, and engineering actual work is expected to start this week, say advices. The new line will connect with the present pipe line of the Northwest Utilities Company at Leland, Montana.

Tape Topics

A fractional increase in the average prices of leading stocks recorded yesterday in rails, industrials and utilities, All Financial news services report increasingly bullish sentiment. Sales on the New York Exchange were 822,382,000 shares.

The Transamerica Corporation published, yesterday, a list of its holdings, which total 332,858,000.

Canadian visible grain supplies for this week, last week and the corresponding period last year were as follows: Wheat, 25,672,000 vs. 25,661,000 vs. 26,057,000; oats, 4,066,000 vs. 5,240,000 vs. 12,310,000; barley, 17,662,000 vs. 17,729,000 vs. 7,467,000; rye, 7,393,000 vs. 7,187,000 vs. 2,926,000.

CITIES SERVICE CO. SHOWS BIG INCREASE

Net earnings of Cities Service Company to common stock and reserves June 30 were $9,450, and $3,81,842; and increase of 72.26 per cent over $2,212,388 for June, 1929.

Cities Service Company net earnings for the year ended June 30, 1930, amounted to $14,467,226, a high record for any twelve months period, and an increase of 46.11 per cent over $37,220,960 for the year ended June 30, 1929.

Net to common stocks and reserves for the year ended June 30, 1930, increased 63.51 per cent to $40,238,438, equivalent to $1.44 per share on the average to par common stock outstanding. This compares with net to common stock and reserves for the year ended June, 1929, of $24,609,542, equivalent to $1.13 per share on the basis of no par common stock.

The public utility companies reported gross earnings and net earnings in excess of those for the corresponding month last June.

In the oil division sales of refined production through the retail marketing subsidiaries continued to show satisfactory increase and the company announces the addition of two additional service stations which will give the company retail distribution in area which hitherto have been inadequately covered. Subsidiaries of the company completed forty-seven producing wells, twenty-four of which were in the Oklahoma City field. These wells had an average initial production of 8,000 barrels per day.

The oil production of the domestic subsidiaries for the first half of 1930 show an increase of 96 per cent over the preceding year.

MONTREAL PRODUCE

MONTREAL, July 28 — Butter, easier; cheese higher; eggs unchanged.

Cheese, Finest Westerns 18 3-4 to 18 1-4; finest Easterns 18 1-4 to 18 3-8.

Butter, No. 1 Quebec, 28 to 28 1-4. Eggs, fresh specials 40; fresh extras 37, fresh firsts 33.

Mexican Bonds Feature Market; Gain 5 Points

NEW YORK, July 28 — Only nominal interest was displayed in bonds today. The greatest demand was for stock privilege issues which followed the fluctuations of shares. Railroad conventions were steady during the early dealings.

Some heaviness developed among carrier mortgages. Second grade issues attracted more interest than usual, for the available supply of the latter has been depleted by the demand from banks and other institutions. Utilities were quiet and firm. The scale of buying of foreign issues fell below last week, but no change of trend developed, and small fractional gains were the rule.

The largest piece of new financing today was the $20,000,000 Pacific Gas & Electric Company's 4½ per cent issue. The offering syndicate quickly announced an oversubscription.

The sharp rise in Mexican issues, which seldom appear in trading in this market, was featured by the Mexican 5's and 4's gaining more than 5 points each on a few sales.

United States Government's were dull. Liberty fourth 4½'s, the most active issue, were unchanged.

MORE SILVER THAN GOLD PRODUCED, BUT VALUES MUCH LOWER

CHICAGO, July 28 — (N A N A) — Charles M. Harger, of the U.S. Bureau of Mines, has issued a most timely paper on gold and silver production.

World production of silver from the time of the discovery of America, 1493 to 1927, inclusive, has been more than 14,000,000,000 ounces and is about fourteen times the weight of gold produced during the same period.

But more silver has been produced since 1886, a period of thirty-nine years, than was produced in the preceding 856 years.

The great silver countries of the past were Germany, Austria, Hungary, Japan and Spain. Then silver was followed by silver production in large quantities in Bolivia, Peru and Mexico.

Then the United States began producing precious metals. While this produced considerable silver during the last half of the nineteenth century, it produced more gold than any other nation.

In spite of the fact that only fourteen times as much silver as gold (in weight) has been produced in the United States, today gold is worth about fifty times more than silver, for the ratio of value in gold stands at about fifty to one.

METAL MARKET

LONDON, July 28 — Standard copper, spot and futures £48 15s 6d; electrolytic, spot £51 10s. Tin, spot £155 17s 6d; futures £157 15s 6d.

Toronto Mining News

(Miller, Court & Co.)

TORONTO, July 28.—A survey of gold deposits in the Larder territory east of the Rouyn copper-gold area indicates an important gold mining field may be in the making. The area of promise is extensive and features similar to Kirkland Lake and Porcupine. For the time, chief interest will be on such enterprises as Pandora Gold Mines, O'Brien-Cadillac and other adjoining properties because of the spectacular results secured. But a complete survey reveals even greater possibilities than the large group of properties in the Cadillac section would suggest. Any survey of the easterly area must of necessity include the property of Mainville Gold Mines in the township of Malartic. Despite the fact that Malartic is idle, the limited underground work carried out has been sufficient to place a considerable tonnage of ore in sight. Not since the early mining record of results compares favorably with those secured at Malartic almost any successful gold mine. Why the Malartic property was permitted to fall into idleness has remained a mystery. This reference is to possibilities of Malartic Gold Mines is not based upon the general results of the property or shareholders, but is backed by the opinion of a mining man and engineer of eminence who knows more about the property than any other individual. Recent reports have suggested possibilities of early sale of the mining interests of Canada becoming associated in part for the financing of Pandora Gold Mines on a big scale. The cash position of the diamond drilling are sufficient to warrant such participation. It is believed that such consistently favorable results as have been obtained in the gold property in this country, and that it is believed reasonable that plans for work on a big scale are warranted. As for the O'Brien-Cadillac, the M. J. O'Brien is a $15,000,000 corporation capable of carrying through to a finish any mining enterprise entered into. Much of the success achieved by the corporation has been in mines such as the Cadillac, where the ore occurs in the silver fields at Cobalt and the Michipicoten-Lake-O'Brien district of Canada. These interests have been responsible for the Cadillac gold mining plan for Pandora and probably a million dollars for the Dallas-O'Brien are slated for the next few months and although the gold district shapes up as the making of a gold field for the Province of Quebec.

SISCOE GOLD

Siscoe Gold Mines is recovering sufficient gold to take care of its operations as well as to show a small profit. Meantime, plans are under way shortly to be under way through which the capacity of the mill will be increased, while a general expansion in underground development and ore reserves is also looked for.

VIPOND CONSOLIDATED

There is considerable difference of opinion in connection with Vipond Consolidated Mines, for the future. Some are of the belief that the large output for the first three current year are paving the way to early dividend distribution. Others are not of the belief that the concern will continue to add to surplus on such a large per of the profits in efforts to develop more to larger production. With profits having recently been more than satisfactory, and provided officials decide to declare profit distributions, there are good indications that the concern may begin to pay dividends. Cash in hand is about $1,000,000 by the end of the current year, which is a substantial sum with the outlook at the mine much improved, especially in so much as it permits a modest dividend position in event of a reduction in profits and still leave a working capital with which further to develop the mine to still larger production.

At a meeting of International Nickle, a stock increase was ratified, and President Sanford and the company could maintain the present dividend for an indefinite period, even under present conditions.

Gold Shipments To Canada From N.Y., $8,500,000

NEW YORK, July 28 —The Bank of England announced today the shipment of $3,000,000 in gold to Canada. This was the first shipment that the Bank of Montreal has made in the current movement and brought the total of the movement of the metal to Canada to $8,500,000.

PROCTER & GAMBLE ACQUIRE HEADLEY, LTD.

CINCINNATI, July 28. — The general offices of the Procter & Gamble Company today confirmed a report that the Thomas Headley, Limited, London, largest independent soap manufacturer in Great Britain, had been brought under Procter & Gamble control.

Officials said the London concern will continue to manufacture the same kind of soap it always has made, in addition to making Procter & Gamble products for European distribution.

MONEY MARKET

LONDON, July 28—Money, 1-4 per cent. Discount rates: Short bills, 3 3-8 @ 2 7-16 per cent; three months, 2 1-2 per cent.

Many Kootenay Mines Are Closed Due to Low Prices

Industry in Southeastern Portion of British Columbia Reviewed by Provincial Mineralogist in Semi-Annual Report—Summarizes Activities on Leading Properties

Low metal prices have had a more serious effect in the Kootenay Mining sections than in any other part of the province, according to J. D. Galloway, Provincial Mineralogist, in his semi-annual review of this industry in British Columbia. Many of the mines, particularly in the Slocan, Ainsworth and Nelson divisions, have been forced to close down, and Mr. Galloway states there is little hope of them being reopened until there is approximately a 20 per cent increase in the prices of lead, zinc and silver.

Mr. Galloway's report follows:

The effect of low metal prices has been more severely felt in No. 5 district than anywhere else in the province. The Slocan and Ainsworth mining divisions have been the most severely contributed varying amounts of silver-lead-zinc ores and the Nelson division. Both in these two divisions, there were thirty-six shipping mines, of which detail shipped from 4,000 to 23,000 tons. Practically all these mines have closed down, leaving several hundred men out of employment. There is but little hope of these mines being reopened until there is approximately a 20 per cent increase in silver, lead and zinc prices.

OUTPUT IS HIGHEST

The principal producer now is dividend is now mainly silver, lead and zinc, which in the year 1929 was the Sullivan Mine. A slight increase in output from the Sullivan was necessitated for the shutting down of many small properties in the Slocan, and the fact that the main reason that production from this district does not show a greater decrease is at a somewhat higher rate than in 1929. The Sullivan has, however, the extra production from the Hercules mine, a custom treatment for the many men thrown out of employment at the Hercules and Standard properties.

In the Slocan, economics effected in working costs by larger-scale operations at the Bosun and also due to some extent effect low prices for lead and zinc; and this mine is primarily credited as being as low-cost producer of lead and zinc as any mine in the world. About 3,500 tons daily are being milled.

Another important operation is that of the Monarch at Field, which was brought into production late in 1929. This property has high-grade gold-silver ore and will be able to operate in spite of low metal prices. The mill is treating 100 to 225 tons a day and the management states that with adequate ore and mine opportunities is being steadily marketed. Development has been quite satisfactory, but, until metal prices improve, the mill will be running the mill capacity will be held in abeyance.

Ore in the Slocan, a small production has been made by lessers working in the Rambler-Rambler, Ghelers Ajax Farm and Bosun properties.

The Reno and Cronin-Gould Mines in the Nelson division contributed heavily gold ore and some lead shipments are expected in the future.

ACTIVITIES REVIEWED

The following notes submitted by the Provincial engineer summarize briefly other activities in the district:

In the Golden, mining division exploration of phosphate properties on Goodsir Creek, near Golden, east, are being continued by the Consolidated Mining & Smelting Company; mine activities have been suspended on the following: Kootenay King, B. and V., Homestake, Silver Cup and Victoria claims on Wildhorse Creek by W. A. Drayton.

In the Slocan mining division activities are mostly suspended awaiting better condition of metal prices. The general situation is as reported in the annual report for 1929. Lessers are working in the upper levels of the Ruth-Hope and Noble Five and the Galena Farm. At the Mammoth a small crew is engaged in development work on No. 4 level. Production from the new mill is awaiting better metal prices. Small crews of men are working in the following mines: Bluebird, Black Cat, Alamo and Van Rot. At the Bosun three sets of lessers are working on the upper levels.

RESULTS ARE ENCOURAGING

The leading property operation in the Ainsworth division is that being conducted by the Consolidated Mining & Smelting Company on the Comstock and Bellevue Chief claims which adjoin the Blue Bell Mine property to the north and south respectively. Encouraging results are reported. At the Mineral Dyke the same company has a small crew engaged in driving a cross-cut tunnel to test the platinum bearing deposits at depth. At the Whitewater lessers are working in the old upper levels. In the Keen Creek area exploratory work is being continued at the Revenue with a small crew, and minor activity has also occurred at the Silver Bear. Adjoining the Kootenay-Florence, which is shut down, work was recently initiated at the property of the Princess Creek Mining Company, Limited. In the Hoosier Lake and Duncan River areas work is being continued on a small scale at the Riverside and President properties. In the Poplar Camp work has been resumed at the White Eagle.

In the Revelstoke mining division considerable activity is reported in the Big Bend section among prospectors owning claims, as a result of the road construction which is expected to reach Downie Creek this Fall. East of Revelstoke exploration is being carried on at the Silverlake and at the property of the Royal Silver Mines, Limited. Prospecting activity is reported in connection with mining properties on Tangier River, north of Albert Canyon. South of Revelstoke exploration is being continued at the Wigwam.

MILL BEING INSTALLED

At the True Fissure property in the Trout Lake mining division, active preparations are under way for the installation of a 100-ton concentrating mill and a hydro-electric plant. Adjoining the True Fissure the Great Northern property has been under development with a small crew. Near Poplar work is to be resumed shortly at the Spyglass property.

In the Nelson mining division, at the Goodenough Mine near Ymir, encouraging results are being obtained through the diamond drilling carried on by the company employed on development and stoping ore for shipment. On Wilsonview Creek work has been resumed at the Wilsonview property by F. A. Reinhard, representing California interests. At the Reno thirty-five men are employed at the mine and mill. The property is now well equipped for a comprehensive development program.

All activity has been suspended at the Lucky Jim-Queen Mines pending consideration of future plans. At the Second Relief, on Bear Creek, milling was temporarily discontinued while the crushing machinery is being repaired. In Wisconsin property on Midge Creek was recently investigated by Eastern engineers and some activity is expected to be forthcoming. Development is proceeding at the Bayonne under the direction of R. N. Sharp.

At the Molly Gibson on Kokanee Creek, work has been started by the Consolidated Mining & Smelting Company on a large development project to be spread over several years. A crosscut, 1,000 feet in length, is to be driven to gain a depth of 1,000 feet on the upper workings, followed by a large amount of drifting and raising. A crew is engaged on construction of camp buildings and installation of machinery.

At the Hunming Bird, a gold prospect south of Nelson, work was recently started by E. B. Rowley, representing Coast interests.

AT TRAIL SMELTER

In the Trail Creek mining division, the new slag fuming plant nearing completion, is expected to be started about the end of July on a basis of fifty tons daily. Excellent progress is being made with the new Electric plant and the site of the plant on Warfield Flat, above the smelter, is the scene of intense activity. Seven large steel structure buildings have already been erected including a large machine shop, a warehouse, research laboratories, and office. Wide excavation is proceeding for the foundations of the numerous other units of this great undertaking which is now estimated to cost $15,000,000.

The steel structure for the millphuric acid plant is now complete and is expected to be in operation at the end of the year on a basis of 300 tons of acid a day.

The first section of the phosphoric acid and triple-superphosphate plant is expected to be running by January 1, and the ammonium phosphate plant should be in operation some time next year.

Small scale operations have been conducted at the Fairview group of properties near Rossland. Snowdrop, I.X.L., O.K. and Midnight.

FRENCH ON ITALIAN BORDER ARE CALMED

Government of France Takes New Defensive Measures Along Frontier in Alps

By PAUL MORRER

(Copyright, 1930, by The Chicago Daily News Foreign Service)

PARIS, French, July 28.—Thanks to the energetic defensive measures taken recently by the French Government along the Italian Frontier in the Alps, the population of those regions is now "breathing easier," according to the Paris newspaper Le Matin.

"Was something, then, threatening them?" this newspaper asks itself given the answer: "Perhaps."

Among the measures noted by the following: Reinforcement of all garrisons; frequent troop movements; repairing of mountain trails; construction of lateral roads connecting valleys and the defence of these new roads by blockhouses; manoeuvres of Alpine troops in the upper mountains, and the appearance of squadrons of armored cars on the roads.

MAN FOUND DEAD IN PARK

VANCOUVER, July 28.—Hanging by a rope attached to a tree in Stanley Park, the body of an unidentified man was found at 5 p.m. today. As yet police have not obtained no clue to his identity. No papers or documents were found on the body.

Men sew and reap; women sew and rip.

3 IN MEMORIAM

STEWART—In loving memory of our beloved daughter and sister, Christine Stewart, who died July 29, 1929.

She took no one for last farewell,
She left us all in pain;
Her smiling face we see no more,
Nor hear her voice again.
Time has flown on and some
Those who loved her most dear,
Grace, Hilda, and little sweetheart Cornelia.

Health and Diet Advice

By DR. FRANK McCOY

FRUIT BEFORE BEDTIME

Many persons enjoy eating small portions of fresh fruit before bedtime and find that this helps them to sleep better and improves the bowel elimination in the morning. The action of the water, cellulose and fruit acids encourages the peristaltic action of the bowels during the night in a mild stimulating way that is far superior to the use of cathartics.

It is the custom in many foreign countries to eat six or eight meals every day, and although I do not advocate overeating, it seems that these people do well, provided the meals are not too large or heavy. Nervous people often find it helpful to take four or five small meals a day rather than two or three large ones. Whenever more than three meals a day are eaten it is much better to make at least every other one a fruit meal.

The average meal leaves the stomach in about four hours, and for this reason all heavy meals should be spaced at least four or five hours apart. Fruit or fruit juices when used alone leave the stomach more rapidly. For this reason, when one is on a fruit juice or other liquid diet it is equally advisable to take the feedings at exact intervals of two or three hours apart.

Those who feel an appetite between meals or at night may use one kind of fresh fruit without injury. This is much better than filling up on sandwiches or sweets between meals. A very fine afternoon snack is just to use a slice of watermelon or cantaloupe. In a mode rather than a lobster Newburg, an difficult to digest.

The fresh fruits should be used in season. Not only are they least expensive, but are most wholesome and flavorable at the height of the crop. Melons, cherries, apricots, grapes, peaches, berries, bananas, figs, plums, etc. are now abundant, and you should take advantage of their healthful food values.

It should be remembered that fruit is taken best by itself and not with a meal containing heavier foods. The acid of fruit never seems to combine well with the starchy mixtures of an ordinary meal, and when used together fermentation begins. Yet, on the other hand, eating plenty of fruit is a healthful habit, and we all seem to like the juicy fresh fruit in the Summertime.

The best plan is to make a meal of fruit by itself. Those who have an appetite at night may use fruit with no fear of harm, but this should not be sooner than about three or four hours after dinner. This is a much better way to fill up late at night than to raid the icebox. Another good plan for the warm days is to use only some of the fresh acid fruits for lunch.

This has a cleansing and cooling action on the blood stream, and as the fruit juice and fruit leave the stomach rapidly, it is all right to use a little more in the afternoon, preferably of the same kind of fruit, permitting at least an hour to elapse before the evening meal.

Get into the habit of helping yourself to some fruit before going to bed, if you are hungry. It is a good habit if you follow the instructions which I have just outlined.

Correspondents wishing to communicate with Dr. McCoy should address letters: Dr. Frank McCoy, c-o. McCoy Publications, Inc., 480 South Ardmore Avenue, Los Angeles, Cal. A self-addressed, stamped envelope should be enclosed for the reply.

Abraham Lincoln was resting with his manager in a hotel lobby. As usual the village dudes had congregated there, and one, bolder than the rest, remarked: "Mr. Lincoln, your speech was good but there were some points quite beyond my reach."

The simple Lincoln looked up and chuckled: "I'm sorry for you. I once had a dog that had the same trouble with fleas."

But, madame, you cannot marry again. If you do, your husband has clearly specified in his will that his fortune will go to his brother."

"Yes, I know. It's the brother that I'm marrying."

D. B. Plunkett and C. H. Dickie Have Large Majorities

Continued from Page 1

Eligible to vote in Victoria at a Dominion general election were some twenty-two thousand voters, 80 per cent of whom exercised the privilege. At the last Federal election, in 1926, there were 16,734 electors on the list, of whom 10,805 voted, or about the same percentage of the list recorded this time. Mr. Plunkett's majority of 3,210 may be increased on the official count this morning.

The city polls reported in as follows:

REMOVES STING FROM BURNS AND SCALDS!

Despite every precaution, most of us receive our share of burns and scalds — getting something hot . . . splattering grease . . . kiddies playing with fire . . . we never know when our turn is to come. And how vitally important it is that a bottle of Absorbine Jr., is handy—always!

Applied instantly to the parts affected, Absorbine, Jr., takes out the sting and aids Nature to heal quickly and effectively. Splash it on freely and often to get the best results.

Absorbine, Jr. is a highly concentrated antiseptic and germicide which soothes the raw, tender skin . . . allays inflammation . . . and removes danger of infection . . . It is not greasy and does not stain the skin. Get a bottle at your druggist's—price $1.25—you'll be delighted!

Yukon—George Black, Conservative, elected.

The Jimmy woman was arguing with the shoemaker over the price of a rabbit. After inspecting several, she said she could not see one that had been shot, or trapped. Puzzled as to what she did require, the shoemaker had his temper picked up another, and said

"Here, mama, have this one—it's been frightened to death.

Liberals Win Three Seats In Vancouver City Area; And Lose East Kootenay

Continued from Page 1

enay East. In Cariboo the Conservative candidate is leading by a fairly large majority.

LOWER MAINLAND

Notable parliamentarians went down in defeat in Mainland coast ridings in today's voting. Included in the list are Hon. H. H. Stevens, representative of Vancouver Centre for nineteen years and victor of many warmly-fought campaigns in the past. A former cabinet minister, Mr. Stevens was one of Hon. R. B. Bennett's lieutenants in the House of Commons and in the present campaign.

A notable Conservative figure to fall of election is General A. D. McRae. Dominion organizer for his party, General McRae was defeated in Vancouver North.

Leon J. Ladner, who represented Vancouver South as a Conservative in Parliament for nine years, also failed of election. Angus MacInnes, Labor, who had Liberal support, was elected.

Hon Ian Mackenzie, who headed the poll in Vancouver Centre, was a recently appointed Minister of Immigration and Colonization. He was a former member of the Provincial Legislature and this was his first advent into the Federal arena.

Majorities of yesterday's election in British Columbia were

Vancouver Centre—Hon. Ian Mackenzie, Liberal, 1,964.

Vancouver Burrard—W. F. Hanbury, Liberal, 3,786.

Vancouver North—A. E. Munn, Liberal, 1,820.

Vancouver South—Angus MacInnis, Labor, 402

New Westminster, Thomas Reid, Liberal, 1,722.

Fraser Valley—H. J. Barber, Conservative, 221.

Yale—Grote Stirling, Conservative, 2,628.

Victoria City—D. B. Plunkett, Conservative, 2,116.

Nanaimo—C. H. Dickie, Conservative, 3,385.

Kootenay West—W. K. Ealing, Conservative, 1,805.

Kootenay East—M. D. McLean, Conservative, 374.

Comox-Alberni—A. W Neill, Independent, 1,076.

Skeena—Olaf Hanson, Liberal, 187 (incomplete, fifty polls missing).

Cariboo—H. G. Perry, Liberal, 104 (incomplete, 102 polls missing).

Yukon—George Black, Conservative, 243.

Beautiful City In Turkey Hard Hit by Tornado

ISTANBUL, Turkey, July 29. — This nineteen capital of the Ottoman Empire and treasure store of Moslem architecture tonight was a mass of fallen minarets, domes and roofs, blown over by a tornado that killed twenty persons and injured hundreds yesterday. Fourfifths of the houses in the city, which had a population of, 10000, were destroyed in the tornado, which spared the roofs of big government buildings, but literally tore out windows and doors. Official documents were whirled out through the streets like a snowstorm. After the tornado hailstones the size of walnuts poured down. Crops in the surrounding country were ruined and trees uprooted.

WHATEVER YOU FORGET
. . . REMEMBER THE KLIM

When you're miles away from the nearest dairy —out in camp, at the summer cottage, on lake or motortrip—KLIM is the one thing you won't want to be without. Fresh, full-cream milk for tea, coffee, cereals and fruit. Milk that the children will love to drink. Milk for cooking and baking. KLIM provides it just as you need it. Simply add water and you have an instant supply of delicious milk, of fresh-from-the-dairy goodness and flavour. Because it is in powder form, KLIM keeps without ice, will not sour and is very easy to carry.

Send 10c for generous sample and ask for the free booklet on "Camp Cooking".
